AUTO KILLS MAN; DRIVER HELD

TWO OHIO MOTORISTS DROWN IN CREEK

Today

A Brave Young American.
Long Lost Atlantis.
Mr. Williams Turbine.

By ARTHUR BRISBANE

(The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review-Tribune.)

Copyright, 1926, by the Star Co

CADET WILLIAM POINT, a brilliant young West Point graduate, was burned to death in an airplane with his superior officer, Maj. William L. Moose. A farmer who saw the plane's destruction describes the hkeroism of the young West Pointer. He was thrown clear of the plane as it landed, not caught in the gasoline explosion with Maj. Moose. Seeing the plight of his friend, he ran within the blazing circle to extricate him. Twice he was forced back by the heat and fumes. He went in a third time and did not come out. Both were burned to death.

A FINE young American was lost in that "accident." The question is was it an accident, or another sample of official airplane recklessness and incapacity? Such men are too valuable to be risked in death traps.

A GERMAN scientist says the long lost island of Atlantis was located in what is now the Sahara desert, in the Algerian Salt swamps called Shottel Jerid. He has proofs that convince you. Atlantis, referred to by many ancient writers, may have been an oasis in a desert, but it is probabl that the salt marshes of today were once an ancient sea, with "fabled Atlantis' rising above it.

Mountains now stand where the ocean's bottom once was. The chalk cliffs of England were manufactured by marine animals, then pushed up above the water. The surface of the earth has risen and fallen, like bread in an oven.

MACHINE building is the only thing that human beings do really well at this time, including machinery to kill each other. Amazing is a new machine soon to work for the Edison company in New York, described by Arthur Williams in a radio talk. One single turbine will cost nearly two million dollars, and be twice as powerful as any similar unit in existence. Twenty years ago that machine would have supplied enough light for all New York.

This giant turbin, weighing more than a million pounds, eats up one thousand pounds of coal every minute, but uses it so economically, on power production, as to save for more fuel than it actually consumes.

The real solution of material problems is in man's mechanical genius.

THE French debt settlement will be delayed because Britain urges France not to settle with America until she has arranged her debt with Britain. Caillaux has shown, by his treatment of Berenger, that he does not think much of the proposed American settlement anyhow.

THERE is a difference between the French-British and the French-U. S. A. debt. French fighters, at the beginning of the war, held the Germans back from the channel, and probably saved Britain a visit by the kaiser. British billions were lent to France, to save Braitain.

Uncle Sam, on the other hand, represented in Europe by President Wilson, was a sort of international easy mark, lending to anybody. No one will suggest that this country was ever in

THREE ESCAPE AS THEIR CAR PLUNGES FROM ROAD BRIDGE

Fostoria and Findlay Men Killed Near North Baltimore.

VICTIMS MARRIED

Meet Death in Mud as Machine Lands Bottom up.

TOLEDO, June 29.—Charles Courtney, 40, of Fostoria, and John Holdman, 65, of Findlay, Ohio, were drowned early today when their automobile plunged into a creek at a bridge just outside of North Baltimore, Wood county.

Mrs. Clara Edwards and Clarence Edwards, both of Findlay, and Ella Moore of Bellevue, Ohio, the other occupants of the car, were slightly injured when they were thrown from the machine.

Loses Control of Car.

Courtney was driving the car, sur[illegible] C. S. McCoy, North Baltimore undertaker. He lost control of the machine, an open car, as it was passing over the bridge and the car went over the side bottom up.

Pinned between the windshield and the back of the front seat Courtney and Holdman were drowned in the mud and ooze in the bed of the creek before aid could reach them.

The three survivors managed to crawl out of the wreck and made their way to the bank where they screamed for help.

Several farmers living nearby responded to the cries but found the two men under the car already dead.

Both Courtney and Holdman are said to have been married, Courtney had two children and Holdman three.

Mrs. Edwards, her son, Clarence, and Miss Moore returned to Findlay early today.

The bodies of Courtney and Holdman are being held here pending instructions from their families.

Farmer is Auto Victim.

NEW LEXINGTON, June 29.—Jessie Skeens, 36, farmer, is dead today as the result of an accident late last week when the car in which he was riding struck a bridge, went through a fence and upset on the New Lexington-Somerset road.

Francis Masterson, 33, driver of the car, is being held in New Lexington jail for investigation. Skeens leaves a widow and six children.

THREE MEN PAY FINES IN COURT

Fines of $1 and costs each were assessed against John Sheffler, Donald Allison and E. A. Siddell by Municipal Judge Hanley today upon traffic law violation charges. They are alleged to have driven through the red block in the light at the corner of Fifth street and Broadway.

A similar charge has been preferred against H. R. Scott, who is charged with having ignored the signals at Fifth and Market streets.

Charges of driving without license plates, filed against Dale Walters, were dismissed by Judge Hanley.

David Coleman, Sophia street, has been arrested upon a charge of malicious destruction of property, filed by John S. Miller, Rock alley. Coleman is alleged to have caused $10 worth of damage to Miller's automobile.

$12,000 in Gems Stolen From Parked Auto in New York

NEW YORK, June 29.—A bag of gems, valued at $12,000, was stolen from his automobile while it was parked in front of St. Patrick's Cathedral, W. H. Vanderpool reported to police today.

U. S. STEEL STOCK HITS $140 MARK

NEW YORK, June 29.—United States Steel Corporation stock sold at $140 a share on the stock exchange today—the highest price in its history.

$40,000,000 Power Plant Will Be Built At Shippingport

Duquesne Light Company, Pittsburgh, Announces Work Will Begin Next Spring on Structure.

Work will be started next spring at Shippingport, Pa., on the Ohio river, 12 miles east of here, on a $40,000,000 power plant, one of the largest in the world, according to the statement today of officials of the Duquesne Light company, of Pittsburgh.

James M. Graves, vice president of the Pittsburgh firm, made the announcement when he came to Beaver county with several hundred other leaders in the power industry from western Pennsylvania and eastern Ohio, to take part in the celebration attending the linking of the Mississippi valley with Boston by one continuous power system.

The last link of the huge power system, built jointly by the Duquesne Light company and the Pennsylvania-Ohio Electric company, has just been cut in. It carries 66,000 volts.

"Ground-breaking on the Shippingport plant," Graves said, "will be done next spring. While plans have not been drawn up our engineers are working on the preliminaries for a great power plant of the mine-mouth type."

JASON NEVILLE, 84, CIVIL WAR VETERAN DIES; FUNERAL THURSDAY

Served as Pilot, Captain and Engineer on Ohio River Boats After Rebellion.

Jason Neville, 84, Civil war veteran, died last night in his home, 128 East Fourth street, after a 10 days' illness of a complication of diseases.

Mr. Neville, who was born in Industry, Pa., enlisted with six brothers from Beaver county on April 19, 1861. He was mustered into service at Harrisburg on June 19 as a member of Company F, 10th regiment, P. R. V. I., recruited mostly of men residing in the western counties of Pennsylvania.

The regiment, which was later assigned to the Third brigade, participated in the engagement at Dranesville, Va., December 20, 1861, and early in the following year marched in the advance on Manassas. Later the company was merged with the First division, Fifth army corps, Army of the Potomac, and took part in the following engagements: Seven days' fight, including Mechanicsville, Gaines Mills, Charles City Cross Roads, White Oak Swamp, Second Bull Run, South Mountain, Antietam, Fredericksburg and Chancellorsville.

FORMER MOVIE ACTRESS IS HELD FOR HOMICIDE AS DRUG VICTIM DIES

Cincinnati Auto Toll Goes to 61 as Widow is Killed

CINCINNATI, June 29. — With the death of Mrs. Mollie Benison, 68, a widow, the result of being run down by an automobile, the 1926 traffic toll climbed to 61 today. Albert Schad, said to have driven the car, was charged with manslaughter. Police said they learned the woman was crossing a street when struck by the automobile, which was traveling at a high rate of speed.

Eight other persons, injured by automobiles, were in hospitals today.

Observe Traffic Lines, Director J. W. Moore Requests

Service-Safety Director J. W. Moore today called upon automobile owners to observe the traffic lines which have been marked on the street at the intersection of West Fifth and Jackson streets.

Inasmuch as all turns are permitted at this corner, motorists are urged to keep to the right. Pedestrians are advised to keep within the cross walk lines and carefully watch for approaching automobiles before crossing the street.

The safety department has also worked out a marking arrangement for the intersection of Lisbon and West Eighth street. Four driveways are to be marked on Eighth street, two of them for the Wellsville road traffic and the other two for automobiles traveling Lisbon street. This is regarded as one of the most dangerous thoroughfares in the city.

$10,000,000 Rushed To West Palm Beach To Stop Bank Runs

WEST PALM BEACH, Fla., June 29.—The movement of $10,000,000 in cash in armored motor cars from Miami to West Palm Beach during the night became known this morning when all banks in the city, with the exception of the Palm Beach Bank & Trust company and the Commercial Bank & Trust company, opened their doors in the face of crowds through which excitement ran high. With the emergency supply of cash available, bank officials were confident the near-panic among depositors would rapidly subside.

The Palm Beach Bank & Trust company, it was announced today, probably will reopen within 60 days.

Undertaker, Who Buried 4,795, Dies.

URBANA, June 29.—During the 47 years he was an undertaker, the late Albert Froome, 68, Saint Paris, near here, officiated at 4,795 funerals. Funeral services will be held this afternoon for Froome, who died Sunday.

Miss Josephine Leonard, New York, Admits, Police Say, That She Gave Morphine to Widow.

NEW YORK, June 29.—Miss Josephine Leonard, 32, an attractive former picture actress, was arrested today and charged with homicide. She is held responsible for the death of Mrs. Elizabeth Chandler, 33, a widow, who succumbed early this morning to drugs.

Miss Leonard admitted, according to police, that she supplied the drugs to Mrs. Chandler.

Police said Miss Leonard told them that she and a mutual friend, Harold A. Schleitz, 38, a motion picture operator, called on Mrs. Chandler last night. The widow, she said, complained of severe pains, the result of an accident a year ago which "caused her to use morphine." The actress said she gave her several morphine tablets to ease the pain.

All three retired for the night, each going to separate bedrooms. Early today Mrs. Chandler began groaning. Schleitz summoned a taxicab and Mrs. Chandler was rushed to a hospital where she was pronounced dead.

POSSE JAILS BANK BANDITS

Three Negroes Captured After Hold-up at Carey.

CAREY, June 29.—Three Negro bandits who attempted to escape on foot after successfully robbing the First National bank here in broad daylight today of $1,500, were captured 45 minutes later on a farm near here by members of a posse. The money was recovered.

The men, subdued after an exchange of shots, gave their names as Tommy Right, 21, of Baltimore, Md.; Henry Thomas, 26, of Roanoke, Va., and Tom Davis, 26, of Memphis, Tenn.

The posse was formed immediately after the bank's officers sounded the alarm and took up the trail of the desperadoes.

The pursuers caught up with the bandits on the farm of Guy Stuphin, one mile northwest of here.

More than a score of shots were fired between the posse and the fugitives before the bandits surrendered.

YOUNGSTOWN BANS FIREWORKS SALE

YOUNGSTOWN, June 29.—The sale of fireworks of all kinds, even firecrackers and sparklers, was banned today by Acting Mayor W. B. Lewis.

VANGUARD GOES TO SEASHORE FOR POTTERS' ANNUAL MEET

N. B. O. P. Officers Leave for Atlantic City.

10-DAY SESSION

Convention Will Open at 9 O'clock Friday Morning.

Four of the five western members of the executive board of the National Brotherhood of Operative Potters left East Liverpool today for Atlantic City, where they will complete arrangements for the opening of the thirty-sixth annual convention in Odd Fellows' hall, New York avenue, at 9 o'clock, daylight savings time, Friday morning.

The vanguard included President John T. Wood, Secretary-Treasurer John D. McGillivray and Second Vice-President George Chadwick, all of East Liverpool, and Sixth Vice-President Thomas Woods, Sebring. Seventh Vice-President Frank Hull, East Liverpool, will leave tonight, while Will T. Blake, editor and business manager of The Potters' Herald, official organ of the brotherhood, will make the trip on Wednesday.

[illegible] Wednesday and Thursday. Eastern members of the executive board who will attend these sessions are: First Vice-President George H. Cartlidge, Trenton; Third Vice-President William Young, Trenton; Fourth Vice-President S. M. Moore, Trenton, and Fifth Vice-President Joseph Smith, Philadelphia.

Delegates Leave Thursday.

Organization work will be taken up Friday. Adjournment will be voted at noon Saturday and no further meetings will be held until 9 o'clock Tuesday morning, Monday being observed as a holiday in the coast resort.

Delegates from the western district will leave for Atlantic City Thursday morning. In order to make connections with the B. & O. train, which leaves Pittsburgh at 8:20 a. m., delegates must leave East Liverpool on the 5 a. m. C. & P. train or the 5:20 a. m. interurban car to Beaver.

The convention will be in session for about 10 days. A proposed wage scale to take the place of the present agreement which expires on October 1, will be the principal matter for consideration.

Father Claims Body Of Thomas Tackett, Ohio River Victim

Body of Thomas Tackett, 22, bricklayer, who was drowned in the Ohio river Sunday afternoon in an attempt to rescue Miss Irene Kibble, 21-year-old bather, was shipped to his former home at New Boston, suburb of Portsmouth, this morning.

J. M. Tackett, his father, arrived here last night and claimed the body. In addition to his father, he is survived by his mother and a sister, both residing in New Boston.

Miss Kibble, who was rescued by an unidentified man, who went to her rescue after Tackett had drowned, was recovering at the city hospital today.

St. Aloysius Boy Scouts Erect Tents On Saling Farm

Thirty-five members of Troop 7, Boy Scouts of the St. Aloysius Catholic church, are encamped today on the John Saling farm, near Gavers, where they will spend a two weeks' outing. The boys are in charge of the Rev. Walter J. Fowler, scoutmaster.

Girl Scouts of the church will spend two weeks at the camp at the expiration of the boys' outing.

$1,000 DAMAGE IN SHOP FIRE

Fire, of undetermined origin, last night caused damage amounting to approximately $1,000 in the basement of the J. H. Brumbaugh harness and novelty shop, in the public square, Wellsville.

The majority of the damage resulted from destroyed stock in the basement.

CARL TURK IS CHARGED WITH MANSLAUGHTER AS FRANK SPENCE, 68, DIES

Civil Engineer is Fatally Injured When he is Struck by Car Near His Home at Spence's Corners, Two Miles South of Lisbon, Monday Night.

STEPS FROM BEHIND CANTON BUS INTO PATH OF AUTO ON HIGHWAY

Victim is Thrown Against Tree When Hit by Rear End of Machine Which Skids and Swings Around as Driver Applies Brakes in Effort to Avert Accident.

J. Frank Spence, 68, Center township civil engineer, and a lifelong resident of Columbiana county, was instantly killed when he stepped from behind a southbound Canton-East Liverpool bus and into the path of an automobile driven by Carl Turk, 32, of Erie street, in front of the Spence home, on the Lincoln highway, two miles south of Lisbon, shortly before 8 o'clock last night.

Turk drove to Lisbon after the accident and surrendered to Sheriff George Wright. He was held upon a technical charge of manslaughter, posting bond of $2,000 for his appearance before Justice M. K. Zimmerman at Lisbon at 1 o'clock this afternoon. Turk is expected to waive a preliminary hearing and ask to be bound over to the grand jury.

Spence's skull, both arms and his right leg were fractured and his jaws crushed, when, it is believed, he was thrown against a tree by the rear end of the car which skidded and swung around as Turk applied the brakes and drove off the road and onto a lawn in an effort to avert the accident.

The victim was dead when Turk stopped the car and ran to his side to render first aid.

Turk's Explanation of Accident.

Turk, accompanied by William [illegible]krim, 619 Jackson street, was enroute to Lisbon in a roadster, traveling, he claims, at a speed of about 35 miles per hour. He said that the Canton bus, enroute to East Liverpool, had stopped on the right side of the road in front of the Spence home, the driver handing Spence a letter.

As the bus started Spence is said to have walked in back of it and across the road without glancing in either direction. Turk claims he swerved his car off the bricked road onto the lawn in front of the Spence home in an effort to avoid the accident. As he did so he applied the brakes and the machine skidded and whirled.

Turk asked members of the Spence family to summon a doctor and then halted a passing motorist from East Liverpool, requesting that he accompany him to Lisbon. He then went to the office of Sheriff Wright and informed him of the accident. Wright called the Eells undertaking establishment for an ambulance and then, with Turk, hurried to the scene of the accident.

Prosecuting Attorney Robert M. Brookes went to Lisbon last night and, upon his instructions, a charge of manslaughter was preferred against Turk in Justice Zimerman's court. Turk was released for the night after bond was posted.

Coroner Dr. J. M. Van Fossan, East

(Continued on Page Six)

Two Local Garage Employes Reported Injured in Crash

Thomas Barnes, foreman of the Turk-Nash Motor Sales service department, and Abraham Sinker, automobile mechanic, were injured in an automobile crash at Youngstown early today, according to word reaching here.

Sinker, who is said to have been cut and bruised, was reported to have been the more seriously hurt. Both men are said to be in a Youngstown hospital, but details of the accident were not obtainable.

Michael Turk, their employer, went to Youngstown to investigate the accident.

Coroner McCarter Returns Verdict in Double Drowning

Coroner Harry C. McCarter, Beaver Falls, today returned a verdict of accidental drowning in the deaths of James Lamp, 26, and Glenn Lamp, 18, brothers, of Shippingport, who lost their lives while bathing in the Ohio river Saturday.

The elder brother is said to have waded beyond his depth. When he cried for help, the younger lad went to his rescue but the two went down together.

The bodies were recovered with grappling hooks about an hour later. They were locked together when brought to the surface.

Landau, Bavaria, Urges Tax of $10 On Bobbed Hair

LANDAU, Bavaria, June 29.—A proposal to tax every bobbed haired woman in the town $10 was defeated here today but only after furious debate.

The measure was introduced by one of the town councillors who delivered a violent attack upon the practice. He assailed it as a "disgrace to German girls."

AUTO DRIVER FACES COURT

Arrest Follows Crash Last Night on River Road.

Sullivan Bosco, florist at intersection of Anderson Boulevard and Park Way roads, was placed on trial before Municipal Judge J. C. Hanley this morning, charged with fast and reckless driving after an aftermath of an automobile collision along the River road at 9:15 o'clock last night.

Bosco was defended by Attorney George Davidson, while Solicitor Frank Hoover prosecuted the case. Nearly half a score of witnesses have been called. Judge Hanley viewed the scene of the accident before the taking of testimony began.

Bosco was arrested by Patrolman Chester Smith after his car and another driven by Harry Dearth, Broadway, crashed near the bend in the road just east of Ralston's crossing. Bosco and four women were traveling east on the road, while Dearth was headed west.

Patrolman Smith charged that Bosco was speeding at the time of the accident. Bosco's machine darted across the road and went up the side of an embankment on the northside of the highway after the crash, it is said. The Dearth car lost a front wheel.

No one was injured in the crash.

OHIOAN, IN ILL HEALTH SUICIDES

CLEVES, June 29. — Despondency over a nervous ailment for which he had been in a sanatorium recently was believed to have prompted the suicide of Edwin C. Iliff, 37, field inspector of the Cincinnati building commission, who was dead here today. Iliff was found on a lonely road near the Cincinnati city line, two bullets in his head.

HURD APPEALS TO COMMISSION

Asks Hearing on Charges Filed by Mayor Fogo.

Asking the commission to require Mayor W. L. Fogo to "make his charges more definite and certain," Harry F. Hurd, former patrolman, whose recent dismissal from the force was emphasized yesterday when Mayor W. L. Fogo filed charges of inefficiency and drunkenness against him, today appealed to the Wellsville civil service commission for a hearing.

Hurd, in his appeal to the commission, seeks to know in what ways he has been inefficient, in what way he has been guilty of gross neglect of duty, when and where there occurred any lack of good behavior, what the "other reasonable causes" were, and when and where the drunkenness occurred that the chief executive charges in his papers to the commission.

Hurd files his appeal to the commission "without admitting the legality of your commission." He is represented by Attorneys Ben Bennett, Frank Grossbans and W. A. O'Grady.

In his petition he says:

"Now comes Harry F. Hurd and moves the commission require W. L. Fogo to make his charges filed before your honorable body more definite and certain in that he be required:

"1. To state in what respects the said Harry Hurd has been inefficient.

"2. To set forth the acts constituting any gross neglect of duty.

"3. To specify when and where there occurred any lack of good behavior on the part of said officer.

"4. To state what the other reasonable causes mentioned in said charges consist of.

"5. To specify when and where drunkenness complained of occurred.

"The charges as filed before your commission are so vague that your petitioner is unable to defend himself against same unless your honorable body require a more definite statement thereof."

J. P. CALDWELL, AGED 80, DEAD

Funeral Services to be Held Tomorrow at Home.

Funeral services for Josiah P. Caldwell, 80, who died yesterday at his home in Buckeye avenue, following a year's illness, will be held tomorrow at the late residence, in charge of Rev. L. E. Lee, pastor of the First Christian church, assisted by Rev. B. R. Johnson, pastor of the First Christian church of East Liverpool. Burial will be made in Spring Hill cemetery.

Mr. Caldwell was born in Steubenville. He has lived here for approximately 50 years. He was a pensioned C. & P. boilermaker.

Surviving him are his wife and two children, Dr. Rosa Powell of Richmond, Cal., and John Caldwell, of this city.

MRS. WILSON DEAD AT HIGHLANDTOWN

Following a brief illness of complications, Mrs. Caroline Wilson, 86 years old, died this morning at 6:30 o'clock at the home of her daughter, Mrs. Frank Boyd, near Highlandtown.

She is survived by the following children: Frank, Emmett, George, Bert, Mrs. Frank Boyd and Mrs. John Strudhoff.

Funeral services will be held Thursday afternoon at 2 o'clock at the Boyd residence, in charge of Rev. Carter, pastor of the Highland town Methodist Episcopal church. Burial will be made in the Highlandtown cemetery.

GRAFTON FUNERAL HERE YESTERDAY

Private funeral services for John J. Grafton, service-safety director of Wellsville, were held yesterday afternoon at the family residence in Fourteenth street, in charge of Rev. Frank H. Magill, pastor of the First Presbyterian church.

Burial was made in Spring Hill cemetery.

C. & P. OUTING IS SUCCESS

Division Veterans Reunited at Summit Beach Park.

Favored by ideal weather, employes of the Cleveland & Pittsburgh division of the Pennsylvania Railroad company, held their annual outing Saturday at Summit Beach Park, Akron, under joint auspices of the Veterans' and Athletic associations, the event bringing out one of the biggest attendances in recent years.

Over a thousand adults and a larger number of children were conveyed in special trains from Beaver, Cleveland and Cambridge to Akron's playground for their annual frolic. The grey-haired veterans, many beyond the pension age, greeted fellow veterans still pulling the throttle and many were the incidents recalled and the stories told at headquarters in charge of J. B. DeSilvey, veteran engineman and president of both the Athletic and Veterans' associations, who saw that all of the railroaders got "smokes."

The program committee, headed by J. B. Dugan, provided contests for adults and children and even the tiny tots had their games, vieing with their elders for the attention and applause of onlookers.

The division band, in charge of C. S. Elliman, director, played at "the Grove" prior to the athletic program and then for the musically inclined, gave a two-hour concert in the grove after dinner.

The open-air motorcycle race provided thrills during the afternoon program. "Wistaria Gardens," where dancing was the center of attraction for the afternoon, and the adjacent patio for those who preferred their dancing outside among the fountains and palms, were crowded.

The drawing for the gate prize, in charge of General Chairman DeSilvey, was the final event and Mrs. R. B. Russell, wife of Stockman Russell, of Wellsville, held the lucky ticket for a bridge lamp.

The following from the east end of the division were listed among the winners in the athletic events:

25-yard dash (girls under 6)—Kathleen O'Hara, daughter of D. T. O'Hara, record clerk, Wellsville, second prize.

25-yard dash (girls 8 to 10)—Louise Rody, daughter of Coke Rody, machinist helper, Wellsville, second prize.

25-yard dash (boys under 6)—Nicholas Creaturo, son of Antonio Creaturo, car repairman, Wellsville, first prize; Bobby Graham, son of M. K. Graham, engineman, Wellsville, second prize.

25-yard dash (boys 8 to 10)—Fred Malley, son of J. I. Malley, hostler, Midland, first prize; D. C. Brandt, son of J. D. Brandt, track foreman, East Liverpool, second.

Crab race (boys) — D. C. Brandt, first.

Shoe race (boys)—Lawrence Bibbee, son of Arthur Bibbee, committeeman, Wellsville, first.

Clothespin race (women) — Mrs. James T. Riley, wife of Engineman Riley, Wellsville, first; Mrs. H. T. Croxall, wife of Boilermaker Croxall, Wellsville, second.

Confetti race (women)—Mrs H. T. Croxall.

MEETING OF O. N. O. CLUB POSTPONED

Meeting of the O. N. O. club, which was to have been held tomorrow evening at the home of Mrs. Louis Zoeckler, Henry avenue, has been postponed until Wednesday, July 7, officers of the organization announced today.

Cities of South Africa are having a spurt in the building of homes.

Thames Has Double Ebb.

Vagaries of the Thames river in London aroused more than ordinary interest recently when there was a double ebb and flow of the tide. The manifestation was not only rare but at times it is difficult to explain. Before the Thames was embanked, however, its vagaries were more frequent than now. In the seventeenth and eighteenth centuries it was reported to have had double tides and in 1658 it ebbed and flowed twice in three hours. In 1662 three tides in four hours were recorded.

Boy Earns $5,000 at Chores.

Gabriel Highly, a 17-year-old boy, accumulated $5,000 by doing odd jobs during his four years in high school at Flat River, Mo. Among other things he worked as a bootblack during his spare time, ran chores for the neighbors and hired himself out for all kinds of odd jobs during the time he wasn't studying.

The ABC Double A ELECTRIC WASHER is the washer you need during the warm summer season. It washes easily and quickly. It is the only washer that has no don'ts. You don't have to learn or remember a single thing that you mustn't do. Just use it in any way you desire, and it will give you life-long satisfaction. You will appreciate these

Special Features

Faster Washing
This A B C Double A has washed without soaking, 32 pounds of dry goods in exactly 27 minutes.

Cleaner Washing
It washes faster and cleaner. Collars, cuffs, dainty things, table linen, greasy overalls, and work clothes.

Gentle with Clothes
This washer, although extremely rapid, will not injure the daintiest fabrics.

No Tangling of Clothes
You can throw clothes into this washer in the most haphazard fashion and they will not tangle.

Big Capacity
You can load this washer with as many as eight sheets at a time.

Smooth and Quiet
One can hardly hear the Double A in operation. Only the purring of the motor.

No Oiling
Will run an indefinite number of years before its gear case requires filling.

Other Special Features
Powerful, heavy tension, 16-position wringer. Unusually small floor space. Low water line. Nothing to lift. Genuine solid copper full nickel tub. Four legs and perfect balance.

[You will surely regret it if you let this opportunity slip by. Just give us a ring before we close tomorrow.]

RAIL CROSSING BRIDGE SOUGHT

Council Will be Urged to Meet With Road Officials.

Residents of First street, Carolina and Virginia avenue plan to circulate petitions asking that council name a committee to confer with officials of the Pennsylvania Railroad company relative to the erection of a bridge or viaduct at the First street railroad crossing.

Those in charge of the petitions point out that several accidents have occurred there recently in which several persons have been injured and machines wrecked.

An automobile driven by John Mendel, of Holliday's Cove, was struck Sunday morning at the crossing, but the driver and the other occupants of the car escaped injury.

It is stated that officials of the railroad company have expressed a desire to meet with council in the matter.

The petition will be presented at the next meeting of council.

Road Work Progressing.

Work is steadily progressing on the improvement of the highway near Laughlin's corner. Large force of men are employed on the job, which is expected to be completed this fall.

TYPHOID FEVER CASES INCREASE

The typhoid fever mortality in West Virginia went up last year to 334 reported deaths from 227 the previous year, according to an announcement yesterday by Dr. W. T. Henshaw, state health commissioner. Since each human life is valued at $5,000, Dr. Henshaw estimated that the state suffered an economic loss of $1,670,000 from a preventable disease, exclusive of doctors' nurses' and undertakers' fees, for the 1,611 cases of the disease during the year.

With the end of June, typhoid cases begin to increase and continue to mount higher until the zenith is reached in October, 811 cases having been recorded for that month last year and 38 for the preceding June. For the first five months of this year only 141 cases of the disease have been reported to the state department of health, indicating that the danger season is ahead.

"If we are to prevent an increase of typhoid fever this year similar to that of other years," Dr. Henshaw declares, "we must begin at once to put into effect all known means to prevent it. The sources of typhoid infection, and the methods of preventing it have been given to the public time and again, and no individual should be ignorant of the fact that it is a communicable disease, contracted only by swallowing the germs cast off by an infected person. The two most common means of infection in this state are water into which human wastes have drained, and flies which carry the germs on their feet from wastes to foodstuffs.

NEW CUMBERLAND RESIDENT DIES

Alexander McCloud, 88 years old, New Cumberland, died yesterday afternoon in the Ohio Valley hospital at Steubenville after an illness of two weeks caused by a fractured hip resulting from a fall.

Mr. McCloud, who was a lifelong resident of Hancock county, is survived by one sister, Mrs. Elizabeth Wilcoxen, of Frankfort Springs. He was a member of the Presbyterian church.

Funeral services will be held at 3 o'clock tomorrow afternoon (daylight savings time) in the home of his nephew, Alex Jones, in charge of Rev. Anthony Banford, pastor of the New Cumberland Presbyterian church. Burial will be made in New Cumberland cemetery.

GORE APPOINTS NEW DRY CHIEF

Ross Wells, an attorney of St. Mary's, Pleasants county, was appointed state prohibition commissioner to succeed W. G. Brown, of Nicholas county, according to announcement made last night by Governor Gore. Mr. Brown retired from office to resume his private law practice at Richwood. Mr. Wells expects to arrive in Charleston to assume his duties in a few days. He is appointed for a four-year term, ending September 1, 1929.

The new prohibition commissioner has been a life-long resident of Pleasants county, having been born there in 1372. After attending the common schools of his home county, Mr. Wells entered West Virginia Wesleyan college at Buckhannon and later attended West Virginia university at Morgantown, where he took the law course.

STAGE SET FOR CLASH TONIGHT

The stage is set for the largest crowd that ever attended a ball game here tonight when Chester and Homer Laughlin China clash in an Industrial league game on Smith field.

Chester is holding the league lead by the narrow margin of one game obtained as a result of Laughlin losing last night to Knowles, Taylor and Knowles at Klondyke.

Manager Frank Riley will send Mike Cebula to the rubber, while Manager Sol McCoy will likely depend on Digman for mound duty.

REBEKAHS PLAN SOCIAL AFFAIR

Members of Rock Springs Rebekah Lodge No. 161 have completed arrangements for a lawn fete to be held tomorrow night in the vacant lot in Carolina avenue, adjoining the I. O. O. F.-K. of P. hall.

Committee is composed of Mrs. C. B. Marshall, Mrs. Lyda Brown and Mrs. Anna Theiss.

Large crowd is expected to attend.

Baby Clinic Here.

Second baby clinic is being held this afternoon in the community welfare house in Carolina avenue. The examinations are in charge of Drs. J. L. Pyle and G. E. Lewis.

UNITED STATES TIRES ARE GOOD TIRES

What is a Real Tire Test?

Among the searching tests made on United States Tires is the "Tread Wear Test" which duplicates in a few days the effect of many months of service.

United States Tires are under continual test in our laboratories and on our road test vehicles. Motorcoach tires, for example, are tested under actual service conditions on this United States Rubber Company Test Coach.

Questions and Answers that may be News to You—by a Tire Engineer of the United States Rubber Company

Question—With 20,000,000 cars running in America, does not the experience of users largely take the place of factory tests?

Answer—On the contrary. The very fact that motor transportation is so important in the life of every one imposes an additional obligation for searching tests on the tire manufacturer. The makers of United States Tires do not expect their customers to test their tires for them.

Question—What does the United States Rubber Company Factory Test include?

Answer—Everything from the Tree to the finished Tire. Raw materials are tested before they go into the tires, and the finished tires are tested in the Company's laboratories and on the Company's road test cars, trucks and buses. They are also watched in actual commercial service.

Question—What do these tests prove?

Answer—The material tests insure the quality of material used. The laboratory and road tests of complete tires "prove up" the correctness of manufacturing processes.

Question—What raw materials are tested?

Answer—Cotton cord, which furnishes the strength and flexibility of the tire; rubber, which binds the various parts of the tire together and forms the tread or wearing surface; compounding ingredients, which we mix with the rubber to give it the necessary qualities; and, steel wire, which is used in making the beads of the tire.

Question—What tests are made on the cord?

Answer—Cord going into the manufacture of Web Cord for United States Tires is tested for strength, stretch, size, twist, ply, length of staple, and freedom from imperfections.

Question—What tests are made on Rubber?

Answer—Even though the quality and uniformity of Sprayed Rubber is controlled by the processes used on our plantations in the Far East, every shipment received at our factories is again tested for uniformity and also, after mixing with sulphur, it is tested for its rate of vulcanization, its tensile strength and stretch.

Question—What tests are made of compounding ingredients?

Answer—Compounding ingredients are tested to determine their purity and uniformity. They are practically all in powder form and even the degree of fineness to which they have been ground is tested.

Question—What tests are made on Steel Wire?

Answer—Steel wire is given a chemical analysis to determine whether it meets our specifications, and it is also tested for tensile strength and elongation.

Question—Are United States Tires tested alongside of other makes?

Answer—Yes. These tests are conducted daily in our laboratories and on our road test vehicles.

Question—What is the object of these competitive tests?

Answer—To maintain the *superiority* of our design and construction.

Question—Does the fact that a large number of tires of a certain design and construction have given satisfactory service obviate the necessity for further tests on tires of the same kind?

Answer—No. Vehicle design and use, and road conditions are constantly changing. Tires that gave excellent satisfaction ten years ago are obsolete today in design and construction.

Question—How does the United States Rubber Company keep abreast of these constantly changing conditions?

Answer—It has a corps of factory trained technical experts in different sections of the country, continually checking the service our tires are rendering under actual operating conditions.

Question—Do all companies test their tires in this way?

Answer—Most all companies make tests of some sort. Very few, if any, carry them to the extent that they are carried by the United States Rubber Company.

EAST LIVERPOOL—AMERICA'S POTTERY CENTER

TUESDAY, JUNE 29, 1926.

River Claims First Victim

Thomas Tackett, 22, who went to his death Sunday in an attempt to rescue Miss Irene Kibble, 21, a bather, who became exhausted while swimming in the river between Babb's island and the Ohio shore, is the first victim of drowning in the East Liverpool district this summer.

Tackett plunged fully clothed into the water without a thought of his own danger when he discovered the plight of the girl. And his heroism cost his life. The girl, unconscious, was brought to safety by another witness and later resuscitated at the City hospital.

The tragedy drives home the fact that scores of swimmers as well as persons who have not mastered the art of keeping afloat meet death in the water during the summer season. The New Orleans chapter of the Red Cross Life Saving Service announced recently that 2,000 swimmers are rescued every year, 50 per cent of whom would undoubtedly have drowned if it had not been for the life guards.

It adds further that since 1920, 1,578 children have been taught to swim, 893 have been qualified as junior Red Cross life savers, and 579 men and women have been qualified as senior life savers.

In this same period not a life has been lost in any of the swimming places protected by the Red Cross life saving system.

These facts are of special interest at this time of year, when deaths by drowning become a part of the news in almost every part of the country.

There is not a finer sport than swimming. But it must be safeguarded. In the first place, everybody ought to be taught to swim. Swimming is best learned in childhood, when it is easier to overcome the fear of the water and to master the technique. Even the oldsters can learn, however, if they are a bit more careful of their hearts than the young ones need to be.

Knowing how to swim is not enough. Swimming places should be adequately protected. Swimmers should know how to rescue bathers in distress; they should know the first aid measures for drowning cases.

Deaths from drowning should decrease in number year by year, as more persons learn how to swim, and practice common sense caution, and as more communities realize their responsibility in the matter of lifeguards and general life-saving instruction.

Measured Sunshine

There is being installed in the Carnegie Desert laboratory at Tucson, Ariz., a simple instrument, just invented, which will measure and record with great precision the health-giving rays of the sun. It is expected to be of great use in studying the intensity and nature of the various kinds of waves received from the sun, particularly the ultra-violet rays which cure rickets and anemia, kill disease germs and promote human health in general.

There are other instruments already in use which measure the total light energy received from the sun in any locality.

These little instruments will probably play a big part hereafter not only in human health but in property values. All our energy comes from the sun, directly or indirectly. It is held that the fitness of any particular region for human habitation may depend, in the long run, on the amount of solar energy available there.

We shall soon have Florida, Arizona and other sunny states engaged in a solar controversy, appealing to settlers and investors on the basis of their available sun-power. Watering places and mountain resorts will vie with each other likewise in exploiting their potent sunshine, showing by exact figures just how quickly and severely a visitor may get himself sunburnt by exposing himself to their local sun.

Fewer Federal Job-Holders

The number of government employes has been greatly reduced. The reduction comes near eliminating the big increase made necessary while fighting the war and liquidating it afterward. Executive heads say little or nothing more can be done along that line.

The departments are still over-manned, as public departments usually are, compared with private business institutions. But there is the civil service system to check extensive weeding out, and there are politicians, in the departments and in congress, always ready to fight to keep party members on the payroll.

An interesting policy, however, is said to have been adopted by Mr. Coolidge. He "lets nature run her course." Federal employes are always dropping out of themselves, by death and resignation. The losses from these natural causes are said to amount to thousands a year. The policy is, in such cases, to replace very few of those lost. Thus the payroll can be steadily reduced without inviting political trouble.

It is a good process, if none more drastic can be found. Generally speaking, as efficient administrators have observed more than once at Washington, the fewer people there are paid to do the government's work, the better it can be done.

John D., Jr., might offer Mexico that $10,000,000 for an archeological museum. Plenty of pyramids and things down there. Also oil.

The more women simplify their dressing and hairdressing problem, the more complex it becomes.

High Spots in The Life o f Little Stanley— By Fontaine Fox

NEW YORK DAYBYDAY

By O. O. McINTYRE

NEW YORK, June 29.—New York has a number of men who, having glided lightly from one marriage to another with lesser affairs along the way, win the distinction of being "great lovers." Much newspaper space has been devoted to their conquests.

Pyschologists have reviewed them and their hormones in double-page Sunday spreads. Sob sisters have described their monogrammed house robes and favorite poets. Wherever they go they are greeted by that questioning feminine look which seems to say: "Fascinate me. I dare you!"

Somehow, they are not cut to the romantic pattern we imagine. Instead of the big broad troglodyte with the marcel wave and breeziness of the pampas, one sees perhaps a bald little chicken-breasted fellow, suffering from double astigmatism and sunken arches.

Invariably one finds a disillusioning Romeo. There is one in especial whose heavy amours have stirred the metropolic. Two beautiful ladies have left home, husband and children briefly to share in his vagarious affections.

His face suggests the hawk. His ears are large and translucent. He has beady eyes and a stoop and wouldn't weigh 120 pounds all wet, with a rock in each hand. He flutters about in the frightened manner of a rabbit nibbling at a spray of lettuce. He owes everybody it is possible to owe.

Evidently these men have made a life study of charming women in the manner of the snake and the bird. They flit from romance to romance and are as impervious to loyalty as a stone. One more woman is just one more experience.

They are not unconscious of the gossip. Indeed they thrive upon it and are given to bragging privately. In almost every instance New York's quota of "great lovers" are undersized, and have the frailty that classes them as dapper.

Morris Karger saved $100 in five years in Russia on his salary of $5 a month. He landed in America with $2 and became a pushcart peddler. Today he is the self-styled King of those itinerant East Side merchants. He does not push a cart today but supplies those who do, and is worth a half million. What other country gives the foreigner such a chance?

However, there is something pathetic about the pushcart man. He seems to live in slinking fear of the law. Scores are arrested daily and subjected to the dollar fine for not having a license. Droves of them crowd Orchard street, filling it with a babbling crescendo of sharp bargaining. Three large mercantile firms uptown are a monument to their thrift and acumen. The proprietors began as pushcart peddlers.

My breakfast was spoiled today by a fellow who insisted all writers had to submit to a "business office" influence. In the years I have been writing for newspapers and magazines I have never been rebuked for expressing a person's opinion, and at times I have written in direct opposition to editorial policy. I have never had an editor request me to exploit this thing or that person. Consequently I believe the indignation justified. There was some consolation in the fact that the man who made the accusation was publisher of a journal that failed dismally.

It is a custom to dismiss newspaper articles with the specious generalization "newspaper talk." I often wish the public might behold the striving for accuracy in every reputable newspaper and magazine office.

HASKIN'S LETTER

By FREDERIC J. HASKIN

Delving Into the Past.

WASHINGTON, D. C., June 29.—A species of self-consciousness appears to be affecting the world. It is being manifested in two major directions: first, analysis and investigation concerning religious beliefs; and, second, research into the early history and condition of man. Both may be regarded as manifestations of a growing introspection on the part of the people of the world regarding who they are and what they believe.

The surge of religious investigation has been attracting attention now for several years. The clash between fundamentalism and liberalism has resounded throughout the world. In this country the first important incident was the controversy regarding the literalness or symbolism of the immaculate conception. Congregations were rent asunder on this point.

The Dayton trial which revolved around the Darwinian theory of evolution was more than a nine days' wonder. Its interest to the world public was so profound that special correspondents came from all over the world to report the proceedings. It marked another wide rift between the fundamentalists and the liberals.

The latest schism to appear in this country has been in the Mennonite church. This sect, a species of Friends or Quakers, is in turmoil because of the rise of a liberal movement within the church. The younger generation has asserted its right to wear buttons on its clothing. According to the rules of the church, only hooks and eyes may be used, as buttons savor too much of ornamentation.

The Mennonites are a peaceable and thrifty people, dwelling chiefly in Pennsylvania and Ohio. They believe in the strictest simplicity and religiously eschew any sort of ornamentation or ostentation in their attire, their manners, or any of their possessions. There are other branches of these simple and honest people, notably the Dunkards and the Amish. Their beliefs are somewhat similar, an almost childlike simplicity and candor being outstanding characteristics along with their firm faith.

While the issue of whether or not a human being should fasten his clothing with hooks and eyes or with buttons may appear superficially to be an inconsequential matter, nevertheless, this schism marks a further extension of the wave of religious revolution against the old established orthodoxy of blind faith in fixed traditions.

Believe In Simplicity.

What would appear to the layman to be more vital matters than buttons seem not to be involved in the Mennonite schism. For instance, many of the members of the branches of the Quaker church will not permit their children to attend public schools because such schools teach that the earth is round. These people adhere

(Continued on Page Nine.)

My Favorite Stories

By IRVIN S. COBB

A SERVICE TO THE WHOLE LAND

In the early summer of 1918 three of us made a long trip by automobile to pay a visit to a colored regiment at the front in France. The results more than repaid us for the time and trouble. One of the main compensations was First Class Private Cooksey, who, because he had been an elevator attendant in a Harlem apartment house, gave his occupation in his enlistment blank as "indoor chauffeur." It was to First Class Private Cooksey that the Colonel of the regiment, seeing the expression on the others' faces when a minenwerfer from a German mortar fell near by on the day the command moved up to the front, and made a hole in the earth deep enough and wide enough and long enough to hide the average smoke house in—it was, I repeat, to First Class Private Cooksey that the Colonel put this question:

"Cooksey, if one of those things drops right here alongside of us and goes off are you going to stay with me?"

"Kurnel," stated Cooksey with sincerity, "I ain't aimin' to tell you no lie. Ef one of them things busts clost to me I'll jest natchelly be obliged to go away frum here. But please, suh, don't you set me down as no deserter. Just put it in de book as 'Absent without leave,' 'cause I'll be back jest ez soon ez I kin git my brakes to work."

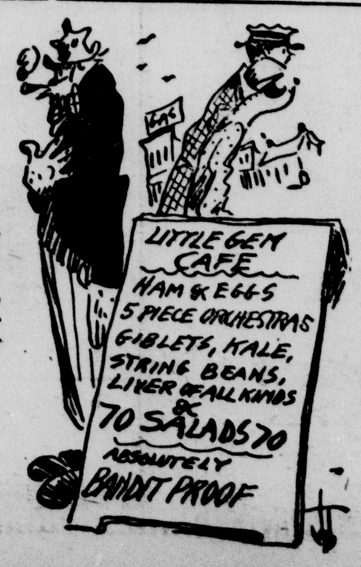

"But what if the enemy suddenly appears in force without any preliminary bombardment?" pressed the Colonel. "What do you think you and the rest of the boys will do them?"

"Kurnel," said Cooksey, earnestly, "we may not stick by you, but we'll shore render one service, anyway; we'll spread the news all over France 'at th' Germans is comin'!"

SOCIETY

Miss Mildred Dyke And James Tolson, Salineville, Wed

Announcement is made of the marriage of Miss Mildred E. Dyke, daughter of Mrs. Ada Dyke of Lincoln avenue, and James A. Tolson of Salineville. The ceremony took place Friday, June 25, at high noon at the Ascension Episcopal church of Wellsville. Rev. F. E. Roberts performed the ring ceremony.

The bride was gowned in gray Canton crepe trimmed with poudre blue. She wore a picture hat to match. Previous to her marriage she was employed in the office of the Equitable Insurance company.

The bridegroom is a son of Mr. and Mrs. Emmett Tolson of Carrollton, formerly of Salineville.

Mr. and Mrs. Tolson will be at home after July 1, in Salineville, where the bridegroom is employed.

Needlework Society Meeting.

The Young Ladies' Needlework society of St. John's Lutheran church met last evening at the home of Miss Edith Fox in Avondale street. Following the devotionals, a reading was given by Miss Ruth Stossmeister. Music and fancywork were the pastimes, after which luncheon was served by the hostess, assisted by her sister, Mrs. Clarence Howell.

Special guests were Misses Ruth Mackey and Corema Tullis.

The next meeting, Monday, July 12, will be in the form of a 6 o'clock dinner at the home of Miss Anna Sielaff, Montgomery avenue, with Mrs. George Welch as associate hostess.

Class of Candidates Initiated.

At the regular meeting of Pride of Valley Council No. 4, Daughters of America, held last evening, in the V. F. W. hall, East Fifth street, a class of candidates were initiated.

The next meeting will be held Monday, July 12, when officers will be installed.

On Thursday, July 8, the auditing committee will be received at the home of Mrs. Mary Spratley in East Sixth street.

D. of A. Initiation.

Purity Council No. 7, Daughters of America, will hold a special meeting tonight at 7:30 o'clock in the Sons of Veterans' hall, East Sixth street. Initiation of candidates will take place and a jumble social will follow the business session.

Plans will be made at this meeting for a food sale to be held in the near future.

Missionary To Make Address.

A special meeting will be held Wednesday evening in the lecture room of the First Presbyterian church, when Mrs. Daniel W. Croft, a missionary from the Inland Missions of China, will give a talk and display articles of interest from China. The meeting, which will open at 7:45 o'clock, will be held under auspices of the Young Woman's Home and Foreign Missionary society.

Miss McConnell Entertains.

Members of the Coo-Coo club entertained Saturday evening at the home of Miss Grace McConnell in West Fifth street. During the business session, Harry Caulk was elected president; James Hamilton, secretary, and Russell Smith, treasurer. Clarence Wucherer presided at the piano during the social hours. Twenty-two members were present.

P. H. C. to Elect Officers.

Stratton Circle, No. 40, Protected Home Circle, will meet Wednesday evening, in the Trades and Labor hall, Washington street, for nomination and election of officers.

Refreshments will be served.

Y. P. S. Social at Watson Home.

The Baptist Young People's society will be received Thursday evening at the home of Mr. and Mrs. Richard R. Watson, of Westfield, when a strawberry and ice cream social will be enjoyed.

Flag Services at Neville Home.

The Ladies of the G. A. R. will meet at the Buffalo confectionery tomorrow evening at 7 o'clock, to go to the home of the late Jason Neville, East Fourth street, where they will hold flag services.

Mrs. H. D. Carson Hostess.

Mrs. H. D. Carson delightfully entertained the members of the Art Circle club recently at her home in Florence street. The social hours were spent with music and a guessing contest, which was won by Mesdames Pearl Butcher and Will Lewis. Mrs. Carl Liebschner gave vocal selections.

Refreshments were served by the hostess, assisted by Mrs. Butcher. Places were arranged for 12 guests.

The next meeting will take the form of a coverdish party, to be held Thursday, July 8, at the home of Mrs. Hugh Minnix of St. Clair avenue.

For your vacation beautiful new Footwear arrives in all Patent, Satin or Parchment Kid. Hertel's Ladies' Boot Shop, Little building, Diamond.

Flies and mosquitoes love campers

WHY allow these aggravating, filthy pests to ruin your outings? In camp or at home Flit will free you from the nuisance.

Flit spray clears your home in a few minutes of disease-bearing flies and mosquitoes. It is clean, safe and easy to use.

Kills All Household Insects

Flit spray also destroys bed bugs, roaches and ants. It searches out the cracks and crevices where they hide and breed and destroys insects and their eggs. Spray Flit on your garments. Flit kills moths and their larvae which eat holes. Extensive tests showed that Flit spray did not stain the most delicate fabrics.

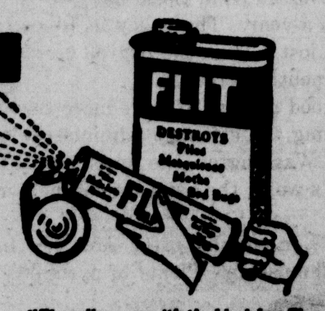

A Scientific Insecticide

Flit is the result of exhaustive research by expert entomologists and chemists. It is harmless to mankind. Flit has replaced the old methods because it kills *all* the insects—and does it quickly.

Get a Flit can and sprayer today. For sale everywhere.

DISMISSED U. S. DRY AGENTS ON PINCHOT STAFF

Governor's Counsel Says They Were Paid From W. C. T. U. Funds.

WRIGHT ON STAND

Hints Sensation in Illinois Primary Investigation.

WASHINGTON, June 29.—The private secret detective staff used by Governor Gifford Pinchot to enforce the prohibition law in Pennsylvania was composed chiefly of dismissed federal agents, Major William B. Wright, Jr., the governor's special counsel, told the senate slush fund committee today at its inquiry into Pennsylvania's $3,000,000 senatorial primary.

One of the Pinchot investigators, all of whom were paid through a $130,000 fund raised by the W. C. T. U. of Pennsylvania, was under charges of illegally transporting liquor at the time of his appointment, Wright revealed. He was the "Mr. Z." whose identity Wright refused to disclose because he is still an "under cover man" for Pinchot.

Wright gave the committee a hint of what it may find when it investigates the alleged $3,000,000 Illinois senatorial primary, when he declared another of the Pinchot agents, J. J. Tatro, was dismissed from the federal service in Illinois after he was about to "involve the secretary of Senator McKinley in a prohibition matter."

Asks About Tatro Case.

Senator Reed, D., of Missouri, asked the witness about Tatro's case.

"I only can say that he was doing amazingly good work in Chicago," said Wright. "I think it was Senator McKinley's secretary that he was about to involve in prohibition matters when he was dismissed."

Wright said Tatro was called to Washington "to go over the testimony he was going to give to the United States attorney in Chicago on this case." The conference was held with Internal Revenue Commissioner Blair."

"Tatro went back to Chicago," Wright added, "and it is my recollection he received a simple formal letter of dismissal right afterwards."

"Have any of these agents criminal records?" Reed asked.

"Mr. Z. I believe, was in some difficulty," said Wright.

"Was he stealing automobiles?"

"No, I think he was part owner of a garage in which an automobile was found that contained liquor."

"He was charged with illegal transportation of liquor, wasn't he?"

"I don't know."

Argument With Reed.

Wright got into an argument with Reed when he compared former Prohibition Administrator Frederick C. Baird, at Pittsburgh, to George Washington. Reed condemned Baird's acceptance of a regular salary from the steel corporation's Bessemer and Lake Erie railroad while in the government service.

"I rise to remark it is about as illegal a proposition as I have ever heard of," Reed declared. "It is destructive of good government. It makes public government become private government.

"Well, George Washington did it when as commander of the American forces, he paid money out of his own pocket," Wright retorted.

"Well, George Washington was not working for the Ku Klux Klan or Anti-Saloon league," Reed declared.

"Neither was Baird," said Wright.

Accountants at Westerville.

WESTERVILLE, June 29.—Seeking to learn the source of political campaign contributions to the Anti-Saloon League of America and to ascertain the league's expenditures, expert accountants, representing the United States senate campaign committee, are here today examining books and correspondence of the league. The examination, it was stated, will continue several days. Officials of the league are co-operating with the examiners, who include Alonzo Tweedale, certified public accountant, Washington, D. C.; Ray L. Whitman, an official reporter of the committee, and Hicklin Yates, secretary to United States Senator Reed, Missouri, chairman of the investigating committee.

Three Trucks, 400 Cases of Beer are Seized at Toledo

TOLEDO, O., June 29.—Three trucks and 400 cases of beer were confiscated and six Toledo men arrested today by deputy sheriffs on the Toledo Beach road between here and Monroe, Michigan. The shipment, officers said, was on the way here. The men gave the names of John W. Smith, 19, Ben Curtis, 23, William Nedley, 20, Irwin Waldman, 19, George Lewis, 21 and Jack O'Brien, 20.

Pola Negri Will Claim Film "Sheik" As Her Husband

CHICAGO, June 29.—Pola Negri is going to be married soon to Rudolph Valentino, it was declared here today by Leopold Brodzinski, secretary to the film actress' mother, Mme. Eleanor Chalupec. Mme. Chalupec, who speaks no English, and her secretary, passed through Chicago today on the way to spend some time in Pola's chateau near Paris.

Man Killed; Driver Held

(Continued from Page One)

Palestine, was expected to conduct an inquest today. The body was being held at the Hellis morgue pending the coroner's action.

Born on Spence Farm.

Frank Spence was born on the old Spence farm on the Lisbon-East Liverpool road December 14, 1858, being a son of John and Loretta Spence. He attended the Union schools in Centre township and also the Lisbon schools. He also studied for one year at Oberlin college and attended Mt. Union college at Alliance for two years. After his graduation he was admitted to the bar.

During his young days he worked for his father, who was civil engineer. Preferring this work to law, he followed the profession of a civil engineer, conducting surveys for coal mining interests, railroads, oil and gas developments in Columbiana county and eastern Ohio. He is said to have surveyed the old original West Point coal fields.

Spence was never married but made his home with his brother, David C. and Miss Ella B. Spence, who moved to the farm along the Lincoln highway, known as Spence's Corners, about 25 years ago. He was a Democrat and at one time was his party's nominee for county surveyor. He never held a public office.

Member of Episcopal Church.

He at one time was a member of the Masonic lodge at Alliance. He was also affiliated with the Trinity Episcopal church at Lisbon.

In addition to the brother and sister, with whom he resided, he is survived by one other brother, ex-Judge W. H. Spence, East Lincoln Way, Lisbon.

Funeral services probably will be conducted in the late home Thursday afternoon. Burial will be made in the Lisbon cemetery.

Jason Neville Dies

(Continued From Page One.)

burg, Chantilly, Snicker's Gap, Wilderness, Spottsylvania, Cold Harbor, Gettysburg and other minor engagements. The regiment was mustered out at Pittsburgh, Pa., June 11, 1864. He reinlisted in June 1864.

Wounded Twice.

He was wounded in the Battle of the Wilderness and again at Spottsylvania. He was confined in the Crawford hospital at Washington for about three weeks after the latter battle. He was orderly to General George E. Meade, and was assigned to the post of mail carrier for the Third division and served as such until the battle of Gettysburg when he was made color bearer in recognition of his bravery in remaining with General Crawford. He received his honorable discharge June 28, 1865.

For several years after his return from the war, he served as pilot, captain and engineer on boats plying the Ohio river. He was a member of the First Methodist Protestant church and General Lyon post No. 44, G. A. R.

He is survived by his wife, formerly Martha Bullock, with whom he was united in marriage at West Bridgewater, Pa., in 1870; one son, John T. Neville, at home; three brothers, Ira, Enoch and Dr. R. Neville, all of Walkerston, Ind.; one granddaughter, Mrs. George Morris, of Chester, and two great-grandchildren.

Funeral services, with full military honors, will be held in the home at 2:30 Thursday afternoon, in charge of Rev. J. F. Dimit, pastor of the First Methodist Protestant church. Burial will be made in Riverview cemetery.

Friends may view the body from 7 to 10 o'clock tomorrow night.

TODAY

(Continued From Page One.)

danger of German invasion. We were just "easy."

IN ALABAMA, C. W. Jackson breaks the world's record by swimming 40 miles in salt water in 18 hours. A wonderful achievement. But thing of the mysterious eels. They start from anywhere in land in the United States, wriggling up from their fresh water ponds. Curiously guided, they find their way across the fields, travel down creeks and rivers to the ocean, then to the Sargasso sea, and there they breed.

The young eels retur nto the country from which their ancestors came, some going to Europe, some to America.

That is real swimming, and a real mystery. Who, or what, tells a baby eel to get from the West Indies to Sweden? What power tells the eel, in a stagnant New Jersey pond, how to reach its Sargosso sea? "Instinct" is too easy an explanation and does not explain.

HERR GUSTAV BOESS, burgomaster of Berlin, sets an example to all officials. He speaks frequently in distant cities, and visits many places to study new ideas. He has applied for a flying machine, to save time, and will be his own pilot.

Cincinnati Man Killed When Toy Cannon Explodes

CINCINNATI, June 29. — George Klein, 18, machinist, was dead today, the victim of the explosion of a charge of gunpowder in a toy cannon left loaded since last Fourth of July.

Stevens Blackwell, at whose home Klein was killed, told police he and Klein had gotten the cannon out of a cupboard to clean it for this year's celebration. While picking the old charge with nail, the cannon exploded. Blackwell was not injured.

NEW YORK, June 29.—One child was killed and three injured by the explosion of fireworks in the metropolitan district within the last 24 hours.

Xenia Insurance Man Dies.

XENIA, June 29.—S. B. Lesourd, 76, founder of the insurance firm of S. B. Lesourd and Company and prominent in insurance circles of the state, died suddenly today in his summer home at Lakeside, O.

BOSTON POLICE GO TO HOUSTON TO GET PONZI

Former Financial Juggler Captured at New Orleans.

FLEEING TO ITALY

Convicted Man Decoyed From Ship; Was Working as Steward.

BOSTON, June 29.—Extradition papers were being prepared today and inspector John Mitchell of the attorney general's office was ready to leave for Houston, Texas, to bring back Charles Ponzi, ex-financial juggler, who was captured at New Orleans as he was fleeing to Italy.

Ponzi is wanted here for sentencing of from seven to nine years in prison in connection with his international coupon scheme.

HOUSTON, Texas, June 29.—Broken and whipped after his years of battling with the law, debonair Charles Ponzi, whose activities involving millions brought him international fame, arrived in Houston early today, a captive after weeks of freedom.

The center of a nation-wide hunt which started when he defaulted bail of $10,000 in superior court of Boston, Ponzi, his 44 years weighing heavily upon him, was arrested in New Orleans yesterday by Deputy Sheriff Lacy of Houston, who brought him to Texas.

Ponzi was taken handcuffed from the county jail to await arrival of Massachusetts police who will return him to Boston for his sentence.

His chance to reimburse creditors to whom he was indebted after the collapse of his financial adventure in Boston, failed when he was arraigned in Florida charged with violating state laws regarding declaration of trust.

"Hick cops" of a "tank town," as Texas cities regardless of their size are known in the north, brought Ponzi to bay in New Orleans yesterday when he was dragged from an Italian ship, the Sic Vos Non Vobis, on which he was fleeing to Italy. A week's trailing by Houston autohrities resulted in Ponzi's capture.

It was learned that Ponzi would not fight extradition.

Boston officials will pass sentence from seven to nine years upon him when he again is arraigned before superior court where he was convicted of grand larceny. His appeal was dismissed by the higher courts.

Until Massachusetts officers arrive for him he is being held in the jail here.

Ponzi was decoyed from the Sic Vos Non Vobis, where he was working as a steward, by Charles Krueger, United States customs inspector. As he left the ship Ponzi was grabbed by Deputy Sheriff George Lacy of Houston.

Ponzi was going under the name of Liciani Andrea. He wore only overalls and an undershirt and his hair was closely clipped in an attempt to disguise himself.

Girl's Foot Badly Cut When Caught In Bicycle Chain

Marjorie, 4-year-old daughter of Mr. and Mrs. Louis Sanford, Dixonville, sustained a badly lacerated right foot when it was caught between the chain and sprocket of a bicycle on which she was riding with a boy, at 9:30 o'clock this morning.

The foot was badly mangled but physicians are hopeful that it can be saved. The child was taken to the hospital where the injury was dressed by Drs. W. G. McDade and W. A. Hobbs.

Brothers Battle With Knives; One Dies in Hospital

BOSTON, June 29.—A knife battle between two brothers over money was waged early today in a room they shared.

The elder brother, Oscar F. Magnuson, 23, a student, died in a hospital after, police allege, he had stabbed his younger brother, Ernest, 16, in the chest and then stabbed himself in the abdomen.

Mystery was thrown into the affair when Frank Follman, a lodger, who found the bodies of the wounded youths, declared he was awakened by the screams of a woman.

Cleveland Girl, 5, Dies of Burns in Saving Baby's Life

CLEVELAND, June 29. — A real heroine died early today. She was 5-year-old Marietta Damato, who suffered fatal burns in saving her baby sister's life.

Marietta saw her baby sister, Frances, striking and playing with matches. All the admonitions of her parents against playing with matches came to her mind and she snatched them away from the tot. Her little flimsy dress caught fire, and the little heroine succumbed to her burns early today in Mt. Sinai hospital.

Authorities of several states have been looking for Ponzi since his disappearance from Jacksonville, Fla., June 3.

Jacksonville authorities today advised local police they will offer no objection if Ponzi is taken to Massachusetts to serve his term of seven years in prison there.

When Massachusetts has punished the "wizard" the state of Florida will then take steps to enforce the sentence pending against him in Jacksonville for fraud in connection with his Charpon Land Syndicate, authorities there said.

EAST END

SPECIAL SERMONS BEING DELIVERED

Large crowds are attending the Sunday night services in the Pennsylvania Avenue Church of Christ where the pastor, Rev. C. Melvin McKay, is preaching a series of sermons on "Bible Characters. Music is being furnished by the choir.

Next Sunday evening the sermon subject will be "The Mayor's Wife." Services begin at 8 o'clock.

Odd Fellows To Meet.

Regular meeting of Pennova lodge No. 880, I. O. O. F., will be held Thursday evening in the Hill building, Mulberry street. Number of matters will be discussed.

Mid-Week Services.

Mid-week prayer services will be held tomorrow night in the churches of this section of the city. Pastors will be in charge of the meetings.

Plan To Open Road.

Pennsylvania state highway department announced yesterday that the road above Conway which has been improved will be thrown open to traffic next Sunday.

Class Meeting Arranged.

Members of class No. 13 of the Second Presbyterian church will meet Thursday evening with Mrs. Lundy Price at her home in Palissy street. Mrs. R. W. Henderson will be associate hostess.

Makes Mountain Trip.

Dora M. Kaiser, of East End, made the trip to the top of Mount Tamalpais from San Francisco on June 10. The trip is made over the "crookedest railroad in the world"—281 curves in 11 miles of track from sea level to 2,500 feet elevation.

Lodge Meeting Tonight.

Eureka circle No. 86, Protected Home Circle, will meet tonight in the Hill building, Mulberry street. Regular business will be transacted.

Game Postponed.

Game scheduled for tonight at Klondyke between Victory Motors and Knowles, Taylor and Knowles at Klondyke ball grounds has been postponed until Thursday night in order to allow the players of both teams to attend the Chester-Laughlin contest tonight.

Engineers' Auxiliary Meeting.

Members of the auxiliary of the Brotherhood of Locomotive Engineers, Wellsville, will hold a special meeting tomorrow afternoon at 2 o'clock in their lodgerooms. The auxiliary will practice for the inspection planned in the near future.

Ohioan Stops Apartment Noise By Shooting Woman In Neck

"She Kept Hammering and Pounding and My Baby Couldn't Sleep," Alfred Maurcio Tells Cleveland Police.

CLEVELAND, June 29.—Love, greed and blighted happiness have often been cited as the cause of one person shooting another, but it remained for Alfred Maurcio to spring a new one on police as his excuse for shooting Mrs. Marjorie McCaskey, 32, who lives above his apartment. The bullet entered the woman's neck.

Maurcio, held today on a charge of attempt to kill, shot the woman, police say, from the window of his apartment while she was standing in the yard.

"Why did you shoot the woman?" police asked.

"She kept hammering and pounding in her apartment and my baby couldn't sleep, so I decided I would stop the noise," Maurcio is reported to have told police.

Mrs. McCaskey is in the hospital and Maurcio is in jail, so it is pretty quiet around the house now.

REPORTS FROM STOCK MARKET

NEW YORK, June 29.—A 5 per cent call loan renewal rate, lack of public buying of speculative stocks and liberal offerings by the professional traders resulted in an irregular price movement in the early trading in the stock market today. A few of the motor and industrial stocks were exceptionally strong, moving confidently against the general trend of the market, while railroad stocks exhibited more of the stability for which they have become noted in recent weeks.

Strength in United States steel and the leading Independent steel shares followed reports that current pig iron buying was the heaviest since 1924 and that prices for steel products were inclined definitely higher, steel common sold in good volume above 139, while cast iron pipe moved up about 4 points.

General motors swung into line at the head of the motor stocks and pushed forward to above 146, recovering practically all the ground lost in last week's decline. Atchison led the rails, through Kansas City southern was in demand on reports that formal application would soon be made to the interstate commerce commission by Mr. Loree for the formal consolidation of that road with St. Louis Southwestern and Missouri Kansas Texas.

Vigorous buying of United States steel in the second hours resulted in the advance in the stock to a record high price of 140. Motor stocks and high priced industrials were firm and active in this period.

Chicago Grains.

CHICAGO, June 29.—Grains opened easier today. Wheat was ¼c to ¾c lower; corn, ¼c to 6c down and oats ¼c to ¾c lower. Opening prices:

Wheat—July, $1.31 @1.31½; September, $1.31@1.31½; December, $1.34½@1.341.

Corn—July, 69½@69⅝c; September, 75¼c; December, 76⅝@76¾c.

Oats—July, 37½@37⅝c; September, 39c; December, 42½@42⅝c.

Pittsburgh Live Stock.

PITTSBURGH, June 29.—Cattle — Supply, 50 head; market steady. Choice, $10.00@10.50; prime, $9.50@10; good, $9.50@10.40; tidy butchers, $9.00@9.40; fair, $7.75@8.75; common, $6.75@7.25; common to good fat bulls, $5.50@7.50; common to good fat cows, $3.00@5.75; heifers, $7.00@8.00; heifers, $7.60@8.00; fresh cows and springers, $50@105.

Veal Calves—$12.50.

Sheep and Lambs — Supply, 200 head; market lower. Good, $7.50; lambs, $15.75.

Hogs—Receipts, 600 head; market steady. Prime heavy hogs, $14.25@14.50; heavy mixed, $14.60@14.85; mediums, $15.25@15.35; heavy Yorkers, $15.25@15.35; light Yorkers, $15.40@15.50; pigs, $15.00@15.50; roughs, $12.00@12.50; stags, $7.00@8.00.

Pittsburgh Produce.

PITTSBURGH, June 29.—Butter — Print 46-46½c; tub 45-45½c; Pa. & O., 39½-40½c.

LOWELL, MASS., WIDOW SLAIN

Store Owner's Body is Battered and Head Crushed.

LOWELL, Mass., June 29.—With her body battered and her head crushed, Mrs. Esther A. Frost, 60, a widow was found slain in her little variety store today. The motive is a mystery.

The cash drawer was empty but nothing else was disturbed and police suspected that the robbery of the small amount of money in the till was a blind. Investigators began to probe into the woman's past life to learn if she had some enemy.

Grace Before Meals Aids Digestion.

PHILADELPHIA, June 29.—Grace before meals is an excellent aid to digestion, Dr. Gilbert Fitz-Patrick, president of the American Institute of Homeopathy, declared in an address.

Eggs—Fresh selected 35-36c.

Why Our Furniture Looks Like New

"No, it is not really new furniture. It *looks* new because Jack and I spent a few chummy evenings last week giving some of our old treasures a beautiful new surface with Marietta paints. Why don't you and Dick try it?"

MARIETTA ART STAINS

Remember there's an easy way to preserve these treasured pieces, a way to bring back their original lustre—and you can do it all yourself within a few hours with Spartana Varnish Stain, (a Marietta product) the kind that flows easily and without "pull" from your brush, spreads generously, giving to every article a smooth, uniform surface.

Valley Wall Paper and Paint Store.

Corner West 6th and Jackson Sts.

"Look For the Sign"

PROVEN PUDDING BY SAMUEL MERWIN

COPYRIGHT BY THE CONSOLIDATED MAGAZINES CORPORATION RELEASED THROUGH CENTRAL PRESS

WHAT HAS GONE BEFORE:

Bee and Lou are modern girls sharing a Greenwich Village apartment. Bee is an actress, at present in the chorus, but keeping a stiff upper lip and a fond hope of success. Into the Village comes Delia, frail poetess of New England, seeking freedom from the repressions of her home. And Bee, a school chum of the freedom-seeker, invites her to share their apartment.

Now go on with the story:

CHAPTER TWO.

Bee unlocked a door and they climbed three flights of dark stairs. It was an old building with a stuffy smell. The apartment proved to be a mere two rooms and cupboard kitchenette, with a bathroom smaller than Delia would have supposed possible. But there were bright chintzes and shelves of books, and the furniture was comfortable. Crowded into a corner by the radiator was an upright piano, old and very small, with a number of current popular songs. A center table was littered with radical magazines which Delia eyed with quickening interest.

She was a lovely, slim creature.

"You'll sleep here," said Bee, indicating the couch. "It's perfectly simple for us. We'll love having you."

Delia stood looking out at those charming old Grove street houses across the park. The tall studio windows caught her eye. Her breath came a little short, and her eyes filled.

"Bee, I simply can't—oh, for a night or two, maybe—but—"

"Shucks. You can pay rent if you want to. It'll be larks. Three of us! Of course!"

Delia moved over to the couch and sank down on it. She was a lovely slim creature, crying a little but laughing too in her soft way. "Oh, Bee, you're wonderful!"

"Don't be silly! I've got to step over to the theater for a rehearsal. They're working some new people in."

"You're acting now?" Delia's wet eyes danced at the thought.

"Sort of," replied Bee, rather grimly. "I'm in the chorus of 'The Gondoliers.' It's better than nothing. And the crowd isn't bad. All from the Village here. It really doesn't mean that I'm a chorus girl. You can look in a little later if you feel like it. The stage door is to the right of the theater entrance. Just across the Square there."

"I've never been in a stage door."

Bee smiled. "You'll get used to that."

She turned to go. "Just make yourself comfortable here. Hang your things in the right-hand closet with mine. There in the bedroom. If Louise comes in, explain yourself. She'll understand. She understands everything. Forgive me for hurrying off, won't you? You'll find cigarettes in that little Russian box on the table."

"Oh, Bee, you are wonderful—"

"Now don't—"

"I can't tell you how I feel! Really being here in New York! Oh, freedom! Like the beginning of life. It WAS the breaking point. I'd have had to marry that man if I'd stayed. Or simply wreck the family life. Families—I don't know. They puzzle me."

"As an economic unit for the conservation of property, I suppose the family's all well enough," said Bee. "If they'd stop all this bourgeois sentimentality about it. I'm not for marriage myself. Life's too interesting."

Delia nodded eagerly.

"I know. If you can once shake free. All those little threads tied around you!"

"Well, at least here we are! And I've got to run. Come over in an hour. Then we'll find Lou and have dinner somewhere. Begin getting acquainted. Or wait here if you like."

As she ran down the stairs Bee reflected rapidly. Lucky she'd found the child. Take care of her.

(To be continued)

(Copyright, Consolidated Magazines Corp. Released through Central Press).

The vogue in this country for artificial flowers and fruits has increased the value of those made in the vicinity of Dresden, Germany, and brought here, to more than $1,500,000 a year.

Healthy Hair Adds To Youthful Beauty

Panty Dresses
Wash dresses in long-wearing ginghams—39c or 3 for 99c

Rompers
Big assortment of colors. Attractively trimmed and embroidered — 59c or 2 for 99c

POLA NEGRI IN FILM HIT

"Good and Naughty" Enjoyed by Audience at Ceramic.

It seems there are no limits to the versatility of that ravishing enchantress of the screen, Pola Negri, as all will testify who attended the opening performance of "Good and Naughty" at the Ceramic theatre last evening.

For in this rollicking film version of Avery Hopwood's stage farce, "Naughty Cinderella," the star—long known as the queen of tragedy—gives one of the most delightful and adroit serious-comedy portrayals that anyone might wish for.

Of course, great credit for the zest and spirit of the vehicle must necessarily go to Malcolm St. Clair's, Paramount's young genius who has directed five superlative comedy-dramas in a row, and praise must also go to Tom Moore, leading man, and Ford Sterling, ace of character comedians.

In short, the entire cast, deserves honorable mention for the splendid caliber of the picture, and this includes Stuart Holmes, Miss duPont, Marie Mosquini and Warner Richmond.

"Good and Naughty," briefly explained, concerns the love tangles of a group of persons whose social ratings range from the smart set of New York to the pugilistic blue book wherein is engraved the name of "Bad News" Smith. Miss Negri has the role of a girl who neglects her personal appearance, while maintaining a secret love for her employer, Tom Moore. It is only when he gets into a dilemma which naturally follows his clandestine affair with a married woman, that Miss Negri throws off the guise of an ugly duckling and artfully reveals herself as the dazzling creature she really is. Her motive, one may guess, is to extricate Moore from his uncomfortable situation, and win him for herself.

Go and see it. The secret of the story is too rich to divulge in cold print.

NEWS FROM TOWNS IN TRI-STATE DISTRICT

LISBON

M. K. Zimerman, West Park Ave. Phone 319-R. Lisbon, O.

KNOX TOWNSHIP CATTLE TESTED

County Will be Listed as Tuberculin Free Territory.

With one possible exception, all cattle herds in Knox township have been tuberculin tested, and the lone herd on the Miller farm is expected to be tested sometime this week. This is the final test, and out of the last 51 cattle tested in the township only two head have been lost.

When the tuberculin test was proposed under the state law, and 75 per cent of the herd owners signed to have their herds tested, there was nothing to prevent the progress of the test. After these herds had been tested there were some herd owners who refused to permit the test to continue, so far as it related to particular herds, and this resulted in Deputy Sheriff Joseph McDevitt being assigned to accompany the testers in cleaning up the township.

After the test had been nearly completed and refusal was met in testing remaining untested cattle, the herds were placed under quarantine and the product of the herd was not allowed to be sold under the law.

The several herd owners whose sale of milk had been shut off at Beloit because their cattle had not been subjected to the final test were in Lisbon Monday urging that these herds be tested, but as the schedule of the testers had been worked out for the week, it was not determined when the quarantined cattle would be subjected to the last test. In the meantime the product of these several farms are still under quarantine.

It has been declared that more objection to the tuberculin test was to be found in Knox township than in any other township in the county, but when it was proposed by state authorities to enforce the quarantine against the sale of non-tuberculin tested cattle, the herd owners who objected speedily agreed to allow their herds to be tested.

Only a few townships in the county remain to be tested under the new law, and as soon as these tests have been made a matter of record the county as a whole unit will be listed as a tuberculin-free territory, so far as cattle is concerned.

A complete record of the tuberculin test work is to be filed with the county commissioners and also the state department of agriculture.

TRACK REMOVAL IS ORDERED

The Miller Coal company, of Youngstown, which concern several years ago were interested in a coal stripping proposition on the Lisbon-Leetonia road in Center township, have been ordered by the county commissioners to remove the small coal car track that crosses the highway at that point.

From time to time numerous complaints have been filed with the commissioners and County Surveyor Lloyd C. Kirk about the abruptness of this crossing, and recently the maintenance crew of the state highway department covered the tracks with "cold patch."

LIMA FIRM GIVEN SURFACING JOB

Because the bid of J. C. McCann was submitted in irregular form, the state highway department at its June letting of roads and bridges refused to consider the proposition of the bidder for work in Columbiana county, and as a result Lewis & Copeland, of Lima, have been awarded the contract for concrete surfacing of Section D-1 of intercounty highway No. 502, or the East Liverpool-Youngstown road in Fairfield township.

This firm submitted a bid of $64,418.26, while the proposal entered by McCann was for $63,335.94, a difference of $1,082.32.

Lewis & Copeland are now at work grading and surfacing the Columbiana-New Waterford road.

THREE MARRIAGE LICENSES ISSUED

A marriage license has been issued to Thomas W. Post, a telephone lineman residing at Salem, and Miss Goldie Inez Warne, a stenographer residing at Salem and daughter of Mr. and Mrs. John Warne. The couple are to be married by the Rev. E. S. Collier, of the Salem Methodist Episcopal church.

The same minister officiated at the wedding of Forest L. Coy, manager of a Salem store, and Miss Esther L. Rogers, a bookkeeper at Salem and daughter of Mr. and Mrs. William B. Rogers. They were granted a marriage license at Lisbon Monday afternoon.

Edward Dray, a pottery worker at East Liverpool, and Miss Murel Stover, daughter of Mr. and Mrs. Ernest Stover, of East Liverpool, have obtained a marriage license. They were married at the parsonage of the Lisbon Christian church by the Rev. R. J. Bennett.

$17,000 FEDERAL ROAD AID MONEY

County Surveyor Lloyd C. Kirk has been informed by G. F. Schlesinger, chief of the state highway department, that Columbiana has received an appropriation of $17,000 of federal aid funds and $450 intercounty highway funds to be used on section D-1 of the East Liverpool-Youngstown road in Fairfield township. This road is a part of intercounty highway No. 502. This appropriation has been made provided the contract is awarded for a brick surface.

Should the contract be awarded for a concrete surface, the appropriation will be available on the basis of $15,000 federal aid funds and $2,270 intercounty highway funds.

Inasmuch as Lewis & Copeland, of Lima, have been awarded the contract for the surfacing of this section of the road with concrete, the latter appropriation will apply.

AWARD CONTRACT FOR NEW BRIDGE

On his bid of $36,960.50, the state highway department has awarded the contract to N. R. Porterfield of Youngstown, for the construction of a new bridge on the Westville-Alliance road, proposals for which were opened by the department at Columbus June 18.

With the completion of this bridge, the road will then be opened to through traffic between Westville and Alliance, by way of Mt. Union and will eliminate the detour as it is now followed through Sebring. In addition to the construction of the bridge, which will be built of steel, the contractor is also to construct permanent approaches to both east and west entrances to the bridge.

Assessments Confirmed.

The county commissioners have confirmed the assessments made by the trustees of Wayne township which have to do with the improvement of the No. 1 Green law road in that township.

This road extends from the end of the brick road at Gavers, southward toward Salineville, and is considered the most important north and south road in the township. The trustees propose to begin to improve this road at once.

Council Meet Deferred.

On account of Monday being observed as Independence day, no meeting of the council of the village of Lisbon will be held until Monday evening, July 12, it is announced. At this meeting Mayor Robert B. Clark and Clerk of Council Lloyd S. Binsley will advise the council that they have, under orders of council, signed a contract for the purchase of a new fire truck at a cost of $6,500.

Salineville

Robert Wilkie, 52 years old, died yesterday in the East Liverpool City hospital, as a result of an operation.

Mr. Wilkie, who was born in Scotland, first located in Salineville in 1912. Returning to Scotland in 1915 he came back here four years later. He is survived by his wife, formerly Miss Marian Drysdale, who with two sons and two daughters, survive; David and James D., both of Cleveland; Rubine, Scotland, and Catherine, at home.

He was a member of the Presbyterian church. Funeral services will be held in the home at 2 o'clock tomorrow afternoon, in charge of Rev. W. S. Martin, pastor of the Presbyterian church. Burial will be made in Woodland cemetery.

Rev. A. M. Jenkins, of Howard, O., was tendered a pastoral call by the congregation of the First Christian church. He will take up his duties on October 1. The pastorate has been vacant since the resignation of Rev. C. G. Huffer in January.

Union services will be held in the churches during the months of July and August. The first service will be held in the Presbyterian church, Rev. Ross S. Wilson, pastor of the United Presbyterian church, will preach. Rev. Paul L. Carter, of the Methodist church, and Rev. W. S. Martin, of the Presbyterian church, will assist in the services.

Mrs. Leslie Borchert, of Alliance is visiting her mother, Mrs. Allie Goddard.

William and Edward Grundy are visiting with relatives in Barnesboro, Pa.

Paul Johnson and John Hoey were Alliance visitors during the week-end.

Mr. and Mrs. Clyde Blazy were Wellsville visitors Sunday.

Mr. and Mrs. Frank Graubner and family of Toronto spent Sunday with local relatives and friends.

Mrs. Robert Pinney, of Chester, is visiting her parents, Mr. and Mrs. T. J. Anderson.

Mrs. Lucy Liggett, of Canton, is visiting her daughter, Mrs. Maud Maher.

Mrs. Joseph Louch and son, Thomas, and daughter, Dorothy, of Hazelwood, Pa., are visiting her parents, Mr. and Mrs. Thomas Anderson.

Miss Violet Lance and Miss Mary Sermon, of Alliance, spent Sunday with the former's sister, Mrs. Fred Liggett.

David and James Wilkie, of Cleveland, were called here by the death of their father, Robert Wilkie.

Theodore Moray was a Wellsville business visitor Monday.

Mrs. Albert Peters, of Canton, has concluded a visit with her husband here.

William, 10-year-old son of Mr. and Mrs. Lancelot Mordue, is a patient in the East Liverpool City hospital where he underwent a minor operation.

Minerva

The degree team of the Minerva Women's Benefit association with other members of the local order went to Magnolin recently and put on the degree of fraternity at the district meeting. Dinner was served in the K. of P. hall and a program given in the evening. The degree team are Mrs. William Hibbetts, commander; Mrs. O. E. Whitacre, lieutenent commander; Mrs. Warren Haines, past commander; Mrs. Anna Reed, chaplain; Mrs. Ben Cunningham, lady-at-arms; Mrs. Almeda Leyda, sergeant and Mrs. May Mountford, picket.

Mrs. E. O. Sala was hostess to the members of the Delphian society last Thursday evening. A review of the year's work was given under the leadership of Mrs. C. O. Betz. The society made a study this year of drama including that of Germany, Italy, France and England.

The monthly meeting of the W. C. T. U. was held at the home of Mrs. T. C. Van Pelt last Thursday evening. Mrs. J. C. Waddell was the leader. Mrs. McMillen, president of the Stark County W. C. T. U. was present and addressed the ladies on "Temperance." The quartet of the Christian church composed of Mrs. J. C. Waddell, Mrs. Clarence Underwood, Mrs. H. J. Richardson and Miss Dale Scott rendered several selections accompanied by Mrs. A. B. Jackson. The business meeting was held following the program. Mrs. J. C. Waddell, Mrs. F. A. Harsh and Mrs. W. E. Harrington assisted the hostess in serving.

Mrs. James Elliott was hostess to the New Idea club at her country home last Thursday at noon. A chicken dinner was served which was followed by the business meeting and program consisting of music and recitation. Plans for a picnic were made. Other than the club members present were: Mrs. Olin Elliott, Mrs. T. G. Arthur and Mrs. L. W. Walters.

Members of the choir of the Christian church were entertained recently at the home of Mr. and Mrs. Grant Walters, north of East Rochester.

Mrs. Paul Maddrell was hostess recently to the Octo club at her home on West street. The afternoon was spent in playing "500". Mrs. Alton Jones receiving first prize and Mrs. A. W. Yeagley, second. The consolation prize was given to Mrs. Homer Morrison. Those present aside from club members were: Mrs. Lynn Riddle and Mrs. Ralph Bowles of Steubenville. A two course luncheon was served by the hostess.

Arthur Koch has been appointed a member of the executive staff of the American Switch company located on Elizabeth street. Mr. Koch was formerly manager of the Pet Milk company.

Miss Mary Jane Rutledge, daughter of Mr. John Rutledge residing on West Line street and Jay Vaughn, son of Mr. and Mrs. A. L. Vaughn of Niles, were united in marriage by Rev. M. H. Woolf Tuesday, June 22, at the bride's home. Following the wedding the couple left for a trip to Philadelphia, Pa., and Atlantic City, N. J. The bride was a graduate of the local high school with the class of 1922. She was employed in the office of the Owen China Company. On their return they will reside at the Rutledge home.

Harvey Glass and family and Roy Shaw and family attended the funeral of Lewis Glass, father of Mr. Glass and Mrs. Shaw at New Chambersburg, last Wednesday.

Honoring the twelfth birthday of their daughter, Margaret, Mr. and Mrs. George Greenwood gave a dinner party recently at their home on West High street to a number of relatives and friends.

Mr. and Mrs. H. L. Toalston have returned from Gallipolis where they attended the wedding of their nephew, Lester B. Toalston and Miss Edith Saunders.

In honor of her daughter Doris' eighth birthday, Mrs. E. L. Kryder entertained the following girls at her home on East Line street: Betty Cooper, Jane Shory, Betty Garbet, Jean Witherspoon, Mildred Harris, Jeanette Roby, Betty Snook, Kathleen Richardson, and Edna Hibbetts. The afternoon was spent in playing games. Mrs. Kryder served lunch."

Hart grocery employes were entertained at their annual picnic at the home of Mr. and Mrs. Charles Stedor, south of town. The evening was spent with games. A picnic supper was served.

Mr. and Mrs. John Bateman are visiting the former's parents in Gambier, O.

Dr. Vincent Ward of Columbus is visiting with Rev. G. E. Ward and family.

Haskin's Letter

(Continued from Page Four.)

to the belief that the earth is flat and are firmly of the opinion that it is the rankest heresy to instruct children in any other belief.

A curious custom among many of these people is the carrying of simplicity to the point of absolute uniformity in dress for all ages. From the time a baby boy can walk he is dressed precisely the same as his grandfather—long trousers, unadorned blouse-like coat, and broad-brimmed hat, all black. Just so, the baby girl never knows what it means to wear pink ribbons. She is dressed from infancy in the same plain black garments worn by her mother and grandmother.

Paralleling in a sense these gropings after new thoughts and new ways in the matter of religious beliefs and customs, is the almost world-wide effort to learn more about the early life of man. On every continent scientific expeditions are making explorations and excavations in an attempt to unearth traces of earlier civilizations.

The two movements tie up in that a knowledge of how man lived and moved and had his being five or six or maybe ten thousand years ago presumably will throw some light on the state of his mentality at such periods. By tracing the development of civilization through these excavations, it will be possible to unravel the mystery of the development of religious beliefs, for the religion of men necessarily becomes a part of their daily life and the life and the religion are, to some extent, interdependent.

The exploratory work of principal interest to Christendom is that being done in the Holy Land and the territories adjacent to it. Until comparatively recently, the calculations of learned clergymen to the effect that the Creation took place about six thousand years ago were accepted by many devout persons. But buildings have been unearthed at Ur in Chaldea which are indubitably six thousand years old.

Civilization of 400 B. C.

Not only have great buildings been found of so ancient a date but also evidences of a relatively high state of civilization. For instance, in the temple of Ningal, wife of the Moon god, has been found a complete and scientifically planned drainage system. The discovery of cold storage has long been attributed to Lord Bacon who preserved fowls and game by stuffing the carcasses with snow, but the Near Eastern explorations have now revealed that nearly 4000 years before Christ and 5600 years before Bacon, cold storage systems were in use.

In the Hall of Justice at Ur there have been found libraries of graven tablets and evidences of business system in the form of receipts for goods and for taxes paid to the king. The factory system was employed in industry and child labor seems to have been prevalent. The excavations have revealed one factory the discovered records of which show that it employed ninety-eight women and sixty-three children.

The explorations reveal a great diversity of deities. Local gods were worshipped. In a territory no larger than the smaller states of the American Union, there flourished perhaps a dozen rival gods. The gathering together of evidence regarding these deities, the comparing of similarities, and the ultimate tracing of their combination into the idea of one supreme deity will furnish a task for the most erudite and devoted scholars for some time to come. Much is being learned concerning the lives, perils, pleasures, and worship of such patriarchs as Abraham and Saul and of great priests and princes who were figures of ancient history before these leaders were born.

The search is world wide. In Palestine, in Egypt, in Mesopotamia, in the great Desert of Gobi, the explorations are going forward. And on this side of the Atlantic, expeditions continue to seek new light in Central and south America, in the States of the American Union where survivals of the mound builders, the Cliff dwellers, and other prehistoric peoples abound, and in Alaska. Evidence of the migration of Asiatic peoples to North America by way of Alaska, evidence of explorations by the Vikings, generations before the day of Columbus, and many other fascinating historical facts are being unearthed.

The great universities and museums of the United States, England, France, Germany, and other nations are working in scientific rivalry to discover the true story of the dawn of mankind as it has been written in relics.

FOR Acid Stomach

PHILLIPS' Milk of Magnesia

Hereafter instead of soda take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour acid, gassy stomach, and relief will come instantly.

Better Than Soda

For fifty years genuine "Phillips Milk of Magnesia' has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

Try a 25c Bottle

Insist upon "Phillips." Twenty-five cent and fifty cent bottles, any drug store.

Pennant Rivals Clash Tonight In Crucial Game At Chester

Laughlin, Trailing By Half-Game, Will Try to Unseat Foes

Victory Will Practically Cinch Flag for Riley Crew; Defeat Will Put Them Half-game Behind McCoy Cohorts.

WHETHER Chester will reinforce its hold on first place or drop back to second in favor of Laughlin at the top, will be decided at this evening's City Industrial league clash at Smith Field, across the river, between the Rileyites and the clan de McCoy.

Whatever the outcome of this crucial contest, which a great throng will witness, Turk-Nash, in the offing just below, is ready to seize any loose opportunities to pass both contenders. The race, at this juncture, is sizzling in potentialities for these clubs.

Laughlin lost an opportunity to even the count in the won and lost column with Chester by dropping a game to K. T. K. last evening at Columbian park. The Newell outfit is just a half-game behind Chester and a full game ahead of Turk-Nash.

From all indications today, the Chester-Laughlin tilt this evening, with the first half pennant at stake, will draw the record crowd of the season.

The attraction, in fact, has proved too strong for even other league clubs to resist, as is seen in the action of K. T. K. and Victory Motors who have postponed their contest scheduled for this evening at Klondyke, until Thursday evening, so that they can take in the big tilt at Chester.

On Thursday the K. T. K.-Victory Motors combines will play a double header to make up for lost time, each game to go five innings.

Hap Jackson Blanks Newell At Klondyke

WITH four pitchers constituting his infield "Hap" Jackson, erstwhile twirler de luxe in these parts and present pilot of the K. T. K. City Industrial league team, elected himself to do the flinging against Laughlin at Columbian park last evening, which function he performed so well as to blank the West Virginians, 1 to 0.

Inning after inning he turned back the pennant gesturing contenders. He allowed but four scattered hits, fanned a quartet of swatters and walked but one. He was given faultless support up to the seventh when Jennings booted Babb's drive. Then Jackson bore down and fanned Bubin and Hunselman in turn. On the latter play, Digman, running for Babb, was doubled at second, ending the game.

Jackson got away to a seeming bad start when Crawford, after Jennings had thrown Parsons out at first, singled, and Finley walked. But he caused Herbert to hit just in front of the plate, enabling Gerace to throw him out at first, and himself came out of the danger zone by capturing Aufterheide's high fly.

Babb, doubling in the second, was stranded, as W. Watson, Hunselman and Suder went out in order in the second.

In the third, after two men had been retired, Finley singled and stole second, where he languished as Herbert fanned.

In the fourth and fifth his opponents went out in one- two, three order.

Crawford opened the sixth with a single, but inley, Herbert and Aufterheide went out at first right after each other. On Herbert's rap Jackson elected to toss the batter out at the first station rather than chance stopping the fleet-footed middle-gardener at third.

With Heckathorne on first, Jennings at short, Lysle at second and Stoffel on third, Simcox being absent and Jackson on the hilltop, the K. T. K. outfit was five-part pitcher strong. Lysle, accepting four. Heckathorne nine and Jennings four of five chances, played great ball. Stoffel did not have a fielding chance.

Jennings, with a triple, Lysle with a double and Stoffel and Jackson with singles contributed four of the five hits which their club made.

Suder, though losing, pitched good ball for Laughlin. He blanked K. T. K. for five innings after Jennings and Lysle in the first inning bunched a triple and a dauble for the only run of the contest. He fanned three, walked none, but hit one. In the second, third and sixth he retired his opponents in turn. But 22 men faced him during the game. He fielded splendidly and accepted six chances.

Gerace caught three innings before "Buck" Wilson's arrival. The latter went in to bat for the former in the fourth when Lysle, hit by the ball, was on second, had beaten out a bunt hit. None being out, there seemed a fine chance to score. But though the runners had reached second and third on a passed ball, Lysle was saught at the plate. W. Watson to Hunselman when the ball relayed from the catcher to Suder rolled behind him sufficiently far as to warrant the second sacker to take a chance at scoring. He was also forced at the plate in the first by Stoffel, Jennings to Hunselman.

W. Watson accepted three chances cleverly before retiring for a rest in the fifth as the result of a sprained ligament sustained in a previous contest. Aufderheide took his place at second and Bubin went to right.

Bubin, with the tying run on the bags, failed to hit safely in his only time at bat in the seventh.

Crawford led both clubs in hitting with two safeties in three chances. He also captured two field tries.

NASH DEFEATS WELLSVILLE

TURK-NASH SALES defeated Wellsville in a City Industrial league clash last evening at Patterson Field, 14 to 3, and is now threatening the two leaders, Chester and Newell.

Deshler twirled for the winners and held the visitors to seven hits and two runs in five innings. Captain E. Bayley succeeded him for the final inning and allowed one hit and one run.

Wolf, Wellsville moundsman, was touched for nine hits and ten runs in three and one third innings and Vess, succeeding him, allowed one swat and four runs in one and two-third frames.

James led the down river aggregation with the club, having three singles in four times at bat.

R. Pollock connected safely twice, both doubles, in a trio of batting chances.

D. Morgan, walking in the fourth after Schneidmiller had doubled and purloined third base, stole second, and forgetting momentarily that Schneidmiller was at the hot corner, tried to swipe third but was successful in getting back to the keystone sack safely.

Wellsville had but two assists during the engagement, Dustman, at short, and Catcher Vanaman getting one a piece.

Offer Rusty Callow $15,000 Job As Rowing Coach At Pennsylvania

Tender Climaxes Washington's Sweeping Victory Yesterday Afternoon at Poughkeepsie.

NEW YORK, June 29.—"Rusty" Callow, man of destiny as a result of the dazzling victory of his University of Washington crew at Poughkeepsie, today faced the most important decison that can come before a man at such a stage of his career. The winning Husky squad was to come to New York tonight to do the theatres and see the lights, but Callow was not to be with them.

According to a pre-arranged appointment, the most famous rowing coach in America was to continue on to Philadelphia in the company of John Arthur Brown, chairman of the rowing committee at the University of Pennsylvania.

As the writer understands the situation, Callow will spend the next few days as the guest of Mr. Brown at the latter's summer home at Atlantic City.

Callow, they say, bought a railroad ticket for Philadelphia yesterday before his super-crews won the varsity and junior varsity races at the greatest regatta Poughkeepsie ever has known. How he felt about the matter after these stirring victories were gained no one could say, but the betting was even that he, at least, would go far enough to keep the Brown appointment.

For one thing, the Pennsylvania offer is not less than $15,000, according to reliable information, with the sum of $25,000 to be divided between Callow and Fred Spuhn and Max Luft, former Washington oarsmen now in charge of rowing at the Philadelphia school.

For another, the coming of Spuhn and Luft to Pennsylvania this year was said to have been effected with the understanding that Callow was to follow and take direct charge in 1927. This, if true, may be a moral obligation that Callow might not care to ignore.

However, the best laid plans of mice and men often run up a blind alley and forget to come back. It had been Brown's fond fancy that he would close the Callow deal at Poughkeepsie, but he couldn't even get close enough to the coach to borrow a match or admire his necktie.

'Tiger' Still Lively After 10-round Go; Puts on Charleston

BOSTON, June 29.—Tiger Flowers, the Georgia Tornado, who holds the middleweight championship of the world, decisively defeated Ray Neuman, of Newark, N. J., in a ten-round bout here last night.

When the battle was over, Flowers did a somersault and then gave an exhibition of the "Charleston" before Neuman to show that he still possessed a lot of energy. He also did the heel and toe in Charleston style, and the multitude applauded.

INSIDE Ggolf

By CHESTER HORTON,
Maker of 51 Golf Champions. "Golf's most successful teacher," says "Chick" Evans.

Unwinding the body too rapidly in the forward swing causes a great deal of slicing. This results because the body, moving forward too quickly and out of pace with the descending club, gets too far ahead of the ball so that the clubhead drags across the ball. There can be a jumping forward with the body, through the hips, but this should take place at the ball. Many golfers introduce this jump-forward from the top and thus they get it too quickly. The only result then is that they get the body away ahead of the club. This makes good timing almost impossible.

(Copyright John F. Dille Co.)

CHAMP LATZO TO RISK TITLE

Harmon, However, Must Land K. O. to Capture Crown.

NEWARK, N. J., June 29.—Twenty-five thousand fans are expected to see Pete Latzo, world's welterweight champion, place his crown in jeopardy for the first time tonight, when he meets Willie Harmon in a twelve-round battle at Dreamland park.

It will be a no-decision fight but there always is a possibility of a knockout, although few fight experts expect Harmon to turn the trick.

Garcia Severely Beaten By Kaplan

HARTFORD, Conn., June 29.—"Bullet Bobby" Garcia of Baltimore was a bruised and battered youth today, pounded to a pulp here last night by Kid Kaplan, featherweight king, in the first championship fight held here since Young Corbett knocked out Terrible Terry McGovern twenty-five years ago. Garcia was knocked out in the tenth round, the referee stopping the slaughter after one minute and fifty-four seconds of the round.

Young McCauliffe, the referee, stopped the fight after Garcia had been knocked down seven times. Garcia's legs were caving in, his eyes were glazed and his jaw sagged. Blood poured from several cuts on his face and his nose was smashed.

Ten thousand fans saw the bout. George Mulligan, the promoter, said today that he had lost $10,000 on the venture. Kaplan received $17,000 and Garcia $7,200.

De MOLAYS BOOK LAUGHLIN GREYS

Harding Chapter, DeMolay, nine will tangle with the Laughlin Greys tomorrow evening at Columbian park, the game beginning at 5:45.

The DeMolays are slated to clash with the K. of C. tossers this evening on the East End diamond. The game will start at 5:45.

That was a red-letter day for me!

THE day I discovered the tidy red tin was a red-letter day for me. Up until that time, I was fairly well satisfied with my smoking tobacco. At the suggestion of a friend, I tried a pipe-load of his Prince Albert. More to please him than for any other reason.

Little did I realize then what a big favor he was doing me. I'll never forget that experience. Here I was, a seasoned smoker (as I thought), learning something new about tobacco. Why, that very first taste won me. Still, I wasn't hasty. I tried another load to be certain.

That settled it. I bought a tidy red tin of P. A. right then and there. That was a good many years ago, but P. A. is still ministering to my smoke-taste, repeating my early experience many times a day. P. A. is so cool and sweet and fragrant, you just never tire of it.

No matter how hard you hit it up, P. A. never backfires. It is uniformly mild and mellow. Never bothers your throat or tongue. It is so genuinely friendly that you just go to it from morning to midnight. Cool contentment in every perfect puff. Get some P. A. today.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

PRINCE ALBERT

—no other tobacco is like it!

Some well meaning but misinformed persons have been circulating the report that we handle nothing but an expensive line of mechanics' tools.

This Is a Mistake

While it is true that we do carry a very complete line of finest quality tools, we are in a position to furnish them at very attractive prices and we also carry an equally complete stock of popular priced home hardware for the person who uses them only occasionally and does not insist upon the extra fine material, workmanship and design that every mechanic knows he will find in a YANKEE SCREW DRIVER or DRILL, a PLUMB, HAMMER or a DISSTON SAW.

IMPROVE SEWER DISTRICT NUMBER TWO BY CONSTRUCTING THEREIN A SANITARY SEWER OF HARD BURNED VITRIFIED SEWER PIPE.

WHEREAS, three-fourths of the owners of the foot frontage of property on Ephriam Street between the west line of Lot Number 2423 and Riley Avenue and on Riley Avenue between Ephriam Street and a point about six feet west of the intersection of Minerva, Riley and Huston Streets, and on Laura Street from Bank Street to Ephriam Street, have petitioned in writing for the improvement of said streets, between the points named, by constructing therein a sanitary sewer of hard burned vitrified sewer pipe, now, therefore

BE IT RESOLVED by the Council of the City of East Liverpool, State of Ohio: (Three-fourths of all the members elected thereto concurring)

SECTION I. That it is necessary to improve Sewer District Number Two and Ephriam Street from the west line of Lot No. 2423 to Riley Avenue and Riley Avenue from Ephriam Street to a point about six feet west of the intersection of Minerva, Riley and Huston Streets, and Laura Street from Bank Street to Ephriam Street, by constructing therein a sanitary sewer of hard burned vitrified sewer pipe, together with all necessary manholes, flush tanks, branch connections and doing everything else necessary or essential for the proper completion of said improvement in accordance with the plans, profiles, specifications and estimates hereinafter mentioned.

SECTION II. That the grade of said sewer shall be shown on said plans, profiles, and specifications which are now by reference made a part of this resolution.

SECTION III. That the plans, specifications, estimates and profiles of said proposed improvement herintofore prepared by the City Engineer and now on file in the Office of the Director of Public Service, where the same are open for public inspection, be and the same are hereby approved.

SECTION IV. That the whole cost of said improvement less one-fiftieth (1/50) thereof, shall be assessed by the foot front upon the following described lots and lands bounding and abutting upon the proposed improvement which said lots and lands are hereby determined to be specially benefitted by said improvement; and in the amount to be levied and assessed pursuant herto; and the cost of said improvement shall include the expense of the preliminary and other surveys, and of printing and publishing the notices, resolutions and ordinances required; and the serving of said notices, the cost of constructing, together with the interest on bonds issued in anticipation of the collection of deferred assessments and all other necessary expenditures.

SECTION V. That the assessments so to be levied shall be paid in five (5) annual installments, with interest on deferred payments, at the same rate as shall be borne by the bonds to be issued in anticipation of the levy and collection thereof; said rate not to exceed six (6) per cent per annum; provided, however, that the owner of any property assessed may, at his option, pay such assessment in cash within thirty (30) days after the passage of the assessing ordinance.

SECTION VI. That bonds of the City of East Liverpool, Ohio, shall be issued in anticipation of the levy and collection of assessments by installments and in an amount equal thereto.

SECTION VII. That the remainder of the entire cost of said improvement, not specially assessed, shall be paid by the issuance of bonds in the manner provided by law.

SECTION VIII. That said improvement is hereby declared to be conductive to and necessary for the public health, convenience and welfare.

SECTION IX. That this Resolution shall take effect and be in force from and after the earliest period allowed by law.

Passed this 17th day of June, 1926.

Resolution No. 364

DECLARING IT NECESSARY TO IMPROVE LAURA STREET FROM AMBROSE AVENUE TO BANK STREET AND EPHRIAM STREET FROM RILEY AVENUE TO MAIN BOULEVARD BY GRADING THE SAME.

WHEREAS, The owners of three-fourths of the foot frontage of property on Laura Street from Ambrose Avenue to Bank Street and on Ephriam Street from Riley Avenue to Maine Boulevard, have petitioned in writing for the improvement of said streets, between the

XII— Auctions—Legals

points named, by grading the same, now, therefore

BE IT RESOLVED by the Council of the City of East Liverpool, State of Ohio: (Two-thirds of all the members elected thereto concurring)

SECTION I. That it is necessary to improve Laura Street from Ambrose Avenue to Bank Street and Ephraim Street from Riley Avenue to Main Boulevard by grading the same, and doing everything else necessary or essential for the proper completion of said improvement, in accordance with the plans, profiles, specifications and estimates heretofore prepared by the City Engineer which are hereby approved and adopted, and which are and shall remain on file in the office of the Director of Public Service, open to the inspection of all persons interested therein.

SECTION II. That the grade of said street as improved shall be the existing established grade.

SECTION III. That the whole cost of said improvement less one-fiftieth thereof, and the cost of intersections and less any amount or amounts required to be deducted by authority of Section 3822 of the General Code of Ohio, shall be assessed by the foot front upon the following described lands and lots, to-wit: All lots and lands bounding on or abutting upon the proposed improvement between and including the termini of said improvement, which said lots and lands are hereby determined to be specially benefitted by said improvement and in the amount to be levied and assessed, respectively, pursuant herto; and the cost of said improvement shall include the cost and expense of the preliminary and other surveys, and of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices, the cost of construction together with interest on notes and bonds issued in anticipation of the levy and collection of deferred assessments, and all other necessary expenditures.

SECTION IV. That the assessments so to be levied shall be paid in five annual installments, with interest on deferred payments, at the same rate as shall be borne by the bonds to be issued in anticipation of the collection thereof; said rate not to exceed six per cent per annum; provided that the owner of any property assessed may, at his option, pay such assessment in cash, within thirty days after the passage of the assessing ordinance.

SECTION V. That notes of the City of East Liverpool, Ohio, shall be issued in anticipation of the levy of special assessments or of the issuance of bonds; and bonds of the City of East Liverpool, Ohio, shall be issued in anticipation of the collection of special assessments by installments and in an amount equal thereto, or sufficient for the purpose.

SECTION VI. That the remainder of the entire cost and expense of said improvement, not specially assessed, shall be paid by the issuance of bonds, in the manner provided by law.

SECTION VII. That said improvement has been found by Council to be, and is hereby declared to be, conductive to and necessary for, the public health, convenience and welfare.

SECTION VIII. That this resolution shall take effect and be in force from and after the earliest period allowed by law.

Passed this 17 day of June, 1926.

Ordinance No. 2061

AN ORDINANCE TO PROHIBIT THE BUILDING OR ERECTING OF ANY OBJECT, STRUCTURE, DESCENDING STAIRWAY OR OBSTRUCTION TO PUBLIC TRAVEL OR TRAFFIC WITHIN THE BOUNDS OF ANY PUBLIC STREET, ALLEY OR SIDE-WALK WITHIN THE BUSINESS DISTRICT OF THE CITY OF EAST LIVERPOOL, OHIO.

BE IT ORDAINED by the Council of the City of East Liverpool, State of Ohio:

SECTION I. No object, structure, descending stairway or obstruction to public travel or traffic, shall be built or erected or permitted to continue within the bounds of any public street, alley or sidewalk within the business district of the City of East Liverpool, Ohio; unless said object, structure, descending stairway or obstruction to public travel or traffic has been built or erected by virtue of a franchise or permit legally granted.

SECTION II. That any object, structure, descending stairway or obstruction to public travel or traffic now within the bounds of any street, alley or side-walk within the business district of the City of East Liverpool, Ohio, shall be removed therefrom within five days after notice and on the order of the Board

XII— Auctions—Legals

of Control of said City; unless said object, structure, descending stairway or obstruction to public travel or traffic has been built or erected by virtue of a franchise or permit legally granted.

SECTION III. It shall be the duty of the Board of Control of the City of East Liverpool, Ohio, to enforce the provisions of this ordinance.

SECTION IV. For the purpose of this ordinance the Business District of the City of East Liverpool, Ohio, shall mean that part of the City bounded as follows: Bounded on the east by a line extending from the City Limits at low water mark on the Ohio River, north along the east line of Walnut Street to what is known as the Horn Switch; thence in a westerly direction along the said Horn Switch to Dresden Avenue; thence north along the east line of Dresden Avenue to West Ninth Street; thence along the north line of West Ninth Street to Chestnut Street; thence in a southerly direction along the west line of Chestnut Street to West Eighth Street; thence east along the south line of West Eight Street to Jefferson Street; thence along the west line of Jefferson Street to low water mark on the Ohio River; thence east along the low water mark on the Ohio River to the Point of beginning.

SECTION V. Whoever violates any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and fined not less than the sum of $5.00 nor more than $25.00, and the cost of prosecution; and each and every day that such violation shall continue shall be deemed to constitute a separate and distinct offense.

SECTION VI. This Ordinance shall be deemed an emergency ordinance and shall go into immediate effect. Said emergency lies in the fact that buildings now in the course of construction in the city are being built and erected under such plans, specifications and designs as will later obstruct public travel and traffic with nithe bounds of said streets, alleys and sidewalks in the business district of said city.

Ordinance No. 2062

AN ORDINANCE AUTHORIZING AND DIRECTING THE DIRECTOR OF PUBLIC SERVICE TO ADVERTISE FOR SALE REAL ESTATE THEREIN AND CONVEY THE REAL ESTATE THEREIN DESCRIBED.

BE IT ORDAINED by the Council of the City of East Liverpool, State of Ohio: (Two-thirds of all the members thereof concurring)

SECTION I. That the following described real estate belonging to the City of East Liverpool, Ohio, is no longer needed for any municipal purpose to-wit: Situated in the City of East Liverpool, County of Columbiana and State of Ohio, beginning at a point where the north-west line of Lot 4320 intersects with the south-west line of Thompson Avenue; thence southeastwardly along and parallel to the north-east line of Lot 4320 a distance of one hundred and sixty-four (164) feet; thence northeastwardly to the south-west line of the Reservoir Property; thence northwestwardly along the south-west line of the Reservoir Property a distance of one hundred and sixty-four (164) feet to the south-east line of Thompson Avenue; thence on and along the south-east line of Thompson Avenue to the point of beginning.

SECTION II. That the Director of Public Service be and he is hereby directed and authorized to advertise for sale the above described property, and to sell the same for cash to the highest and best bidder after advertisement according to law; and the Director of Public Service, the Mayor and the Auditor of said City are hereby authorized and directed to convey and transfer said property when sold as herein provided, upon payment in cash of the bid accepted by said Director provided, however, said Director shall have and retain the right to, and is authorized to, reject any and all bids.

SECTION III. That this Ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed this 17 day of June, 1926.

LAUGHLIN MEETS CHESTER TONIGHT

Newell baseball fans in large numbers plan to attend the game tonight between Homer Laughlin China and Chester teams of the Industrial league which is scheduled to be staged on Smith field, Chester.

Both the West Virginia clubs are in a hard fight for the premier of the first half of the season and the result of the contest tonight will have an important bearing on the final standing of the respective clubs.

Leaves for Convention.

Number of Hancock county school teachers left yesterday for Philadelphia where they will attend the annual convention of the National Educational association. Sessions will continue during the remainder of the week.

Many Attend Lawn Fete.

Lawn fete held last night under the auspices of the Ladies Aid and Missionary society of the First Presbyterian church on the lot between Fourth and Fifth in Washington street was largely attended.

MINING INSTITUTE PROGRAM FORMED

The tentative program for the meeting of the West Virginia Coal Mining Institute to be held at Bluefield July 13 was given out at the state department of mines and mining yesterday. It includes the reading of papers by some of the most prominent mining men and engineers in the country. The meeting will be held in the West Virginia hotel beginning at 10:30 a. m., July 13, and concluding the day with a banquet at the hotel in the evening, starting at 7:30 o'clock.

The following day, those attending the meeting will be taken on an inspection trip to Shamokin mine of the Pocahontas Fuel company to see the famous coloder machine in operation.

The first paper will be read by L. W. Brown, district mine inspector of West Virginia on "Mine Management and Its Relation to Safety and Efficiency."

Prayer Services.

Prayer meeting services will be held tomorrow evening in the various churches of the city. Devotionals will be in charge of the respective pastors.

Court Term to Close.

June term of the Hancock county circuit court will close this week. Several more cases remain to be disposed of before Judge J. Harold Brennan.

Due to business conditions five large tine mines of Bolivia have shut down.

The Riga-Strand Railway of Belgium is to be electrified.

PITTSBURGH WORLD CHAMPS PAY COMPLIMENT TO MIKE MARTIN

Declare Washington's Trainer a Wizard Liniment Mixer; Beats the World.

READ WHAT SERIES STARS SAY ABOUT HIS LINIMENT

Fans who feel old, achy, lame, stiff, rheumatic and sore, should get hold of the World Series Heroes, Oldham, Wright, Morrison, Meadows, Rawlings, Aldridge, Kremer, Moore or Barnhart, who helped battle Pittsburgh to victory and ask them what is good for aches and pains. Or, ask the Pittsburgh Trainer, George Aston. He knows.

Right away you'd learn, if you don't know it already, that there is a magic liniment made in Washington by the Senator's Trainer which is used in the big league because it knocks out such ailments quicker and better than anything on earth.

Every World Champ listed above endorses publicly this same liniment. They are unanimous about it—just like Ty Cobb, Walter Johnson, Sisler and scores of others are. It is a cinch Pittsburgh wouldn't use Mike Martin's Liniment if it wasn't the best money can buy because money is no object to a chap in their game.

Mike Martin, Trainer of Clark Griffith's bunch of stars, makes it. He backs every bottle with his signature and reputation. The best stuff money can buy goes into it—results are naturally better and good gosh but how anybody can go wrong with a remedy endorsed like it is? Throw away that foul smelling bottle of blistering liniment. Chuck into the ash can old fashioned stuff you have around the house and invest a few cents in a bottle of Mike Martin's Liniment. A good rub tonight and you feel like a fighting kid, ready to run a foot race in the morning. Carnahan's 3 Drug Stores and all good druggists have Mike Martin's Liniment with his personal directions on each bottle.

AUTO KILLS MAN; DRIVER HELD

TWO OHIO MOTORISTS DROWN IN CREEK

Today

A Brave Young American.
Long Lost Atlantis.
Mr. Williams Turbine.

By ARTHUR BRISBANE

(The opinions expressed in this column are strictly those of Mr. Brisbane and not necessarily in consonance with the policies of The Review-Tribune.)

Copyright, 1926, by the Star Co

CADET WILLIAM POINT, a brilliant young West Point graduate, was burned to death in an airplane with his superior officer, Maj. William L. Moose. A farmer who saw the plane's destruction describes the hkeroism of the young West Pointer. He was thrown clear of the plane as it landed, not caught in the gasoline explosion with Maj. Moose. Seeing the plight of his friend, he ran within the blazing circle to extricate him. Twice he was forced back by the heat and fumes. He went in a third time and did not come out. Both were burned to death.

A FINE young American was lost in that "accident." The question is was it an accident, or another sample of official airplane recklessness and incapacity? Such men are too valuable to be risked in death traps.

A GERMAN scientist says the long lost island of Atlantis was located in what is now the Sahara desert, in the Algerian Salt swamps called Shottel Jerid. He has proofs that convince you. Atlantis, referred to by many ancient writers, may have been an oasis in a desert, but it is probabl that the salt marshes of today were once an ancient sea, with "fabled Atlantis' rising above it.

Mountains now stand where the ocean's bottom once was. The chalk cliffs of England were manufactured by marine animals, then pushed up above the water. The surface of this earth has risen and fallen, like bread in an oven.

MACHINE building is the only thing that human beings do really well at this time, including machinery to kill each other. Amazing is a new machine soon to work for the Edison company in New York, described by Arthur Williams in a radio talk. One single turbine will cost nearly two million dollars, and be twice as powerful as any similar unit in existence. Twenty years ago that machine would have supplied enough light for all New York.

This giant turbin, weighing more than a million pounds, eats up one thousand pounds of coal every minute, but uses it so economically, on power production, as to save for more fuel than it actually consumes.

The real solution of material problems is in man's mechanical genius.

THE French debt settlement will be delayed because Britain urges France not to settle with America until she has arranged her debt with Britain. Caillaux has shown, by his treatment of Berenger, that he does not think much of the proposed American settlement anyhow.

THERE is a difference between the French-British and the French-U. S. A. debt. French fighters, at the beginning of the war, held the Germans back from the channel, and probably saved Britain a visit by the kaiser. British billions were lent to France, to save Braitain.

Uncle Sam, on the other hand, represented in Europe by President Wilson, was a sort of international easy mark, lending to anybody. No one will suggest that this country was ever in

THREE ESCAPE AS THEIR CAR PLUNGES FROM ROAD BRIDGE

Fostoria and Findlay Men Killed Near North Baltimore.

VICTIMS MARRIED

Meet Death in Mud as Machine Lands Bottom up.

TOLEDO, June 29.—Charles Courtney, 40, of Fostoria, and John Holdman, 65, of Findlay, Ohio, were drowned early today when their automobile plunged into a creek at a bridge just outside of North Baltimore, Wood county.

Mrs. Clara Edwards and Clarence Edwards, both of Findlay, and Ella Moore of Bellevue, Ohio, the other occupants of the car, were slightly injured when they were thrown from the machine.

Loses Control of Car.

Courtney was driving the car, surrendered C. S. McCoy, North Baltimore undertaker. He lost control of the machine, an open car, as it was passing over the bridge and the car went over the side bottom up.

Pinned between the windshield and the back of the front seat Courtney and Holdman were drowned in the mud and ooze in the bed of the creek before aid could reach them.

The three survivors managed to crawl out of the wreck and made their way to the bank where they screamed for help.

Several farmers living nearby responded to the cries but found the two men under the car already dead.

Both Courtney and Holdman are said to have been married, Courtney had two children and Holdman three.

Mrs. Edwards, her son, Clarence, and Miss Moore returned to Findlay early today.

The bodies of Courtney and Holdman are being held here pending instructions from their families.

Farmer Is Auto Victim.

NEW LEXINGTON, June 29.—Jessie Skeens, 36, farmer, is dead today as the result of an accident late last week when the car in which he was riding struck a bridge, went through a fence and upset on the New Lexington-Somerset road.

Francis Masterson, 33, driver of the car, is being held in New Lexington jail for investigation. Skeens leaves a widow and six children.

THREE MEN PAY FINES IN COURT

Fines of $1 and costs each were assessed against John Sheffler, Donald Allison and E. A. Siddell by Municipal Judge Hanley today upon traffic law violation charges. They are alleged to have driven through the red block in the light at the corner of Fifth street and Broadway.

A similar charge has been preferred against H. R. Scott, who is charged with having ignored the signals at Fifth and Market streets.

Charges of driving without license plates, filed against Dale Walters, were dismissed by Judge Hanley.

David Coleman, Sophia street, has been arrested upon a charge of malicious destruction of property, filed by John S. Miller, Rock alley. Coleman is alleged to have caused $10 worth of damage to Miller's automobile.

$12,000 in Gems Stolen From Parked Auto in New York

NEW YORK, June 29.—A bag of gems, valued at $12,000, was stolen from his automobile while it was parked in front of St. Patrick's Cathedral, W. H. Vanderpool reported to police today.

U. S. STEEL STOCK HITS $140 MARK

NEW YORK, June 29.—United States Steel Corporation stock sold at $140 a share on the stock exchange today—the highest price in its history.

$40,000,000 Power Plant Will Be Built At Shippingport

Duquesne Light Company, Pittsburgh, Announces Work Will Begin Next Spring on Structure.

Work will be started next spring at Shippingport, Pa., on the Ohio river, 12 miles east of here, on a $40,000,000 power plant, one of the largest in the world, according to the statement today of officials of the Duquesne Light company, of Pittsburgh.

James M. Graves, vice president of the Pittsburgh firm, made the announcement when he came to Beaver county with several hundred other leaders in the power industry from western Pennsylvania and eastern Ohio, to take part in the celebration attending the linking of the Mississippi valley with Boston by one continuous power system.

The last link of the huge power system, built jointly by the Duquesne Light company and the Pennsylvania-Ohio Electric company, has just been cut in. It carries 66,000 volts.

"Ground-breaking on the Shippingport plant," Graves said, "will be done next spring. While plans have not been drawn up our engineers are working on the preliminaries for a great power plant of the mine-mouth type."

JASON NEVILLE, 84, CIVIL WAR VETERAN DIES; FUNERAL THURSDAY

Served as Pilot, Captain and Engineer on Ohio River Boats After Rebellion.

Jason Neville, 84, Civil war veteran, died last night in his home, 128 East Fourth street, after a 10 days' illness of a complication of diseases.

Mr. Neville, who was born in Industry, Pa., enlisted with six brothers from Beaver county on April 19, 1861. He was mustered into service at Harrisburg on June 19 as a member of Company F, 10th regiment, P. R. V. I., recruited mostly of men residing in the western counties of Pennsylvania.

The regiment, which was later assigned to the Third brigade, participated in the engagement at Dranesville, Va., December 20, 1861, and early in the following year marched in the advance on Manassas. Later the company was merged with the First division, Fifth army corps, Army of the Potomac, and took part in the following engagements: Seven days' fight, including Mechanicsville, Gaines Mills, Charles City Cross Roads, White Oak Swamp, Second Bull Run, South Mountain, Antietam, Fredericksburg,

FORMER MOVIE ACTRESS IS HELD FOR HOMICIDE AS DRUG VICTIM DIES

Miss Josephine Leonard, New York, Admits, Police Say, That She Gave Morphine to Widow.

NEW YORK, June 29.—Miss Josephine Leonard, 32, an attractive former picture actress, was arrested today and charged with homicide. She is held responsible for the death of Mrs. Elizabeth Chandler, 33, a widow, who succumbed early this morning to drugs.

Miss Leonard admitted, according to police, that she supplied the drugs to Mrs. Chandler.

Police said Miss Leonard told them that she and a mutual friend, Harold A. Schleitz, 38, a motion picture operator, called on Mrs. Chandler last night. The widow, she said, complained of severe pains, the result of an accident a year ago which "caused her to use morphine." The actress said she gave her several morphine tablets to ease the pain.

All three retired for the night, each going to separate bedrooms. Early today Mrs. Chandler began groaning. Schleitz summoned a taxicab and Mrs. Chandler was rushed to a hospital where she was pronounced dead.

Cincinnati Auto Toll Goes to 61 as Widow is Killed

CINCINNATI, June 29. — With the death of Mrs. Mollie Benison, 68, a widow, the result of being run down by an automobile, the 1926 traffic toll climbed to 61 today. Albert Schad, said to have driven the car, was charged with manslaughter. Police said they learned the woman was crossing a street when struck by the automobile, which was traveling at a high rate of speed.

Eight other persons, injured by automobiles, were in hospitals today.

Observe Traffic Lines, Director J. W. Moore Requests

Service-Safety Director J. W. Moore today called upon automobile owners to observe the traffic lines which have been marked on the street at the intersection of West Fifth and Jackson streets.

Inasmuch as all turns are permitted at this corner, motorists are urged to keep to the right. Pedestrians are advised to keep within the cross walk lines and carefully watch for approaching automobiles before crossing the street.

The safety department has also worked out a marking arrangement for the intersection of Lisbon and West Eighth street. Four driveways are to be marked on Eighth street, two of them for the Wellsville road traffic and the other two for automobiles traveling Lisbon street. This is regarded as one of the most dangerous thoroughfares in the city.

$10,000,000 Rushed To West Palm Beach To Stop Bank Runs

WEST PALM BEACH, Fla., June 29.—The movement of $10,000,000 in cash in armored motor cars from Miami to West Palm Beach during the night became known this morning when all banks in the city, with the exception of the Palm Beach Bank & Trust company and the Commercial Bank & Trust company, opened their doors in the face of crowds through which excitement ran high. With the emergency supply of cash available, bank officials were confident the near-panic among depositors would rapidly subside.

The Palm Beach Bank & Trust company, it was announced today, probably will reopen within 60 days.

Undertaker, Who Buried 4,795, Dies.

URBANA, June 29.—During the 47 years he was an undertaker, the late Albert Froome, 68, Saint Paris, near here, officiated at 4,795 funerals. Funeral services will be held this afternoon for Froome, who died Sunday.

POSSE JAILS BANK BANDITS

Three Negroes Captured After Hold-up at Carey.

CAREY, June 29.—Three Negro bandits who attempted to escape on foot after successfully robbing the First National bank here in broad daylight today of $1,500, were captured 45 minutes later on a farm near here by members of a posse. The money was recovered.

The men, subdued after an exchange of shots, gave their names as Tommy Right, 21, of Baltimore, Md.; Henry Thomas, 26, of Roanoke, Va., and Tom Davis, 26, of Memphis, Tenn.

The posse was formed immediately after the bank's officers sounded the alarm and took up the trail of the desperadoes.

The pursuers caught up with the bandits on the farm of Guy Stuphin, one mile northwest of here.

More than a score of shots were fired between the posse and the fugitives before the bandits surrendered.

YOUNGSTOWN BANS FIREWORKS SALE

YOUNGSTOWN, June 29.—The sale of fireworks of all kinds, even firecrackers and sparklers, was banned today by Acting Mayor W. H. Lewis.

VANGUARD GOES TO SEASHORE FOR POTTERS' ANNUAL MEET

N. B. O. P. Officers Leave for Atlantic City.

10-DAY SESSION

Convention Will Open at 9 O'clock Friday Morning.

Four of the five western members of the executive board of the National Brotherhood of Operative Potters left East Liverpool today for Atlantic City, where they will complete arrangements for the opening of the thirty-sixth annual convention in Odd Fellows' hall, New York avenue, at 9 o'clock, daylight savings time, Friday morning.

The vanguard included President John T. Wood, Secretary-Treasurer John D. McGillivray and Second Vice-President George Chadwick, all of East Liverpool, and Sixth Vice-President Thomas Woods, Sebring. Seventh Vice-President Frank Hull, East Liverpool, will leave tonight, while Will T. Blake, editor and business manager of The Potters' Herald, official organ of the brotherhood, will make the trip on Wednesday.

Meetings of the officers will be held Wednesday and Thursday. Eastern members of the executive board who will attend these sessions are: First Vice-President George H. Cartlidge, Trenton; Third Vice-President William Young, Trenton; Fourth Vice-President S. M. Moore, Trenton, and Fifth Vice-President Joseph Smith, Philadelphia.

Delegates Leave Thursday.

Organization work will be taken up Friday. Adjournment will be voted at noon Saturday and no further meetings will be held until 9 o'clock Tuesday morning, Monday being observed as a holiday in the coast resort.

Delegates from the western district will leave for Atlantic City Thursday morning. In order to make connections with the B. & O. train, which leaves Pittsburgh at 8:20 a. m., delegates must leave East Liverpool on the 5 a. m. C. & P. train or the 5:20 a. m. interurban car to Beaver.

The convention will be in session for about 10 days. A proposed wage scale to take the place of the present agreement which expires on October 1, will be the principal matter for consideration.

Father Claims Body Of Thomas Tackett, Ohio River Victim

Body of Thomas Tackett, 22, bricklayer, who was drowned in the Ohio river Sunday afternoon in an attempt to rescue Miss Irene Kibble, 21-year-old bather, was shipped to his former home at New Boston, suburb of Portsmouth, this morning.

J. M. Tackett, his father, arrived here last night and claimed the body. In addition to his father, he is survived by his mother and a sister, both residing in New Boston.

Miss Kibble, who was rescued by an unidentified man, who went to her rescue after Tackett had drowned, was recovering at the city hospital today.

St. Aloysius Boy Scouts Erect Tents On Saling Farm

Thirty-five members of Troop 7, Boy Scouts of the St. Aloysius Catholic church, are encamped today on the John Saling farm, near Gavers, where they will spend a two weeks' outing. The boys are in charge of the Rev. Walter J. Fowler, scoutmaster.

Girl Scouts of the church will spend two weeks at the camp at the expiration of the boys' outing.

$1,000 DAMAGE IN SHOP FIRE

Fire, of undetermined origin, last night caused damage amounting to approximately $1,000 in the basement of the J. H. Brumbaugh harness and novelty shop, in the public square, Wellsville.

The majority of the damage resulted from destroyed stock in the basement.

CARL TURK IS CHARGED WITH MANSLAUGHTER AS FRANK SPENCE, 68, DIES

Civil Engineer is Fatally Injured When he is Struck by Car Near His Home at Spence's Corners, Two Miles South of Lisbon, Monday Night.

STEPS FROM BEHIND CANTON BUS INTO PATH OF AUTO ON HIGHWAY

Victim is Thrown Against Tree When Hit by Rear End of Machine Which Skids and Swings Around as Driver Applies Brakes in Effort to Avert Accident.

J. Frank Spence, 68, Center township civil engineer, and a lifelong resident of Columbiana county, was instantly killed when he stepped from behind a southbound Canton-East Liverpool bus and into the path of an automobile driven by Carl Turk, 32, of Erie street, in front of the Spence home, on the Lincoln highway, two miles south of Lisbon, shortly before 8 o'clock last night.

Turk drove to Lisbon after the accident and surrendered to Sheriff George Wright. He was held upon a technical charge of manslaughter, posting bond of $2,000 for his appearance before Justice M. K. Zimmerman at Lisbon at 1 o'clock this afternoon. Turk is expected to waive a preliminary hearing and ask to be bound over to the grand jury.

Spence's skull, both arms and his right leg were fractured and his jaws crushed, when, it is believed, he was thrown against a tree by the rear end of the car which skidded and swung around as Turk applied the brakes and drove off the road and onto a lawn in an effort to avert the accident.

The victim was dead when Turk stopped the car and ran to his side to render first aid.

Turk's Explanation of Accident.

Turk, accompanied by William Sakrim, 619 Jackson street, was enroute to Lisbon in a roadster, traveling, he claims, at a speed of about 35 miles per hour. He said that the Canton bus, enroute to East Liverpool, had stopped on the right side of the road in front of the Spence home, the driver handing Spence a letter.

As the bus started Spence is said to have walked in back of it and across the road without glancing in either direction. Turk claims he swerved his car off the bricked road onto the lawn in front of the Spence home in an effort to avoid the accident. As he did so he applied the brakes and the machine skidded and whirled.

Turk asked members of the Spence family to summon a doctor and then halted a passing motorist from East Liverpool, requesting that he accompany him to Lisbon. He then went to the office of Sheriff Wright and informed him of the accident. Wright called the Eells undertaking establishment for an ambulance and then, with Turk, hurried to the scene of the accident.

Prosecuting Attorney Robert M. Brookes went to Lisbon last night and, upon his instructions, a charge of manslaughter was preferred against Turk in Justice Zimerman's court. Turk was released for the night after bond was posted.

Coroner Dr. J. M. Van Fossan, East

(Continued on Page Six)

Two Local Garage Employes Reported Injured in Crash

Thomas Barnes, foreman of the Turk-Nash Motor Sales service department, and Abraham Sinker, automobile mechanic, were injured in an automobile crash at Youngstown early today, according to word reaching here.

Sinker, who is said to have been cut and bruised, was reported to have been the more seriously hurt. Both men are said to be in a Youngstown hospital, but details of the accident were not obtainable.

Michael Turk, their employer, went to Youngstown to investigate the accident.

Coroner McCarter Returns Verdict in Double Drowning

Coroner Harry C. McCarter, Beaver Falls, today returned a verdict of accidental drowning in the deaths of James Lamp, 26, and Glenn Lamp, 13, brothers, of Shippingport, who lost their lives while bathing in the Ohio river Saturday.

The elder brother is said to have waded beyond his depth. When he cried for help, the younger lad went to his rescue but the two went down together.

The bodies were recovered with grappling hooks about an hour later. They were locked together when brought to the surface.

Landau, Bavaria, Urges Tax of $10 On Bobbed Hair

LANDAU, Bavaria, June 29.—A proposal to tax every bobbed haired woman in the town $10 was defeated here today but only after furious debate.

The measure was introduced by one of the town councillors who delivered a violent attack upon the practice. He assailed it as a "disgrace to German girls."

AUTO DRIVER FACES COURT

Arrest Follows Crash Last Night on River Road.

Sullivan Bosco, florist at intersection of Anderson Boulevard and Park Way roads, was placed on trial before Municipal Judge J. C. Hanley this morning, charged with fast and reckless driving after an aftermath of an automobile collision along the River road at 9:15 o'clock last night.

Bosco was defended by Attorney George Davidson, while Solicitor Frank Hoover prosecuted the case. Nearly half a score of witnesses have been called. Judge Hanley viewed the scene of the accident before the taking of testimony began.

Bosco was arrested by Patrolman Chester Smith after his car and another driven by Harry Dearth, Broadway, crashed near the bend in the road just east of Ralston's crossing. Bosco and four women were traveling east on the road, while Dearth was headed west.

Patrolman Smith charged that Bosco was speeding at the time of the accident. Bosco's machine darted across the road and went up the side of an embankment on the northside of the highway after the crash, it is said. The Dearth car lost a front wheel.

No one was injured in the crash.

OHIOAN, IN ILL HEALTH SUICIDES

CLEVES, June 29. — Despondency over a nervous ailment for which he had been in a sanatorium recently was believed to have prompted the suicide of Edwin C. Iliff, 37, field inspector of the Cincinnati building commission, who was dead here today. Iliff was found on a lonely road near the Cincinnati city line, two bullets in his head.

FORMER MOVIE ACTRESS IS HELD FOR HOMICIDE AS DRUG VICTIM DIES

Miss Josephine Leonard, New York, Admits, Police Say, That She Gave Morphine to Widow.

NEW YORK, June 29.—Miss Josephine Leonard, 32, an attractive former picture actress, was arrested today and charged with homicide. She is held responsible for the death of Mrs. Elizabeth Chandler, 33, a widow, who succumbed early this morning to drugs.

Miss Leonard admitted, according to police, that she supplied the drugs to Mrs. Chandler.

Police said Miss Leonard told them that she and a mutual friend, Harold A. Schleitz, 38, a motion picture operator, called on Mrs. Chandler last night. The widow, she said, complained of severe pains, the result of an accident a year ago which "caused her to use morphine." The actress said she gave her several morphine tablets to ease the pain.

All three retired for the night, each going to separate bedrooms. Early today Mrs. Chandler began groaning. Schleitz summoned a taxicab and Mrs. Chandler was rushed to a hospital where she was pronounced dead.

Cincinnati Auto Toll Goes to 61 as Widow is Killed

CINCINNATI, June 29. — With the death of Mrs. Mollie Benison, 68, a widow, the result of being run down by an automobile, the 1926 traffic toll climbed to 61 today. Albert Schad, said to have driven the car, was charged with manslaughter. Police said they learned the woman was crossing a street when struck by the automobile, which was traveling at a high rate of speed.

Eight other persons, injured by automobiles, were in hospitals today.

Observe Traffic Lines, Director J. W. Moore Requests

Service-Safety Director J. W. Moore today called upon automobile owners to observe the traffic lines which have been marked on the street at the intersection of West Fifth and Jackson streets.

Inasmuch as all turns are permitted at this corner, motorists are urged to keep to the right. Pedestrians are advised to keep within the cross walk lines and carefully watch for approaching automobiles before crossing the street.

The safety department has also worked out a marking arrangement for the intersection of Lisbon and West Eighth street. Four driveways are to be marked on Eighth street, two of them for the Wellsville road traffic and the other two for automobiles traveling Lisbon street. This is regarded as one of the most dangerous thoroughfares in the city.

$10,000,000 Rushed To West Palm Beach To Stop Bank Runs

WEST PALM BEACH, Fla., June 29.—The movement of $10,000,000 in cash in armored motor cars from Miami to West Palm Beach during the night became known this morning when all banks in the city, with the exception of the Palm Beach Bank & Trust company and the Commercial Bank & Trust company, opened their doors in the face of crowds through which excitement ran high. With the emergency supply of cash available, bank officials were confident the near-panic among depositors would rapidly subside.

The Palm Beach Bank & Trust company, it was announced today, probably will reopen within 60 days.

Undertaker, Who Buried 4,795, Dies.

URBANA, June 29.—During the 47 years he was an undertaker, the late Albert Froome, 68, Saint Paris, near here, officiated at 4,795 funerals. Funeral services will be held this afternoon for Froome, who died Sunday.

POSSE JAILS BANK BANDITS

Three Negroes Captured After Hold-up at Carey.

CAREY, June 29.—Three Negro bandits who attempted to escape on foot after successfully robbing the First National bank here in broad daylight today of $1,500, were captured 45 minutes later on a farm near here by members of a posse. The money was recovered.

The men, subdued after an exchange of shots, gave their names as Tommy Right, 21, of Baltimore, Md.; Henry Thomas, 26, of Roanoke, Va., and Tom Davis, 26, of Memphis, Tenn.

The posse was formed immediately after the bank's officers sounded the alarm and took up the trail of the desperadoes.

The pursuers caught up with the bandits on the farm of Guy Stuphin, one mile northwest of here.

More than a score of shots were fired between the posse and the fugitives before the bandits surrendered.

YOUNGSTOWN BANS FIREWORKS SALE

YOUNGSTOWN, June 29.—The sale of fireworks of all kinds, even firecrackers and sparklers, was banned today by Acting Mayor W. E. Lewis.

VANGUARD GOES TO SEASHORE FOR POTTERS' ANNUAL MEET

N. B. O. P. Officers Leave for Atlantic City.

10-DAY SESSION

Convention Will Open at 9 O'clock Friday Morning.

Four of the five western members of the executive board of the National Brotherhood of Operative Potters left East Liverpool today for Atlantic City, where they will complete arrangements for the opening of the thirty-sixth annual convention in Odd Fellows' hall, New York avenue, at 9 o'clock, daylight savings time, Friday morning.

The vanguard included President John T. Wood, Secretary-Treasurer John D. McGillivray and Second Vice-President George Chadwick, all of East Liverpool, and Sixth Vice-President Thomas Woods, Sebring. Seventh Vice-President Frank Hull, East Liverpool, will leave tonight, while Will T. Blake, editor and business manager of The Potters' Herald, official organ of the brotherhood, will make the trip on Wednesday.

Meetings of the Atlantic will be held Wednesday and Thursday. Eastern members of the executive board who will attend these sessions are: First Vice-President George H. Cartlidge, Trenton; Third Vice-President William Young, Trenton; Fourth Vice-President S. M. Moore, Trenton, and Fifth Vice-President Joseph Smith, Philadelphia.

Delegates Leave Thursday.

Organization work will be taken up Friday. Adjournment will be voted at noon Saturday and no further meetings will be held until 9 o'clock Tuesday morning, Monday being observed as a holiday in the coast resort.

Delegates from the western district will leave for Atlantic City Thursday morning. In order to make connections with the B. & O. train, which leaves Pittsburgh at 8:20 a. m., delegates must leave East Liverpool on the 5 a. m. C. & P. train or the 5:20 a. m. interurban car to Beaver.

The convention will be in session for about 10 days. A proposed wage scale to take the place of the present agreement which expires on October 1, will be the principal matter for consideration.

Father Claims Body Of Thomas Tackett, Ohio River Victim

Body of Thomas Tackett, 22, bricklayer, who was drowned in the Ohio river Sunday afternoon in an attempt to rescue Miss Irene Kibble, 21-year-old bather, was shipped to his former home at New Boston, suburb of Portsmouth, this morning.

J. M. Tackett, his father, arrived here last night and claimed the body. In addition to his father, he is survived by his mother and a sister, both residing in New Boston.

Miss Kibble, who was rescued by an unidentified man, who went to her rescue after Tackett had drowned, was recovering at the city hospital today.

St. Aloysius Boy Scouts Erect Tents On Saling Farm

Thirty-five members of Troop 7, Boy Scouts of the St. Aloysius Catholic church, are encamped today on the John Saling farm, near Gavers, where they will spend a two weeks' outing. The boys are in charge of the Rev. Walter J. Fowler, scoutmaster.

Girl Scouts of the church will spend two weeks at the camp at the expiration of the boys' outing.

$1,000 DAMAGE IN SHOP FIRE

Fire, of undetermined origin, last night caused damage amounting to approximately $1,000 in the basement of the J. H. Brumbaugh harness and novelty shop, in the public square, Wellsville.

The majority of the damage resulted from destroyed stock in the basement.

CARL TURK IS CHARGED WITH MANSLAUGHTER AS FRANK SPENCE, 68, DIES

Civil Engineer is Fatally Injured When he is Struck by Car Near His Home at Spence's Corners, Two Miles South of Lisbon, Monday Night.

STEPS FROM BEHIND CANTON BUS INTO PATH OF AUTO ON HIGHWAY.

Victim is Thrown Against Tree When Hit by Rear End of Machine Which Skids and Swings Around as Driver Applies Brakes in Effort to Avert Accident.

J. Frank Spence, 68, Center township civil engineer, and a lifelong resident of Columbiana county, was instantly killed when he stepped from behind a southbound Canton-East Liverpool bus and into the path of an automobile driven by Carl Turk, 32, of Erie street, in front of the Spence home, on the Lincoln highway, two miles south of Lisbon, shortly before 8 o'clock last night.

Turk drove to Lisbon after the accident and surrendered to Sheriff George Wright. He was held upon a technical charge of manslaughter, posting bond of $2,000 for his appearance before Justice M. K. Zimmerman at Lisbon at 1 o'clock this afternoon. Turk is expected to waive a preliminary hearing and ask to be bound over to the grand jury.

Spence's skull, both arms and his right leg were fractured and his jaws crushed, when, it is believed, he was thrown against a tree by the rear end of the car which skidded and swung around as Turk applied the brakes and drove off the road and onto a lawn in an effort to avert the accident.

The victim was dead when Turk stopped the car and ran to his side to render first aid.

Turk's Explanation of Accident.

Turk, accompanied by William Berkrim, 619 Jackson street, was enroute to Lisbon in a roadster, traveling, he claims, at a speed of about 35 miles per hour. He said that the Canton bus, enroute to East Liverpool, had stopped on the right side of the road in front of the Spence home, the driver handing Spence a letter.

As the bus started Spence is said to have walked in back of it and across the road without glancing in either direction. Turk claims he swerved his car off the bricked road onto the lawn in front of the Spence home in an effort to avoid the accident. As he did so he applied the brakes and the machine skidded and whirled.

Turk asked members of the Spence family to summon a doctor and then halted a passing motorist from East Liverpool, requesting that he accompany him to Lisbon. He then went to the office of Sheriff Wright and informed him of the accident. Wright called the Eells undertaking establishment for an ambulance and then, with Turk, hurried to the scene of the accident.

Prosecuting Attorney Robert M. Brookes went to Lisbon last night and, upon his instructions, a charge of manslaughter was preferred against Turk in Justice Zimerman's court. Turk was released for the night after bond was posted.

Coroner Dr. J. M. Van Fossan, East

(Continued on Page Six)

Two Local Garage Employes Reported Injured in Crash

Thomas Barnes, foreman of the Turk-Nash Motor Sales service department, and Abraham Sinker, automobile mechanic, were injured in an automobile crash at Youngstown early today, according to word reaching here.

Sinker, who is said to have been cut and bruised, was reported to have been the more seriously hurt. Both men are said to be in a Youngstown hospital, but details of the accident were not obtainable.

Michael Turk, their employer, went to Youngstown to investigate the accident.

Coroner McCarter Returns Verdict in Double Drowning

Coroner Harry C. McCarter, Beaver Falls, today returned a verdict of accidental drowning in the deaths of James Lamp, 26, and Glenn Lamp, 13, brothers, of Shippingport, who lost their lives while bathing in the Ohio river Saturday.

The elder brother is said to have waded beyond his depth. When he cried for help, the younger lad went to his rescue but the two went down together.

The bodies were recovered with grappling hooks about an hour later. They were locked together when brought to the surface.

Landau, Bavaria, Urges Tax of $10 On Bobbed Hair

LANDAU, Bavaria, June 29.—A proposal to tax every bobbed haired woman in the town $10 was defeated here today but only after furious debate.

The measure was introduced by one of the town councillors who delivered a violent attack upon the practice. He assailed it as a "disgrace to German girls."

AUTO DRIVER FACES COURT

Arrest Follows Crash Last Night on River Road.

Sullivan Bosco, florist at intersection of Anderson Boulevard and Park Way roads, was placed on trial before Municipal Judge J. C. Hanley this morning, charged with fast and reckless driving after an aftermath of an automobile collision along the River road at 9:15 o'clock last night.

Bosco was defended by Attorney George Davidson, while Solicitor Frank Hoover prosecuted the case. Nearly half a score of witnesses have been called. Judge Hanley viewed the scene of the accident before the taking of testimony began.

Bosco was arrested by Patrolman Chester Smith after his car and another driven by Harry Dearth, Broadway, crashed near the bend in the road just east of Ralston's crossing. Bosco and four women were traveling east on the road, while Dearth was headed west.

Patrolman Smith charged that Bosco was speeding at the time of the accident. Bosco's machine darted across the road and went up the side of an embankment on the northside of the highway after the crash, it is said. The Dearth car lost a front wheel.

No one was injured in the crash.

OHIOAN, IN ILL HEALTH SUICIDES

CLEVES, June 29. — Despondency over a nervous ailment for which he had been in a sanatorium recently was believed to have prompted the suicide of Edwin C. Iliff, 37, field inspector of the Cincinnati building commission, who was dead here today. Iliff was found on a lonely road near the Cincinnati city line, two bullets in his head.

HURD APPEALS TO COMMISSION

Asks Hearing on Charges Filed by Mayor Fogo.

Asking the commission to require Mayor W. L. Fogo to "make his charges more definite and certain," Harry F. Hurd, former patrolman, whose recent dismissal from the force was emphasized yesterday when Mayor W. L. Fogo filed charges of inefficiency and drunkenness against him, today appealed to the Wellsville civil service commission for a hearing.

Hurd, in his appeal to the commission, seeks to know in what ways he has been inefficient, in what way he has been guilty of gross neglect of duty, when and where there occurred any lack of good behavior, what the "other reasonable causes" were, and when and where the drunkenness occurred that the chief executive charges in his papers to the commission.

Hurd files his appeal to the commission "without admitting the legality of your commission." He is represented by Attorneys Ben Bennett, Frank Grosshans and W. A. O'Grady.

In his petition he says:

"Now comes Harry F. Hurd and moves the commission require W. L. Fogo to make his charges filed before your honorable body more definite and certain in that he be required:

"1. To state in what respects the said Harry Hurd has been inefficient.

"2. To set forth the acts constituting any gross neglect of duty.

"3. To specify when and where there occurred any lack of good behavior on the part of said officer.

"4. To state what the other reasonable causes mentioned in said charges consist of.

"5. To specify when and where drunkenness complained of occurred.

"The charges as filed before your commission are so vague that your petitioner is unable to defend himself against same unless your honorable body require a more definite statement thereof."

J. P. CALDWELL, AGED 80, DEAD

Funeral Services to be Held Tomorrow at Home.

Funeral services for Josiah P. Caldwell, 80, who died yesterday at his home in Buckeye avenue, following a year's illness, will be held tomorrow at the late residence, in charge of Rev. L. E. Lee, pastor of the First Christian church, assisted by Rev. B. R. Johnson, pastor of the First Christian church of East Liverpool. Burial will be made in Spring Hill cemetery.

Mr. Caldwell was born in Steubenville. He has lived here for approximately 50 years. He was a pensioned C. & P. boilermaker.

Surviving him are his wife and two children, Dr. Rosa Powell of Richmond, Cal., and John Caldwell, of this city.

MRS. WILSON DEAD AT HIGHLANDTOWN

Following a brief illness of complications, Mrs. Caroline Wilson, 86 years old, died this morning at 6:30 o'clock at the home of her daughter, Mrs. Frank Boyd, near Highlandtown.

She is survived by the following children: Frank, Emmett, George, Bert, Mrs. Frank Boyd and Mrs. John Strudhoff.

Funeral services will be held Thursday afternoon at 2 o'clock at the Boyd residence, in charge of Rev. Carter, pastor of the Highland town Methodist Episcopal church. Burial will be made in the Highlandtown cemetery.

GRAFTON FUNERAL HERE YESTERDAY

Private funeral services for John J. Grafton, service-safety director of Wellsville, were held yesterday afternoon at the family residence in Fourteenth street, in charge of Rev. Frank H. Magill, pastor of the First Presbyterian church.

Burial was made in Spring Hill cemetery.

C. & P. OUTING IS SUCCESS

Division Veterans Reunited at Summit Beach Park.

Favored by ideal weather, employes of the Cleveland & Pittsburgh division of the Pennsylvania Railroad company, held their annual outing Saturday at Summit Beach Park, Akron, under joint auspices of the Veterans' and Athletic associations, the event bringing out one of the biggest attendances in recent years.

Over a thousand adults and a larger number of children were conveyed in special trains from Beaver, Cleveland and Cambridge to Akron's playground for their annual frolic. The grey-haired veterans, many beyond the pension age, greeted fellow veterans still pulling the throttle and many were the incidents recalled and the stories told at headquarters in charge of J. B. DeSilvey, veteran engineman and president of both the Athletic and Veterans' associations, who saw that all of the railroaders got "smokes."

The program committee, headed by J. B. Dugan, provided contests for adults and children and even the tiny tots had their games, vieing with their elders for the attention and applause of onlookers.

The division band, in charge of C. S. Elliman, director, played at "the Grove" prior to the athletic program and then for the musically inclined, gave a two-hour concert in the grove after dinner.

The open-air motorcycle race provided thrills during the afternoon program. "Wistaria Gardens," where dancing was the center of attraction for the afternoon, and the adjacent patio for those who preferred their dancing outside among the fountains and palms, were crowded.

The drawing for the gate prize, in charge of General Chairman DeSilvey, was the final event and Mrs. R. B. Russell, wife of Stockman Russell, of Wellsville, held the lucky ticket for *a bridge lamp.*

The following from the east end of the division were listed among the winners in the athletic events:

25-yard dash (girls under 6)—Kathleen O'Hara, daughter of D. T. O'Hara, record clerk, Wellsville, second prize.

25-yard dash (girls 8 to 10)—Louise Rody, daughter of Coke Rody, machinist helper, Wellsville, second prize.

25-yard dash (boys under 6)—Nicholas Creaturo, son of Antonio Creaturo, car repairman, Wellsville, first prize; Bobby Graham, son of M. K. Graham, engineman, Wellsville, second prize.

25-yard dash (boys 8 to 10)—Fred Malley, son of J. I. Malley, hostler, Midland, first prize; D. C. Brandt, son of J. D. Brandt, track foreman, East Liverpool, second.

Crab race (boys) — D. C. Brandt, first.

Shoe race (boys)—Lawrence Bibbee, son of Arthur Bibbee, committeeman, Wellsville, first.

Clothespin race (women) — Mrs. James T. Riley, wife of Engineman Riley, Wellsville, first; Mrs. H. T. Croxall, wife of Boilermaker Croxall, Wellsville, second.

Confetti race (women)—Mrs. H. T. Croxall.

MEETING OF O. N. O. CLUB POSTPONED

Meeting of the O. N. O. club, which was to have been held tomorrow evening at the home of Mrs. Louis Zoeckler, Henry avenue, has been postponed until Wednesday, July 7, officers of the organization announced today.

Cities of South Africa are having a spurt in the building of homes.

Thames Has Double Ebb.

Vagaries of the Thames river in London aroused more than ordinary interest recently when there was a double ebb and flow of the tide. The manifestation was not only rare but at times it is difficult to explain. Before the Thames was embanked, however, its vageries were more frequent than now. In the seventeenth and eighteenth centuries it was reported to have had double tides and in 1653 it ebbed and flowed twice in three hours. In 1662 three tides in four hours were recorded.

Boy Earns $5,000 at Chores.

Gabriel Highly, a 17-year-old boy, accumulated $5,000 by doing odd jobs during his four years in high school at Flat River, Mo. Among other things he worked as a bootblack during his spare time, ran chores for the neighbors and hired himself out for all kinds of odd jobs during the time he wasn't studying.

MEETING OF O. N. O. CLUB POSTPONED

Meeting of the O. N. O. club, which was to have been held tomorrow evening at the home of Mrs. Louis Zoeckler, Henry avenue, has been postponed until Wednesday, July 7, officers of the organization announced today.

Cities of South Africa are having a spurt in the building of homes.

Thames Has Double Ebb.

Vagaries of the Thames river in London aroused more than ordinary interest recently when there was a double ebb and flow of the tide. The manifestation was not only rare but at times it is difficult to explain. Before the Thames was embanked, however, its vageries were more frequent than now. In the seventeenth and eighteenth centuries it was reported to have had double tides and in 1658 it ebbed and flowed twice in three hours. In 1662 three tides in four hours were recorded.

Boy Earns $5,000 at Chores.

Gabriel Highly, a 17-year-old boy, accumulated $5,000 by doing odd jobs during his four years in high school at Flat River, Mo. Among other things he worked as a bootblack during his spare time, ran chores for the neighbors and hired himself out for all kinds of odd jobs during the time he wasn't studying.

The ABC Double A ELECTRIC WASHER is the washer you need during the warm summer season. It washes easily and quickly. It is the only washer that has no don'ts. You don't have to learn or remember a single thing that you mustn't do. Just use it in any way you desire, and it will give you life-long satisfaction. You will appreciate these

Special Features

Faster Washing
This A B C Double A has washed without soaking, 32 pounds of dry goods in exactly 27 minutes.

Cleaner Washing
It washes faster and cleaner. Collars, cuffs, dainty things, table linen, greasy overalls, and work clothes.

Gentle with Clothes
This washer, although extremely rapid, will not injure the daintiest fabrics.

No Tangling of Clothes
You can throw clothes into this washer in the most haphazard fashion and they will not tangle.

Big Capacity
You can load this washer with as many as eight sheets at a time.

Smooth and Quiet
One can hardly hear the Double A in operation. Only the purring of the motor.

No Oiling
Will run an indefinite number of years before its gear case requires filling.

Other Special Features
Powerful, heavy tension, 16-position wringer. Unusually small floor space. Low water line. Nothing to lift. Genuine solid copper full nickel tub. Four legs and perfect balance.

[You will surely regret it if you let this opportunity slip by. Just give us a ring before we close tomorrow.]

RAIL CROSSING BRIDGE SOUGHT

Council Will be Urged to Meet With Road Officials.

Residents of First street, Carolina and Virginia avenue plan to circulate petitions asking that council name a committee to confer with officials of the Pennsylvania Railroad company relative to the erection of a bridge or viaduct at the First street railroad crossing.

Those in charge of the petitions point out that several accidents have occurred there recently in which several persons have been injured and machines wrecked.

An automobile driven by John Mendel, of Holliday's Cove, was struck Sunday morning at the crossing, but the driver and the other occupants of the car escaped injury.

It is stated that officials of the railroad company have expressed a desire to meet with council in the matter.

The petition will be presented at the next meeting of council.

Road Work Progressing.

Work is steadily progressing on the improvement of the highway near Laughlin's corner. Large force of men are employed on the job, which is expected to be completed this fall.

TYPHOID FEVER CASES INCREASE

The typhoid fever mortality in West Virginia went up last year to 834 reported deaths from 227 the previous year, according to an announcement yesterday by Dr. W. T. Henshaw, state health commissioner. Since each human life is valued at $5,000, Dr. Henshaw estimated that the state suffered an economic loss of $1,670,000 from a preventable disease, exclusive of doctors' nurses' and undertakers' fees, for the 1,611 cases of the disease during the year.

With the end of June, typhoid cases begin to increase and continue to mount higher until the zenith is reached in October, 811 cases having been recorded for that month last year and 38 for the preceding June. For the first five months of this year only 141 cases of the disease have been reported to the state department of health, indicating that the danger season is ahead.

"If we are to prevent an increase of typhoid fever this year similar to that of other years," Dr. Henshaw declares, "we must begin at once to put into effect all known means to prevent it. The sources of typhoid infection, and the methods of preventing it have been given to the public time and again, and no individual should be ignorant of the fact that it is a communicable disease, contracted only by swallowing the germs cast off by an infected person. The two most common means of infection in this state are water into which human wastes have drained, and flies which carry the germs on their feet from wastes to foodstuffs.

NEW CUMBERLAND RESIDENT DIES

Alexander McCloud, 88 years old, New Cumberland, died yesterday afternoon in the Ohio Valley hospital at Steubenville after an illness of two weeks caused by a fractured hip resulting from a fall.

Mr. McCloud, who was a lifelong resident of Hancock county, is survived by one sister, Mrs. Elizabeth Wilcoxen, of Frankfort Springs. He was a member of the Presbyterian church.

Funeral services will be held at 3 o'clock tomorrow afternoon (daylight savings time) in the home of his nephew, Alex Jones, in charge of Rev. Anthony Banford, pastor of the New Cumberland Presbyterian church. Burial will be made in New Cumberland cemetery.

GORE APPOINTS NEW DRY CHIEF

Ross Wells, an attorney of St. Mary's, Pleasants county, was appointed state prohibition commissioner to succeed W. G. Brown, of Nicholas county, according to announcement made last night by Governor Gore. Mr. Brown retired from office to resume his private law practice at Richwood. Mr. Wells expects to arrive in Charleston to assume his duties in a few days. He is appointed for a four-year term, ending September 1, 1929.

The new prohibition commissioner has been a life-long resident of Pleasants county, having been born there in 1372. After attending the common schools of his home county, Mr. Wells entered West Virginia Wesleyan college at Buckhannon and later attended West Virginia university at Morgantown, where he took the law course.

STAGE SET FOR CLASH TONIGHT

The stage is set for the largest crowd that ever attended a ball game here tonight when Chester and Homer Laughlin China clash in an Industrial league game on Smith field.

Chester is holding the league lead by the narrow margin of one game obtained as a result of Laughlin losing last night to Knowles, Taylor and Knowles at Klondyke.

Manager Frank Riley will send Mike Cebula to the rubber, while Manager Sol McCoy will likely depend on Digman for mound duty.

REBEKAHS PLAN SOCIAL AFFAIR

Members of Rock Springs Rebekah lodge No. 161 have completed arrangements for a lawn fete to be held tomorrow night in the vacant lot in Carolina avenue, adjoining the I. O. O. F.-K. of P. hall.

Committee is composed of Mrs. C. B. Marshall, Mrs. Lyda Brown and Mrs. Anna Theiss.

Large crowd is expected to attend.

Baby Clinic Here.

Second baby clinic is being held this afternoon in the community welfare house in Carolina avenue. The examinations are in charge of Drs. J. L. Pyle and G. E. Lewis.

UNITED STATES TIRES ARE GOOD TIRES

What is a Real Tire Test?

Among the searching tests made on United States Tires is the "Tread Wear Test" which duplicates in a few days the effect of many months of service.

United States Tires are under continual test in our laboratories and on our road test vehicles. Motorcoach tires, for example, are tested under actual service conditions on this United States Rubber Company Test Coach.

Questions and Answers that may be News to You—by a Tire Engineer of the United States Rubber Company

Question—With 20,000,000 cars running in America, does not the experience of users largely take the place of factory tests?

Answer—On the contrary. The very fact that motor transportation is so important in the life of every one imposes an additional obligation for searching tests on the tire manufacturer. The makers of United States Tires do not expect their customers to test their tires for them.

Question—What does the United States Rubber Company Factory Test include?

Answer—Everything from the Tree to the finished Tire. Raw materials are tested before they go into the tires, and the finished tires are tested in the Company's laboratories and on the Company's road test cars, trucks and buses. They are also watched in actual commercial service.

Question—What do these tests prove?

Answer—The material tests insure the quality of material used. The laboratory and road tests of complete tires "prove up" the correctness of manufacturing processes.

Question—What raw materials are tested?

Answer—Cotton cord, which furnishes the strength and flexibility of the tire; rubber, which binds the various parts of the tire together and forms the tread or wearing surface; compounding ingredients, which we mix with the rubber to give it the necessary qualities; and, steel wire, which is used in making the beads of the tire.

Question—What tests are made on the cord?

Answer—Cord going into the manufacture of Web Cord for United States Tires is tested for strength, stretch, size, twist, ply, length of staple, and freedom from imperfections.

Question—What tests are made on Rubber?

Answer—Even though the quality and uniformity of Sprayed Rubber is controlled by the processes used on our plantations in the Far East, every shipment received at our factories is again tested for uniformity and also, after mixing with sulphur, it is tested for its rate of vulcanization, its tensile strength and stretch.

Question—What tests are made of compounding ingredients?

Answer—Compounding ingredients are tested to determine their purity and uniformity. They are practically all in powder form and even the degree of fineness to which they have been ground is tested.

Question—What tests are made on Steel Wire?

Answer—Steel wire is given a chemical analysis to determine whether it meets our specifications, and it is also tested for tensile strength and elongation.

Question—Are United States Tires tested alongside of other makes?

Answer—Yes. These tests are conducted daily in our laboratories and on our road test vehicles.

Question—What is the object of these competitive tests?

Answer—To maintain the *superiority* of our design and construction.

Question—Does the fact that a large number of tires of a certain design and construction have given satisfactory service obviate the necessity for further tests on tires of the same kind?

Answer—No. Vehicle design and use, and road conditions are constantly changing. Tires that gave excellent satisfaction ten years ago are obsolete today in design and construction.

Question—How does the United States Rubber Company keep abreast of these constantly changing conditions?

Answer—It has a corps of factory trained technical experts in different sections of the country, continually checking the service our tires are rendering under actual operating conditions.

Question—Do all companies test their tires in this way?

Answer—Most all companies make tests of some sort. Very few, if any, carry them to the extent that they are carried by the United States Rubber Company.

EAST LIVERPOOL—AMERICA'S POTTERY CENTER

TUESDAY, JUNE 29, 1926.

River Claims First Victim

Thomas Tackett, 22, who went to his death Sunday in an attempt to rescue Miss Irene Kibble, 21, a bather, who became exhausted while swimming in the river between Babb's island and the Ohio shore, is the first victim of drowning in the East Liverpool district this summer.

Tackett plunged fully clothed into the water without a thought of his own danger when he discovered the plight of the girl. And his heroism cost his life. The girl, unconscious, was brought to safety by another witness and later resuscitated at the City hospital.

The tragedy drives home the fact that scores of swimmers as well as persons who have not mastered the art of keeping afloat meet death in the water during the summer season. The New Orleans chapter of the Red Cross Life Saving Service announced recently that 2,000 swimmers are rescued every year, 50 per cent of whom would undoubtedly have drowned if it had not been for the life guards.

It adds further that since 1920, 1,578 children have been taught to swim, 893 have been qualified as junior Red Cross life savers, and 579 men and women have been qualified as senior life savers.

In this same period not a life has been lost in any of the swimming places protected by the Red Cross life saving system.

These facts are of special interest at this time of year, when deaths by drowning become a part of the news in almost every part of the country.

There is not a finer sport than swimming. But it must be safeguarded. In the first place, everybody ought to be taught to swim. Swimming is best learned in childhood, when it is easier to overcome the fear of the water and to master the technique. Even the oldsters can learn, however, if they are a bit more careful of their hearts than the young ones need to be.

Knowing how to swim is not enough. Swimming places should be adequately protected. Swimmers should know how to rescue bathers in distress; they should know the first aid measures for drowning cases.

Deaths from drowning should decrease in number year by year, as more persons learn how to swim, and practice common sense caution, and as more communities realize their responsibility in the matter of lifeguards and general life-saving instruction.

Measured Sunshine

There is being installed in the Carnegie Desert laboratory at Tucson, Ariz., a simple instrument, just invented, which will measure and record with great precision the health-giving rays of the sun. It is expected to be of great use in studying the intensity and nature of the various kinds of waves received from the sun, particularly the ultra-violet rays which cure rickets and anemia, kill disease germs and promote human health in general.

There are other instruments already in use which measure the total light energy received from the sun in any locality.

These little instruments will probably play a big part hereafter not only in human health but in property values. All our energy comes from the sun, directly or indirectly. It is held that the fitness of any particular region for human habitation may depend, in the long run, on the amount of solar energy available there.

We shall soon have Florida, Arizona and other sunny states engaged in a solar controversy, appealing to settlers and investors on the basis of their available sun-power. Watering places and mountain resorts will vie with each other likewise in exploiting their potent sunshine, showing by exact figures just how quickly and severely a visitor may get himself sunburnt by exposing himself to their local sun.

Fewer Federal Job-Holders

The number of government employes has been greatly reduced. The reduction comes near eliminating the big increase made necessary while fighting the war and liquidating it afterward. Executive heads say little or nothing more can be done along that line.

The departments are still over-manned, as public departments usually are, compared with private business institutions. But there is the civil service system to check extensive weeding out, and there are politicians, in the departments and in congress, always ready to fight to keep party members on the payroll.

An interesting policy, however, is said to have been adopted by Mr. Coolidge. He "lets nature run her course." Federal employes are always dropping out of themselves, by death and resignation. The losses from these natural causes are said to amount to thousands a year. The policy is, in such cases, to replace very few of those lost. Thus the payroll can be steadily reduced without inviting political trouble.

It is a good process, if none more drastic can be found. Generally speaking, as efficient administrators have observed more than once at Washington, the fewer people there are paid to do the government's work, the better it can be done.

John D., Jr., might offer Mexico that $10,000,000 for an archeological museum. Plenty of pyramids and things down there. Also oil.

The more women simplify their dressing and hairdressing problem, the more complex it becomes.

NEW YORK DAYBYDAY

By O. O. McINTYRE

NEW YORK, June 29.—New York has a number of men who, having glided lightly from one marriage to another with lesser affairs along the way, win the distinction of being "great lovers." Much newspaper space has been devoted to their conquests.

Pyschologists have reviewed them and their hormones in double-page Sunday spreads. Sob sisters have described their monogrammed house robes and favorite poets. Wherever they go they are greeted by that questioning feminine look which seems to say: "Fascinate me. I dare you!"

Somehow, they are not cut to the romantic pattern we imagine. Instead of the big bronzed troglodyte with the marcel wave and breeziness of the pampas, one sees perhaps a bald little chicken-breasted fellow, suffering from double astigmatism and sunken arches.

Invariably one finds a disillusioning Romeo. There is one in especial whose heavy amours have stirred the metropolic. Two beautiful ladies have left home, husband and children briefly to share in his vagarious affections.

His face suggests the hawk. His ears are large and translucent. He has beady eyes and a stoop and wouldn't weigh 120 pounds all wet, with a rock in each hand. He flutters about in the frightened manner of a rabbit nibbling at a spray of lettuce. He owes everybody it is possible to owe.

Evidently these men have made a life study of charming women in the manner of the snake and the bird. They flit from romance to romance and are as impervious to loyalty as a stone. One more woman is just one more experience.

They are not unconscious of the gossip. Indeed they thrive upon it and are given to bragging privately. In almost every instance New York's quota of "great lovers" are undersized, and have the frailty that classes them as dapper.

Morris Karger saved $100 in five years in Russia on his salary of $5 a month. He landed in America with $2 and became a pushcart peddler. Today he is the self-styled King of those itinerant East Side merchants. He does not push a cart today but supplies those who do, and is worth a half million. What other country gives the foreigner such a chance?

However, there is something pathetic about the pushcart man. He seems to live in slinking fear of the law. Scores are arrested daily and subjected to the dollar fine for not having a license. Droves of them crowd Orchard street, filling it with a babbling crescendo of sharp bargaining. Three large mercantile firms uptown are a monument to their thrift and acumen. The proprietors began as pushcart peddlers.

My breakfast was spoiled today by a fellow who insisted all writers had to submit to a "business office" influence. In the years I have been writing for newspapers and magazines I have never been rebuked for expressing a personal opinion, and at times I have written in direct opposition to editorial policy. I have never had an editor request me to exploit this thing or that person. Consequently I believe the indignation justified. There was some consolation in the fact that the man who made the accusation was publisher of a journal that failed dismally.

It is a custom to dismiss newspaper articles with the specious generalization "newspaper talk." I often wish the public might behold the striving for accuracy in every reputable newspaper and magazine office.

A SERVICE TO THE WHOLE LAND

In the early summer of 1918 three of us made a long trip by automobile to pay a visit to a colored regiment at the front in France. The results more than repaid us for the time and trouble. One of the main compensations was First Class Private Cooksey, who, because he had been an elevator attendant in a Harlem apartment house, gave his occupation in his enlistment blank as "indoor chauffeur." It was to First Class Private Cooksey that the Colonel of the regiment, seeing the expression on the others' faces when a minenwerfer from a German mortar fell near by on the day the command moved up to the front, and made a hole in the earth deep enough and wide enough and long enough to hide the average smoke house in—it was, I repeat, to First Class Private Cooksey that the Colonel put this question:

"Cooksey, if one of those things drops right here alongside of us and goes off are you going to stay with me?"

"Kurnel," stated Cooksey with sincerity, "I ain't aimin' to tell you no lie. Ef one of them things busts clost to me I'll jest natchelly be obliged to go away frum here. But please, suh, don't you set me down as no deserter. Just put it in de book as 'Absent without leave,' 'cause I'll be back jest ez soon ez I kin git my brakes to work."

"But what if the enemy suddenly appears in force without any preliminary bombardment?" pressed the Colonel. "What do you think you and the rest of the boys will do them?"

"Kurnel," said Cooksey, earnestly, "we may not stick by you, but we'll shore render one service, anyway; we'll spread the news all over France 'at th' Germans is comin'!"

HASKIN'S LETTER

By FREDERIC J. HASKIN

Delving Into the Past.

WASHINGTON, D. C., June 29.—A species of self-consciousness appears to be affecting the world. It is being manifested in two major directions: first, analysis and investigation concerning religious beliefs; and, second, research into the early history and condition of man. Both may be regarded as manifestations of a growing introspection on the part of the people of the world regarding who they are and what they believe.

The surge of religious investigation has been attracting attention now for several years. The clash between fundamentalism and liberalism has resounded throughout the world. In this country the first important incident was the controversy regarding the literalness or symbolism of the immaculate conception. Congregations were rent asunder on this point.

The Dayton trial which revolved around the Darwinian theory of evolution was more than a nine days' wonder. Its interest to the world public was so profound that special correspondents came from all over the world to report the proceedings. It marked another wide rift between the fundamentalists and the liberals.

The latest schism to appear in this country has been in the Mennonite church. This sect, a species of Friends or Quakers, is in turmoil because of the rise of a liberal movement within the church. The younger generation has asserted its right to wear buttons on its clothing. According to the rules of the church, only hooks and eyes may be used, as buttons savor too much of ornamentation.

The Mennonites are a peaceable and thrifty people, dwelling chiefly in Pennsylvania and Ohio. They believe in the strictest simplicity and religiously eschew any sort of ornamentation or ostentation in their attire, their manners, or any of their possessions. There are other branches of these simple and honest people, notably the Dunkards and the Amish. Their beliefs are somewhat similar, an almost childlike simplicity and candor being outstanding characteristics along with their firm faith.

While the issue of whether or not a human being should fasten his clothing with hooks and eyes or with buttons may appear superficially to be an inconsequential matter, nevertheless, this schism marks a further extension of the wave of religious revolution against the old established orthodoxy of blind faith in fixed traditions.

Believe In Simplicity.

What would appear to the layman to be more vital matters than buttons seem not to be involved in the Mennonite schism. For instance, many of the members of the branches of the Quaker church will not permit their children to attend public schools because such schools teach that the earth is round. These people adhere

River Claims First Victim

Thomas Tackett, 22, who went to his death Sunday in an attempt to rescue Miss Irene Kibble, 21, a bather, who became exhausted while swimming in the river between Babb's island and the Ohio shore, is the first victim of drowning in the East Liverpool district this summer.

Tackett plunged fully clothed into the water without a thought of his own danger when he discovered the plight of the girl. And his heroism cost his life. The girl, unconscious, was brought to safety by another witness and later resuscitated at the City hospital.

The tragedy drives home the fact that scores of swimmers as well as persons who have not mastered the art of keeping afloat meet death in the water during the summer season. The New Orleans chapter of the Red Cross Life Saving Service announced recently that 2,000 swimmers are rescued every year, 50 per cent of whom would undoubtedly have drowned if it had not been for the life guards.

It adds further that since 1920, 1,578 children have been taught to swim, 893 have been qualified as junior Red Cross life savers, and 579 men and women have been qualified as senior life savers.

In this same period not a life has been lost in any of the swimming places protected by the Red Cross life saving system.

These facts are of special interest at this time of year, when deaths by drowning become a part of the news in almost every part of the country.

There is not a finer sport than swimming. But it must be safeguarded. In the first place, everybody ought to be taught to swim. Swimming is best learned in childhood, when it is easier to overcome the fear of the water and to master the technique. Even the oldsters can learn, however, if they are a bit more careful of their hearts than the young ones need to be.

Knowing how to swim is not enough. Swimming places should be adequately protected. Swimmers should know how to rescue bathers in distress; they should know the first aid measures for drowning cases.

SOCIETY

Miss Mildred Dyke And James Tolson, Salineville, Wed

Announcement is made of the marriage of Miss Mildred E. Dyke, daughter of Mrs. Ada Dyke of Lincoln avenue, and James A. Tolson of Salineville. The ceremony took place Friday, June 25, at high noon at the Ascension Episcopal church of Wellsville. Rev. F. E. Roberts performed the ring ceremony.

The bride was gowned in gray Canton crepe trimmed with poudre blue. She wore a picture hat to match. Previous to her marriage she was employed in the office of the Equitable Insurance company.

The bridegroom is a son of Mr. and Mrs. Emmett Tolson of Carrollton, formerly of Salineville.

Mr. and Mrs. Tolson will be at home after July 1, in Salineville, where the bridegroom is employed.

Needlework Society Meeting.

The Young Ladies' Needlework society of St. John's Lutheran church met last evening at the home of Miss Edith Fox in Avondale street. Following the devotionals, a reading was given by Miss Ruth Stossmeister. Music and fancywork were the pastimes, after which luncheon was served by the hostess, assisted by her sister, Mrs. Clarence Howell.

Special guests were Misses Ruth Mackey and Corema Tullis.

The next meeting, Monday, July 12, will be in the form of a 6 o'clock dinner at the home of Miss Anna Sielaff, Montgomery avenue, with Mrs. George Welch as associate hostess.

Class of Candidates Initiated.

At the regular meeting of Pride of Valley Council No. 4, Daughters of America, held last evening, in the V. F. W. hall, East Fifth street, a class of candidates were initiated.

The next meeting will be held Monday, July 12, when officers will be installed.

On Thursday, July 8, the auditing committee will be received at the home of Mrs. Mary Spratley in East Sixth street.

D. of A. Initiation.

Purity Council No. 7, Daughters of America, will hold a special meeting tonight at 7:30 o'clock in the Sons of Veterans' hall, East Sixth street. Initiation of candidates will take place and a jumble social will follow the business session.

Plans will be made at this meeting for a food sale to be held in the near future.

Missionary To Make Address.

A special meeting will be held Wednesday evening in the lecture room of the First Presbyterian church, when Mrs. Daniel W. Croft, a missionary from the Inland Missions of China, will give a talk and display articles of interest from China. The meeting, which will open at 7:45 o'clock, will be held under auspices of the Young Woman's Home and Foreign Missionary society.

Miss McConnell Entertains.

Members of the Coo-Coo club entertained Saturday evening at the home of Miss Grace McConnell in West Fifth street. During the business session, Harry Caulk was elected president; James Hamilton, secretary, and Russell Smith, treasurer. Clarence Wucherer presided at the piano during the social hours. Twenty-two members were present.

P. H. C. to Elect Officers.

Stratton Circle, No. 40, Protected Home Circle, will meet Wednesday evening, in the Trades and Labor hall, Washington street, for nomination and election of officers.

Refreshments will be served.

Y. P. S. Social at Watson Home.

The Baptist Young People's society will be received Thursday evening at the home of Mr. and Mrs. Richard R. Watson, of Westfield, when a strawberry and ice cream social will be enjoyed.

Flag Services at Neville Home.

The Ladies of the G. A. R. will meet at the Buffalo confectionery tomorrow evening at 7 o'clock, to go to the home of the late Jason Neville, East Fourth street, where they will hold flag services.

Mrs. H. D. Carson Hostess.

Mrs. H. D. Carson delightfully entertained the members of the Art Circle club recently at her home in Florence street. The social hours were spent with music and a guessing contest, which was won by Mesdames Pearl Butcher and Will Lewis. Mrs. Carl Liebschner gave vocal selections.

Refreshments were served by the hostess, assisted by Mrs. Butcher. Places were arranged for 12 guests.

The next meeting will take the form of a coverdish party, to be held Thursday, July 8, at the home of Mrs. Hugh Minnix of St. Clair avenue.

For your vacation beautiful new Footwear arrives in all Patent, Satin or Parchment Kid. Hertel's Ladies' Boot Shop, Little building, Diamond.

Flies and mosquitoes love campers

WHY allow these aggravating, filthy pests to ruin your outings? In camp or at home Flit will free you from the nuisance.

Flit spray clears your home in a few minutes of disease-bearing flies and mosquitoes. It is clean, safe and easy to use.

Kills All Household Insects

Flit spray also destroys bed bugs, roaches and ants. It searches out the cracks and crevices where they hide and breed and destroys insects and their eggs. Spray Flit on your garments. Flit kills moths and their larvae which eat holes. Extensive tests showed that Flit spray did not stain the most delicate fabrics.

A Scientific Insecticide

Flit is the result of exhaustive research by expert entomologists and chemists. It is harmless to mankind. Flit has replaced the old methods because it kills *all* the insects—and does it quickly.

SOCIETY

Miss Mildred Dyke And James Tolson, Salineville, Wed

Announcement is made of the marriage of Miss Mildred E. Dyke, daughter of Mrs. Ada Dyke of Lincoln avenue, and James A. Tolson of Salineville. The ceremony took place Friday, June 25, at high noon at the Ascension Episcopal church of Wellsville. Rev. F. E. Roberts performed the ring ceremony.

The bride was gowned in gray Canton crepe trimmed with poudre blue. She wore a picture hat to match. Previous to her marriage she was employed in the office of the Equitable Insurance company.

The bridegroom is a son of Mr. and Mrs. Emmett Tolson of Carrollton, formerly of Salineville.

Mr. and Mrs. Tolson will be at home after July 1, in Salineville, where the bridegroom is employed.

Needlework Society Meeting.

The Young Ladies' Needlework society of St. John's Lutheran church met last evening at the home of Miss Edith Fox in Avondale street. Following the devotionals, a reading was given by Miss Ruth Stossmeister. Music and fancywork were the pastimes, after which luncheon was served by the hostess, assisted by her sister, Mrs. Clarence Howell.

Special guests were Misses Ruth Mackey and Corema Tullis.

The next meeting, Monday, July 12, will be in the form of a 6 o'clock dinner at the home of Miss Anna Sielaff, Montgomery avenue, with Mrs. George Welch as associate hostess.

Class of Candidates Initiated.

At the regular meeting of Pride of Valley Council No. 4, Daughters of America, held last evening, in the V. F. W. hall, East Fifth street, a class of candidates were initiated.

The next meeting will be held Monday, July 12, when officers will be installed.

On Thursday, July 8, the auditing committee will be received at the home of Mrs. Mary Spratley in East Sixth street.

D. of A. Initiation.

Purity Council No. 7, Daughters of America, will hold a special meeting tonight at 7:30 o'clock in the Sons of Veterans' hall, East Sixth street. Initiation of candidates will take place and a jumble social will follow the business session.

Plans will be made at this meeting for a food sale to be held in the near future.

Missionary To Make Address.

A special meeting will be held Wednesday evening in the lecture room of the First Presbyterian church, when Mrs. Daniel W. Croft, a missionary from the Inland Missions of China, will give a talk and display articles of interest from China. The meeting, which will open at 7:45 o'clock, will be held under auspices of the Young Woman's Home and Foreign Missionary society.

Miss McConnell Entertains.

Members of the Coo-Coo club entertained Saturday evening at the home of Miss Grace McConnell in West Fifth street. During the business session, Harry Caulk was elected president; James Hamilton, secretary, and Russell Smith, treasurer. Clarence Wucherer presided at the piano during the social hours. Twenty-two members were present.

P. H. C. to Elect Officers.

Stratton Circle, No. 40, Protected Home Circle, will meet Wednesday evening, in the Trades and Labor hall, Washington street, for nomination and election of officers.

Refreshments will be served.

Y. P. S. Social at Watson Home.

The Baptist Young People's society will be received Thursday evening at the home of Mr. and Mrs. Richard R. Watson, of Westfield, when a strawberry and ice cream social will be enjoyed.

Flag Services at Neville Home.

The Ladies of the G. A. R. will meet at the Buffalo confectionery tomorrow evening at 7 o'clock, to go to the home of the late Jason Neville, East Fourth street, where they will hold flag services.

Mrs. H. D. Carson Hostess.

DISMISSED U. S. DRY AGENTS ON PINCHOT STAFF

Governor's Counsel Says They Were Paid From W. C. T. U. Funds.

WRIGHT ON STAND

Hints Sensation in Illinois Primary Investigation.

WASHINGTON, June 29.—The private secret detective staff used by Governor Gifford Pinchot to enforce the prohibition law in Pennsylvania was composed chiefly of dismissed federal agents, Major William B. Wright, Jr., the governor's special counsel, told the senate slush fund committee today at its inquiry into Pennsylvania's $3,000,000 senatorial primary.

One of the Pinchot investigators, all of whom were paid through a $130,000 fund raised by the W. C. T. U. of Pennsylvania, was under charges of illegally transporting liquor at the time of his appointment, Wright revealed. He was the "Mr. Z." whose identity Wright refused to disclose because he is still an "under cover man" for Pinchot.

Wright gave the committee a hint of what it may find when it investigates the alleged $3,000,000 Illinois senatorial primary, when he declared another of the Pinchot agents, J. J. Tatro, was dismissed from the federal service in Illinois after he was about to "involve the secretary of Senator McKinley in a prohibition matter."

Asks About Tatro Case.

Senator Reed, D., of Missouri, asked the witness about Tatro's case.

"I only can say that he was doing amazingly good work in Chicago," said Wright. "I think it was Senator McKinley's secretary that he was about to involve in prohibition matters when he was dismissed."

Wright said Tatro was called to Washington "to go over the testimony he was going to give to the United States attorney in Chicago on this case." The conference was held with Internal Revenue Commissioner Blair."

"Tatro went back to Chicago," Wright added, "and it is my recollection he received a simple formal letter of dismissal right afterwards."

"Have any of these agents criminal records?" Reed asked.

"Mr. Z. I believe, was in some difficulty," said Wright.

"Was he stealing automobiles?"

"No, I think he was part owner of a garage in which an automobile was found that contained liquor."

"He was charged with illegal transportation of liquor, wasn't he?"

"I don't know."

Argument With Reed.

Wright got into an argument with Reed when he compared former Prohibition Administrator Frederick C. Baird, at Pittsburgh, to George Washington. Reed condemned Baird's acceptance of a regular salary from the steel corporation's Bessemer and Lake Erie railroad while in the government service.

"I rise to remark it is about as illegal a proposition as I have ever heard of," Reed declared. "It is destructive of good government. It makes public government become private government.

"Well, George Washington did it when as commander of the American forces, he paid money out of his own pocket," Wright retorted.

"Well, George Washington was not working for the Ku Klux Klan or Anti-Saloon league," Reed declared.

"Neither was Baird," said Wright.

Accountants at Westerville.

WESTERVILLE, June 29.—Seeking to learn the source of political campaign contributions to the Anti-Saloon League of America and to ascertain the league's expenditures, expert accountants, representing the United States senate campaign committee, are here today examining books and correspondence of the league. The examination, it was stated, will continue several days. Officials of the league are co-operating with the examiners, who include Alonzo Tweedale, certified public accountant, Washington, D. C.; Ray L. Whitman, an official reporter of the committee, and Hicklin Yates, secretary to United States Senator Reed, Missouri, chairman of the investigating committee.

Three Trucks, 400 Cases of Beer are Seized at Toledo

TOLEDO, O., June 29.—Three trucks and 400 cases of beer were confiscated and six Toledo men arrested today by deputy sheriffs on the Toledo Beach road between here and Monroe, Michigan. The shipment, officers said, was on the way here. The men gave the names of John W. Smith, 19, Ben Curtis, 23, William Nedley, 20, Irwin Waldman, 19, George Lewis, 21 and Jack O'Brien, 20.

Pola Negri Will Claim Film "Sheik" As Her Husband

CHICAGO, June 29.—Pola Negri is going to be married soon to Rudolph Valentino, it was declared here today by Leopold Brodzinski, secretary to the film actress' mother, Mme. Eleanor Chalupec. Mme. Chalupec, who speaks no English, and her secretary, passed through Chicago today on the way to spend some time in Pola's chateau near Paris.

Man Killed; Driver Held

(Continued from Page One)

Palestine, was expected to conduct an inquest today. The body was being held at the Bells morgue pending the coroner's action.

Born on Spence Farm.

Frank Spence was born on the old Spence farm on the Lisbon-East Liverpool road December 14, 1858, being a son of John and Loretta Spence. He attended the Union schools in Centre township and also the Lisbon schools. He also studied for one year at Oberlin college and attended Mt. Union college at Alliance for two years. After his graduation he was admitted to the bar.

During his young days he worked for his father, who was civil engineer. Preferring this work to law, he followed the profession of a civil engineer, conducting surveys for coal mining interests, railroads, oil and gas developments in Columbiana county and eastern Ohio. He is said to have surveyed the old original West Point coal fields.

Spence was never married but made his home with his brother, David C. and Miss Ella B. Spence, who moved to the farm along the Lincoln highway, known as Spence's Corners, about 25 years ago. He was a Democrat and at one time was his party's nominee for county surveyor. He never held a public office.

Member of Episcopal Church.

He at one time was a member of the Masonic lodge at Alliance. He was also affiliated with the Trinity Episcopal church at Lisbon.

In addition to the brother and sister, with whom he resided, he is survived by one other brother, ex-Judge W. H. Spence, East Lincoln Way, Lisbon.

Funeral services probably will be conducted in the late home Thursday afternoon. Burial will be made in the Lisbon cemetery.

Jason Neville Dies

(Continued From Page One.)

burg, Chantilly, Snicker's Gap, Wilderness, Spottsylvania, Cold Harbor, Gettysburg and other minor engagements. The regiment was mustered out at Pittsburgh, Pa., June 11, 1864. He reinlisted in June 1864.

Wounded Twice.

He was wounded in the Battle of the Wilderness and again at Spottsylvania. He was confined in the Crawford hospital at Washington for about three weeks after the latter battle. He was orderly to General George E. Meade, and was assigned to the post of mail carrier for the Third division and served as such until the battle of Gettysburg when he was made color bearer in recognition of his bravery in remaining with General Crawford. He received his honorable discharge June 28, 1865.

For several years after his return from the war, he served as pilot, captain and engineer on boats plying the Ohio river. He was a member of the First Methodist Protestant church and General Lyon post No. 44, G. A. R.

He is survived by his wife, formerly Martha Bullock, with whom he was united in marriage at West Bridgewater, Pa., in 1870; one son, John T. Neville, at home; three brothers, Ira, Enoch and Dr. R. Neville, all of Walkerston, Ind.; one granddaughter, Mrs. George Morris, of Chester, and two great-grandchildren.

Funeral services, with full military honors, will be held in the home at 2:30 Thursday afternoon, in charge of Rev. J. F. Dimit, pastor of the First Methodist Protestant church. Burial will be made in Riverview cemetery.

Friends may view the body from 7 to 10 o'clock tomorrow night.

TODAY

(Continued From Page One.)

danger of German invasion. We were just "easy."

IN ALABAMA, C. W. Jackson breaks the world's record by swimming 40 miles in salt water in 18 hours. A wonderful achievement. But thing of the mysterious eels. They start from anywhere in land in the United States, wriggling up from their fresh water ponds. Curiously guided, they find their way across the fields, travel down creeks and rivers to the ocean, then to the Sargasso sea, and there they breed.

The young eels retur nto the country from which their ancestors came, some going to Europe, some to America.

That is real swimming, and a real mystery. Who, or what, tells a baby eel to get from the West Indies to Sweden? What power tells the eel, in a stagnant New Jersey pond, how to reach its Sargosso sea? "Instinct" is too easy an explanation and does not explain.

HERR GUSTAV BOESS, burgomaster of Berlin, sets an example to all officials. He speaks frequently in distant cities, and visits many places to study new ideas. He has applied for a flying machine, to save time, and will be his own pilot.

Cincinnati Man Killed When Toy Cannon Explodes

CINCINNATI, June 29. — George Klein, 18, machinist, was dead today, the victim of the explosion of a charge of gunpowder in a toy cannon left loaded since last Fourth of July.

Stevens Blackwell, at whose home Klein was killed, told police he and Klein had gotten the cannon out of a cupboard to clean it for this year's celebration. While picking the old charge with nail, the cannon exploded. Blackwell was not injured.

NEW YORK, June 29.—One child was killed and three injured by the explosion of fireworks in the metropolitan district within the last 24 hours.

Xenia Insurance Man Dies.

XENIA, June 29.—S. B. Lesourd, 76, founder of the insurance firm of S. B. Lesourd and Company and prominent in insurance circles of the state, died suddenly today in his summer home at Lakeside, O.

BOSTON POLICE GO TO HOUSTON TO GET PONZI

Former Financial Juggler Captured at New Orleans.

FLEEING TO ITALY

Convicted Man Decoyed From Ship; Was Working as Steward.

BOSTON, June 29.—Extradition papers were being prepared today and inspector John Mitchell of the attorney general's office was ready to leave for Houston, Texas, to bring back Charles Ponzi, ex-financial juggler, who was captured at New Orleans as he was fleeing to Italy.

Ponzi is wanted here for sentencing of from seven to nine years in prison in connection with his international coupon scheme.

HOUSTON, Texas, June 29.—Broken and whipped after his years of battling with the law, debonair Charles Ponzi, whose activities involving millions brought him international fame, arrived in Houston early today, a captive after weeks of freedom.

The center of a nation-wide hunt which started when he defaulted bail of $10,000 in superior court of Boston, Ponzi, his 44 years weighing heavily upon him, was arrested in New Orleans yesterday by Deputy Sheriff Lacy of Houston, who brought him to Texas.

Ponzi was taken handcuffed from the county jail to await arrival of Massachusetts police who will return him to Boston for his sentence.

His chance to reimburse creditors to whom he was indebted after the collapse of his financial adventure in Boston, failed when he was arraigned in Florida charged with violating state laws regarding declaration of trust.

"Hick cops" of a "tank town," as Texas cities regardless of their size are known in the north, brought Ponzi to bay in New Orleans yesterday when he was dragged from an Italian ship, the Sic Vos Non Vobis, on which he was fleeing to Italy. A week's trailing by Houston autohrities resulted in Ponzi's capture.

It was learned that Ponzi would not fight extradition.

Boston officials will pass sentence from seven to nine years upon him when he again is arraigned before superior court where he was convicted of grand larceny. His appeal was dismissed by the higher courts.

Until Massachusetts officers arrive for him he is being held in the jail here.

Ponzi was decoyed from the Sic Vos Non Vobis, where he was working as a steward, by Charles Krueger, United States customs inspector. As he left the ship Ponzi was grabbed by Deputy Sheriff George Lacy of Houston.

Ponzi was going under the name of Liciani Andrea. He wore only overalls and an undershirt and his hair was closely clipped in an attempt to disguise himself.

Girl's Foot Badly Cut When Caught In Bicycle Chain

Marjorie, 4-year-old daughter of Mr. and Mrs. Louis Sanford, Dixonville, sustained a badly lacerated right foot when it was caught between the chain and sprocket of a bicycle on *which she was riding with a boy, at* 9:30 o'clock this morning.

The foot was badly mangled but physicians are hopeful that it can be saved. The child was taken to the hospital where the injury was dressed by Drs. W. G. McDade and W. A. Hobbs.

Brothers Battle With Knives; One Dies in Hospital

BOSTON, June 29.—A knife battle between two brothers over money was waged early today in a room they shared.

The elder brother, Oscar F. Magnuson, 23, a student, died in a hospital after, police allege, he had stabbed his younger brother, Ernest, 16, in the chest and then stabbed himself in the abdomen.

Mystery was thrown into the affair when Frank Follman, a lodger, who found the bodies of the wounded youths, declared he was awakened by the screams of a woman.

Cleveland Girl, 5, Dies of Burns in Saving Baby's Life

CLEVELAND, June 29. — A real heroine died early today. She was 5-year-old Marietta Damato, who suffered fatal burns in saving her baby sister's life.

Marietta saw her baby sister, Frances, striking and playing with matches. All the admonitions of her parents against playing with matches came to her mind and she snatched them away from the tot. Her little flimsy dress caught fire, and the little heroine succumbed to her burns early today in Mt. Sinai hospital.

Authorities of several states have been looking for Ponzi since his disappearance from Jacksonville, Fla., June 3.

Jacksonville authorities today advised local police they will offer no objection if Ponzi is taken to Massachusetts to serve his term of seven years in prison there.

When Massachusetts has punished the "wizard" the state of Florida will then take steps to enforce the sentence pending against him in Jacksonville for fraud in connection with his Charpon Land Syndicate, authorities there said.

EAST END

SPECIAL SERMONS BEING DELIVERED

Large crowds are attending the Sunday night services in the Pennsylvania Avenue Church of Christ where *the pastor, Rev. C. Melvin McKay,* is preaching a series of sermons on "Bible Characters. Music is being furnished by the choir.

Next Sunday evening the sermon subject will be "The Mayor's Wife." Services begin at 8 o'clock.

Odd Fellows To Meet.

Regular meeting of Pennova lodge No. 880, I. O. O. F., will be held Thursday evening in the Hill building, Mulberry street. Number of matters will be discussed.

Mid-Week Services.

Mid-week prayer services will be held tomorrow night in the churches of this section of the city. Pastors will be in charge of the meetings.

Plan To Open Road.

Pennsylvania state highway department announced yesterday that the road above Conway which has been improved will be thrown open to traffic next Sunday.

Class Meeting Arranged.

Members of class No. 13 of the Second Presbyterian church will meet Thursday evening with Mrs. Lundy Price at her home in Palissy street. Mrs. R. W. Henderson will be associate hostess.

Makes Mountain Trip.

Dora M. Kaiser, of East End, made the trip to the top of Mount Tamalpais from San Francisco on June 10. The trip is made over the "crookedest railroad in the world"—281 curves in 11 miles of track from sea level to 2,500 feet elevation.

Lodge Meeting Tonight.

Eureka circle No. 86, Protected Home Circle, will meet tonight in the Hill building, Mulberry street. Regular business will be transacted.

Game Postponed.

Game scheduled for tonight at Klondyke between Victory Motors and Knowles, Taylor and Knowles at Klondyke ball grounds has been postponed until Thursday night in order to allow the players of both teams to attend the Chester-Laughlin contest tonight.

Engineers' Auxiliary Meeting.

Members of the auxiliary of the Brotherhood of Locomotive Engineers, Wellsville, will hold a special meeting tomorrow afternoon at 2 o'clock in their lodgerooms. The auxiliary will practice for the inspection planned in the near future.

The Queen of American Watering Places

Ohioan Stops Apartment Noise By Shooting Woman In Neck

"She Kept Hammering and Pounding and My Baby Couldn't Sleep," Alfred Maurcio Tells Cleveland Police.

CLEVELAND, June 29.—Love, greed and blighted happiness have often been cited as the cause of one person shooting another, but it remained for Alfred Maurcio to spring a new one on police as his excuse for shooting Mrs. Marjorie McCaskey, 32, who lives above his apartment. The bullet entered the woman's neck.

Maurcio, held today on a charge of attempt to kill, shot the woman, police say, from the window of his apartment while she was standing in the yard.

"Why did you shoot the woman?" police asked.

"She kept hammering and pounding in her apartment and my baby couldn't sleep, so I decided I would stop the noise," Maurcio is reported to have told police.

Mrs. McCaskey is in the hospital and Maurcio is in jail, so it is pretty quiet around the house now.

REPORTS FROM STOCK MARKET

NEW YORK, June 29.—A 5 per cent call loan renewal rate, lack of public buying of speculative stocks and liberal offerings by the professional traders resulted in an irregular price movement in the early trading in the stock market today. A few of the motor and industrial stocks were exceptionally strong, moving confidently against the general trend of the market, while railroad stocks exhibited more of the stability for which they have become noted in recent weeks.

Strength in United States steel and the leading Independent steel shares followed reports that current pig iron buying was the heaviest since 1924 and that prices for steel products were inclined definitely higher, steel common sold in good volume above 139, while cast iron pipe moved up about 4 points.

General motors swung into line at the head of the motor stocks and pushed forward to above 146, recovering practically all the ground lost in last week's decline. Atchison led the rails, through Kansas City southern was in demand on reports that formal application would soon be made to the interstate commerce commission by Mr. Loree for the formal consolidation of that road with St. Louis Southwestern and Missouri Kansas Texas.

Vigorous buying of United States steel in the second hours resulted in the advance in the stock to a record high price of 140. Motor stocks and high priced industrials were firm and active in this period.

Chicago Grains.

CHICAGO, June 29.—Grains opened easier today. Wheat was ½c to ¾c lower; corn, ½c to 6c down and oats ½c to ¼c lower. Opening prices:

Wheat—July, $1.31 @1.31¼; September, $1.31@1.31½; December, $1.34½@1.341.

Corn—July, 69½@69⅝c; September, 75½c; December, 76⅝@76¾c.

Oats—July, 37½@37⅝c; September, 39c; December, 42½@42⅝c.

Pittsburgh Live Stock.

PITTSBURGH, June 29.—Cattle — Supply, 50 head; market steady. Choice, $10.00@10.50; prime, $9.50@10.00; good, $9.50@10.40; tidy butchers, $9.00@9.40; fair, $7.75@8.75; common, $6.75@7.25; common to good fat bulls, $5.50@7.50; common to good fat cows, $3.00@5.75; heifers, $7.00@8.00; heifers, $7.00@8.00; fresh cows and springers, $50@105.

Pittsburgh Produce.

PITTSBURGH, June 29.—Butter — Print 46-46½c; tub 45-45½c; Pa. & O., 39½-40½c.

LOWELL, MASS., WIDOW SLAIN

Store Owner's Body is Battered and Head Crushed.

LOWELL, Mass., June 29.—With her body battered and her head crushed, Mrs. Esther A. Frost, 60, a widow was found slain in her little variety store today. The motive is a mystery.

The cash drawer was empty but nothing else was disturbed and police suspected that the robbery of the small amount of money in the till was a blind. Investigators began to probe into the woman's past life to learn if she had some enemy.

Grace Before Meals Aids Digestion.

PHILADELPHIA, June 29.—Grace before meals is an excellent aid to digestion, Dr. Gilbert Fitz-Patrick, president of the American Institute of Homeopathy, declared in an address.

Why Our Furniture Looks Like New

"No, it is not really new furniture. It *looks* new because Jack and I spent a few chummy evenings last week giving some of our old treasures a beautiful new surface with Marietta paints. Why don't you and Dick try it?"

MARIETTA ART STAINS

Remember there's an easy way to preserve these treasured pieces, a way to bring back their original lustre—and you can do it all yourself within a few hours with Spartana Varnish Stain, (a Marietta product) the kind that flows easily and without "pull" from your brush, spreads generously, giving to every article a smooth, uniform surface.

DISMISSED U. S. DRY AGENTS ON PINCHOT STAFF

Governor's Counsel Says They Were Paid From W. C. T. U. Funds.

WRIGHT ON STAND

Hints Sensation in Illinois Primary Investigation.

WASHINGTON, June 29.—The private secret detective staff used by Governor Gifford Pinchot to enforce the prohibition law in Pennsylvania was composed chiefly of dismissed federal agents, Major William B. Wright, Jr., the governor's special counsel, told the senate slush fund committee today at its inquiry into Pennsylvania's $3,000,000 senatorial primary.

One of the Pinchot investigators, all of whom were paid through a $130,000 fund raised by the W. C. T. U. of Pennsylvania, was under charges of illegally transporting liquor at the time of his appointment, Wright revealed. He was the "Mr. Z." whose identity Wright refused to disclose because he is still an "under cover man" for Pinchot.

Wright gave the committee a hint of what it may find when it investigates the alleged $3,000,000 Illinois senatorial primary, when he declared another of the Pinchot agents, J. J. Tatro, was dismissed from the federal service in Illinois after he was about to "involve the secretary of Senator McKinley in a prohibition matter."

Asks About Tatro Case.

Senator Reed, D., of Missouri, asked the witness about Tatro's case.

"I only can say that he was doing amazingly good work in Chicago," said Wright. "I think it was Senator McKinley's secretary that he was about to involve in prohibition matters when he was dismissed."

Wright said Tatro was called to Washington "to go over the testimony he was going to give to the United States attorney in Chicago on this case." The conference was held with Internal Revenue Commissioner Blair."

"Tatro went back to Chicago," Wright added, "and it is my recollection he received a simple formal letter of dismissal right afterwards."

"Have any of these agents criminal records?" Reed asked.

"Mr. Z, I believe, was in some difficulty," said Wright.

"Was he stealing automobiles?"

"No, I think he was part owner of a garage in which an automobile was found that contained liquor."

"He was charged with illegal transportation of liquor, wasn't he?"

"I don't know."

Argument With Reed.

Wright got into an argument with Reed when he compared former Prohibition Administrator Frederick C. Baird, at Pittsburgh, to George Washington. Reed condemned Baird's acceptance of a regular salary from the steel corporation's Bessemer and Lake Erie railroad while in the government service.

"I rise to remark it is about as illegal a proposition as I have ever heard of," Reed declared. "It is destructive of good government. It makes public government become private government.

"Well, George Washington did it when as commander of the American forces, he paid money out of his own pocket," Wright retorted.

"Well, George Washington was not working for the Ku Klux Klan or Anti-Saloon league," Reed declared.

"Neither was Baird," said Wright.

Accountants at Westerville.

WESTERVILLE, June 29.—Seeking to learn the source of political campaign contributions to the Anti-Saloon League of America and to ascertain the league's expenditures, expert accountants, representing the United States senate campaign committee, are here today examining books and correspondence of the league. The examination, it was stated, will continue several days. Officials of the league are co-operating with the examiners, who include Alonzo Tweedale, certified public accountant, Washington, D. C.; Ray L. Whitman, an official reporter of the committee, and Hicklin Yates, secretary to United States Senator Reed, Missouri, chairman of the investigating committee.

Three Trucks, 400 Cases of Beer are Seized at Toledo

TOLEDO, O., June 29.—Three trucks and 400 cases of beer were confiscated and six Toledo men arrested today by deputy sheriffs on the Toledo Beach road between here and Monroe, Michigan. The shipment, officers said, was on the way here. The men gave the names of John W. Smith, 19, Ben Curtis, 23, William Nedley, 20, Irwin Waldman, 19, George Lewis, 21 and Jack O'Brien, 20.

Pola Negri Will Claim Film "Sheik" As Her Husband

CHICAGO, June 29.—Pola Negri is going to be married soon to Rudolph Valentino, it was declared here today by Leopold Brodzinski, secretary to the film actress' mother, Mme. Eleanor Chalupec. Mme. Chalupec, who speaks no English, and her secretary, passed through Chicago today on the way to spend some time in Pola's chateau near Paris.

Man Killed; Driver Held

(Continued from Page One)

Palestine, was expected to conduct an inquest today. The body was being held at the Hells morgue pending the coroner's action.

Born on Spence Farm.

Frank Spence was born on the old Spence farm on the Lisbon-East Liverpool road December 14, 1858, being a son of John and Loretta Spence. He attended the Union schools in Centre township and also the Lisbon schools. He also studied for one year at Oberlin college and attended Mt. Union college at Alliance for two years. After his graduation he was admitted to the bar.

During his young days he worked for his father, who was civil engineer. Preferring this work to law, he followed the profession of a civil engineer, conducting surveys for coal mining interests, railroads, oil and gas developments in Columbiana county and eastern Ohio. He is said to have surveyed the old original West Point coal fields.

Spence was never married but made his home with his brother, David C. and Miss Ella B. Spence, who moved to the farm along the Lincoln highway, known as Spence's Corners, about 25 years ago. He was a Democrat and at one time was his party's nominee for county surveyor. He never held a public office.

Member of Episcopal Church.

He at one time was a member of the Masonic lodge at Alliance. He was also affiliated with the Trinity Episcopal church at Lisbon.

In addition to the brother and sister, with whom he resided, he is survived by one other brother, ex-Judge W. H. Spence, East Lincoln Way, Lisbon.

Funeral services probably will be conducted in the late home Thursday afternoon. Burial will be made in the Lisbon cemetery.

Jason Neville Dies

(Continued From Page One.)

burg, Chantilly, Snicker's Gap, Wilderness, Spottsylvania, Cold Harbor, Gettysburg and other minor engagements. The regiment was mustered out at Pittsburgh, Pa., June 11, 1864. He reinlisted in June 1864.

Wounded Twice.

He was wounded in the Battle of the Wilderness and again at Spottsylvania. He was confined in the Crawford hospital at Washington for about three weeks after the latter battle. He was orderly to General George E. Meade, and was assigned to the post of mail carrier for the Third division and served as such until the battle of Gettysburg when he was made color bearer in recognition of his bravery in remaining with General Crawford. He received his honorable discharge June 28, 1865.

For several years after his return from the war, he served as pilot, captain and engineer on boats plying the Ohio river. He was a member of the First Methodist Protestant church and General Lyon post No. 44, G. A. R.

He is survived by his wife, formerly Martha Bullock, with whom he was united in marriage at West Bridgewater, Pa., in 1870; one son, John T. Neville, at home; three brothers, Ira, Enoch and Dr. R. Neville, all of Walkerston, Ind.; one granddaughter, Mrs. George Morris, of Chester, and two great-grandchildren.

Funeral services, with full military honors, will be held in the home at 2:30 Thursday afternoon, in charge of Rev. J. F. Dimit, pastor of the First Methodist Protestant church. Burial will be made in Riverview cemetery.

Friends may view the body from 7 to 10 o'clock tomorrow night.

TODAY

(Continued From Page One.)

danger of German invasion. We were just "easy."

IN ALABAMA, C. W. Jackson breaks the world's record by swimming 40 miles in salt water in 18 hours. A wonderful achievement. But thing of the mysterious eels. They start from anywhere in land in the United States, wriggling up from their fresh water ponds. Curiously guided, they find their way across the fields, travel down creeks and rivers to the ocean, then to the Sargasso sea, and there they breed.

The young eels retur nto the country from which their ancestors came, some going to Europe, some to America.

That is real swimming, and a real mystery. Who, or what, tells a baby eel to get from the West Indies to Sweden? What power tells the eel, in a stagnant New Jersey pond, how to reach its Sargosso sea? "Instinct" is too easy an explanation and does not explain.

HERR GUSTAV BOESS, burgomaster of Berlin, sets an example to all officials. He speaks frequently in distant cities, and visits many places to study new ideas. He has applied for a flying machine, to save time, and will be his own pilot.

Cincinnati Man Killed When Toy Cannon Explodes

CINCINNATI, June 29. — George Klein, 18, machinist, was dead today, the victim of the explosion of a charge of gunpowder in a toy cannon left loaded since last Fourth of July.

Stevens Blackwell, at whose home Klein was killed, told police he and Klein had gotten the cannon out of a cupboard to clean it for this year's celebration. While picking the old charge with nail, the cannon exploded. Blackwell was not injured.

NEW YORK, June 29.—One child was killed and three injured by the explosion of fireworks in the metropolitan district within the last 24 hours.

Xenia Insurance Man Dies.

XENIA, June 29.—S. B. Lesourd, 76, founder of the insurance firm of S. B. Lesourd and Company and prominent in insurance circles of the state, died suddenly today in his summer home at Lakeside, O.

BOSTON POLICE GO TO HOUSTON TO GET PONZI

Former Financial Juggler Captured at New Orleans.

FLEEING TO ITALY

Convicted Man Decoyed From Ship; Was Working as Steward.

BOSTON, June 29.—Extradition papers were being prepared today and inspector John Mitchell of the attorney general's office was ready to leave for Houston, Texas, to bring back Charles Ponzi, ex-financial juggler, who was captured at New Orleans as he was fleeing to Italy.

Ponzi is wanted here for sentencing of from seven to nine years in prison in connection with his international coupon scheme.

HOUSTON, Texas, June 29.—Broken and whipped after his years of battling with the law, debonair Charles Ponzi, whose activities involving millions brought him international fame, arrived in Houston early today, a captive after weeks of freedom.

The center of a nation-wide hunt which started when he defaulted bail of $10,000 in superior court of Boston, Ponzi, his 44 years weighing heavily upon him, was arrested in New Orleans yesterday by Deputy Sheriff Lacy of Houston, who brought him to Texas.

Ponzi was taken handcuffed from the county jail to await arrival of Massachusetts police who will return him to Boston for his sentence.

His chance to reimburse creditors to whom he was indebted after the collapse of his financial adventure in Boston, failed when he was arraigned in Florida charged with violating state laws regarding declaration of trust.

"Hick cops" of a "tank town," as Texas cities regardless of their size are known in the north, brought Ponzi to bay in New Orleans yesterday when he was dragged from an Italian ship, the Sic Vos Non Vobis, on which he was fleeing to Italy. A week's trailing by Houston autohrities resulted in Ponzi's capture.

It was learned that Ponzi would not fight extradition.

Boston officials will pass sentence from seven to nine years upon him when he again is arraigned before superior court where he was convicted of grand larceny. His appeal was dismissed by the higher courts.

Until Massachusetts officers arrive for him he is being held in the jail here.

Ponzi was decoyed from the Sic Vos Non Vobis, where he was working as a steward, by Charles Krueger, United States customs inspector. As he left the ship Ponzi was grabbed by Deputy Sheriff George Lacy of Houston.

Ponzi was going under the name of Liciani Andrea. He wore only overalls and an undershirt and his hair was closely clipped in an attempt to disguise himself.

Girl's Foot Badly Cut When Caught In Bicycle Chain

Marjorie, 4-year-old daughter of Mr. and Mrs. Louis Sanford, Dixonville, sustained a badly lacerated right foot when it was caught between the chain and sprocket of a bicycle on which she was riding with a boy, at 9:30 o'clock this morning.

The foot was badly mangled but physicians are hopeful that it can be saved. The child was taken to the hospital where the injury was dressed by Drs. W. G. McDade and W. A. Hobbs.

Brothers Battle With Knives; One Dies in Hospital

BOSTON, June 29.—A knife battle between two brothers over money was waged early today in a room they shared.

The elder brother, Oscar F. Magnuson, 23, a student, died in a hospital after, police allege, he had stabbed his younger brother, Ernest, 16, in the chest and then stabbed himself in the abdomen.

Mystery was thrown into the affair when Frank Follman, a lodger, who found the bodies of the wounded youths, declared he was awakened by the screams of a woman.

Cleveland Girl, 5, Dies of Burns in Saving Baby's Life

CLEVELAND, June 29. — A real heroine died early today. She was 5-year-old Marietta Damato, who suffered fatal burns in saving her baby sister's life.

Marietta saw her baby sister, Frances, striking and playing with matches. All the admonitions of her parents against playing with matches came to her mind and she snatched them away from the tot. Her little flimsy dress caught fire, and the little heroine succumbed to her burns early today in Mt. Sinai hospital.

Authorities of several states have been looking for Ponzi since his disappearance from Jacksonville, Fla., June 3.

Jacksonville authorities today advised local police they will offer no objection if Ponzi is taken to Massachusetts to serve his term of seven years in prison there.

When Massachusetts has punished the "wizard" the state of Florida will then take steps to enforce the sentence pending against him in Jacksonville for fraud in connection with his Charpon Land Syndicate, authorities there said.

EAST END

SPECIAL SERMONS BEING DELIVERED

Large crowds are attending the Sunday night services in the Pennsylvania Avenue Church of Christ where the pastor, Rev. C. Melvin McKay, is preaching a series of sermons on "Bible Characters. Music is being furnished by the choir.

Next Sunday evening the sermon subject will be "The Mayor's Wife." Services begin at 8 o'clock.

Odd Fellows To Meet.

Regular meeting of Pennova lodge No. 880, I. O. O. F., will be held Thursday evening in the Hill building, Mulberry street. Number of matters will be discussed.

Mid-Week Services.

Mid-week prayer services will be held tomorrow night in the churches of this section of the city. Pastors will be in charge of the meetings.

Plan To Open Road.

Pennsylvania state highway department announced yesterday that the road above Conway which has been improved will be thrown open to traffic next Sunday.

Class Meeting Arranged.

Members of class No. 13 of the Second Presbyterian church will meet Thursday evening with Mrs. Lundy Price at her home in Palissy street. Mrs. R. W. Henderson will be associate hostess.

Makes Mountain Trip.

Dora M. Kaiser, of East End, made the trip to the top of Mount Tamalpais from San Francisco on June 10. The trip is made over the "crookedest railroad in the world"—281 curves in 11 miles of track from sea level to 2,500 feet elevation.

Lodge Meeting Tonight.

Eureka circle No. 86, Protected Home Circle, will meet tonight in the Hill building, Mulberry street. Regular business will be transacted.

Game Postponed.

Game scheduled for tonight at Klondyke between Victory Motors and Knowles, Taylor and Knowles at Klondyke ball grounds has been postponed until Thursday night in order to allow the players of both teams to attend the Chester-Laughlin contest tonight.

Engineers' Auxiliary Meeting.

Members of the auxiliary of the Brotherhood of Locomotive Engineers, Wellsville, will hold a special meeting tomorrow afternoon at 2 o'clock in their lodgerooms. The auxiliary will practice for the inspection planned in the near future.

Ohioan Stops Apartment Noise By Shooting Woman In Neck

"She Kept Hammering and Pounding and My Baby Couldn't Sleep," Alfred Maurcio Tells Cleveland Police.

CLEVELAND, June 29.—Love, greed and blighted happiness have often been cited as the cause of one person shooting another, but it remained for Alfred Maurcio to spring a new one on police as his excuse for shooting Mrs. Marjorie McCaskey, 32, who lives above his apartment. The bullet entered the woman's neck.

Maurcio, held today on a charge of attempt to kill, shot the woman, police say, from the window of his apartment while she was standing in the yard.

"Why did you shoot the woman?" police asked.

"She kept hammering and pounding in her apartment and my baby couldn't sleep, so I decided I would stop the noise," Maurcio is reported to have told police.

Mrs. McCaskey is in the hospital and Maurcio is in jail, so it is pretty quiet around the house now.

REPORTS FROM STOCK MARKET

NEW YORK, June 29.—A 5 per cent call loan renewal rate, lack of public buying of speculative stocks and liberal offerings by the professional traders resulted in an irregular price movement in the early trading in the stock market today. A few of the motor and industrial stocks were exceptionally strong, moving confidently against the general trend of the market, while railroad stocks exhibited more of the stability for which they have become noted in recent weeks.

Strength in United States steel and the leading Independent steel shares followed reports that current pig iron buying was the heaviest since 1924 and that prices for steel products were inclined definitely higher, steel common sold in good volume above 139, while cast iron pipe moved up about 4 points.

General motors swung into line at the head of the motor stocks and pushed forward to above 146, recovering practically all the ground lost in last week's decline. Atchison led the rails, through Kansas City southern was in demand on reports that formal application would soon be made to the interstate commerce commission by Mr. Loree for the formal consolidation of that road with St. Louis Southwestern and Missouri Kansas Texas.

Vigorous buying of United States steel in the second hours resulted in the advance in the stock to a record high price of 140. Motor stocks and high priced industrials were firm and active in this period.

Chicago Grains.

CHICAGO, June 29.—Grains opened easier today. Wheat was ½c to ¾c lower; corn, ½c to 6c down and oats ½c to ¾c lower. Opening prices:

Wheat—July, $1.31 @1.31½; September, $1.31@1.31½; December, $1.34⅛@1.341.

Corn—July, 69⅛@69⅝c; September, 75½c; December, 76⅝@76⅞c.

Oats—July, 37⅛@37⅝c; September, 39c; December, 42⅛@42⅝c.

Pittsburgh Live Stock.

PITTSBURGH, June 29.—Cattle — Supply, 50 head; market steady. Choice, $10.00@10.50; prime, $9.50@10.00; good, $9.50@10.40; tidy butchers, $9.00@9.40; fair, $7.75@8.75; common, $6.75@7.25; common to good fat bulls, $5.50@7.50; common to good fat cows, $3.00@5.75; heifers, $7.00@8.00; heifers, $7.00@8.00; fresh cows and springers, $50@105.

Veal Calves—$12.50.

Sheep and Lambs — Supply, 200 head; market lower. Good, $7.50; lambs, $15.75.

Hogs—Receipts, 600 head; market steady. Prime heavy hogs, $14.25@14.50; heavy mixed, $14.60@14.85; mediums, $15.25@15.35; heavy Yorkers, $15.25@15.35; light Yorkers, $15.40@15.50; pigs, $15.00@15.50; roughs, $12.00@12.50; stags, $7.00@8.00.

Pittsburgh Produce.

PITTSBURGH, June 29.—Butter — Print 46-46½c; tub 45-45½c; Pa. & O., 39½-40½c.

LOWELL, MASS., WIDOW SLAIN

Store Owner's Body is Battered and Head Crushed.

LOWELL, Mass., June 29.—With her body battered and her head crushed, Mrs. Esther A. Frost, 60, a widow was found slain in her little variety store today. The motive is a mystery.

The cash drawer was empty but nothing else was disturbed and police suspected that the robbery of the small amount of money in the till was a blind. Investigators began to probe into the woman's past life to learn if she had some enemy.

Grace Before Meals Aids Digestion.

PHILADELPHIA, June 29.—Grace before meals is an excellent aid to digestion, Dr. Gilbert Fitz-Patrick, president of the American Institute Homeopathy, declared in an address

Why Our Furniture Looks Like New

"No, it is not really new furniture. It *looks* new because Jack and I spent a few chummy evenings last week giving some of our old treasures a beautiful new surface with Marietta paints. Why don't you and Dick try it?"

MARIETTA ART STAINS

Remember there's an easy way to preserve these treasured pieces, a way to bring back their original lustre—and you can do it all yourself within a few hours with Spartana Varnish Stain, (a Marietta product) the kind that flows easily and without "pull" from your brush, spreads generously, giving to every article a smooth, uniform surface.

Valley Wall Paper and Paint Store.

WHAT HAS GONE BEFORE:

Bee and Lou are modern girls sharing a Greenwich Village apartment. Bee is an actress, at present in the chorus, but keeping a stiff upper lip and a fond hope of success. Into the Village comes Delia, frail poetess of New England, seeking freedom from the repressions of her home. And Bee, a school chum of the freedom-seeker, invites her to share their apartment.

Now go on with the story:

CHAPTER TWO.

Bee unlocked a door and they climbed three flights of dark stairs. It was an old building with a stuffy smell. The apartment proved to be a mere two rooms and cupboard kitchenette, with a bathroom smaller than Delia would have supposed possible. But there were bright chintzes and shelves of books, and the furniture was comfortable. Crowded into a corner by the radiator was an upright piano, old and very small, with a number of current popular songs. A center table was littered with radical magazines which Delia eyed with quickening interest.

She was a lovely, slim creature.

"You'll sleep here," said Bee, indicating the couch. "It's perfectly simple for us. We'll love having you."

Delia stood looking out at those charming old Grove street houses across the park. The tall studio windows caught her eye. Her breath came a little short, and her eyes filled.

"Bee, I simply can't—oh, for a night or two, maybe—but—"

"Shucks. You can pay rent if you want to. It'll be larks. Three of us! Of course!"

Delia moved over to the couch and sank down on it. She was a lovely slim creature, crying a little but laughing too in her soft way. "Oh, Bee, you're wonderful!"

"Don't be silly! I've got to step over to the theater for a rehearsal. They're working some new people in."

"You're acting now?" Delia's wet eyes danced at the thought.

"Sort of," replied Bee, rather grimly. "I'm in the chorus of 'The Gondoliers.' It's better than nothing. And the crowd isn't bad. All from the Village here. It really doesn't mean that I'm a chorus girl. You can look in a little later if you feel like it. The stage door is to the right of the theater entrance. Just across the Square there."

"I've never been in a stage door."

Bee smiled. "You'll get used to that."

She turned to go. "Just make yourself comfortable here. Hang your things in the right-hand closet with mine. There in the bedroom. If Louise comes in, explain yourself. She'll understand. She understands everything. Forgive me for hurrying off, won't you? You'll find cigarettes in that little Russian box on the table."

"Oh, Bee, you are wonderful—"

"Now don't—"

"I can't tell you how I feel! Really being here in New York! Oh, freedom! Like the beginning of life. It WAS the breaking point. I'd have had to marry that man if I'd stayed. Or simply wreck the family life. Families—I don't know. They puzzle me."

"As an economic unit for the conservation of property, I suppose the family's all well enough," said Bee. "If they'd stop all this bourgeois sentimentality about it. I'm not for marriage myself. Life's too interesting."

Delia nodded eagerly.

"I know. If you can once shake free. All those little threads tied around you!"

"Well, at least here we are! And I've got to run. Come over in an hour. Then we'll find Lou and have dinner somewhere. Begin getting acquainted. Or wait here if you like."

As she ran down the stairs Bee reflected rapidly. Lucky she'd found the child. Take care of her.

(To be continued)

WHAT HAS GONE BEFORE:

Bee and Lou are modern girls sharing a Greenwich Village apartment. Bee is an actress, at present in the chorus, but keeping a stiff upper lip and a fond hope of success. Into the Village comes Delia, frail poetess of New England, seeking freedom from the repressions of her home. And Bee, a school chum of the freedom-seeker, invites her to share their apartment.

Now go on with the story:

CHAPTER TWO.

Bee unlocked a door and they climbed three flights of dark stairs. It was an old building with a stuffy smell. The apartment proved to be a mere two rooms and cupboard kitchenette, with a bathroom smaller than Delia would have supposed possible. But there were bright chintzes and shelves of books, and the furniture was comfortable. Crowded into a corner by the radiator was an upright piano, old and very small, with a number of current popular songs. A center table was littered with radical magazines which Delia eyed with quickening interest.

She was a lovely, slim creature.

"You'll sleep here," said Bee, indicating the couch. "It's perfectly simple for us. We'll love having you."

Delia stood looking out at those charming old Grove street houses across the park. The tall studio windows caught her eye. Her breath came a little short, and her eyes filled.

"Bee, I simply can't—oh, for a night or two, maybe—but—"

"Shucks. You can pay rent if you want to. It'll be larks. Three of us! Of course!"

Delia moved over to the couch and sank down on it. She was a lovely slim creature, crying a little but laughing too in her soft way. "Oh, Bee, you're wonderful!"

"Don't be silly! I've got to step over to the theater for a rehearsal. They're working some new people in."

"You're acting now?" Delia's wet eyes danced at the thought.

"Sort of," replied Bee, rather grimly. "I'm in the chorus of 'The Gondoliers.' It's better than nothing. And the crowd isn't bad. All from the Village here. It really doesn't mean that I'm a chorus girl. You can look in a little later if you feel like it. The stage door is to the right of the theater entrance. Just across the Square there."

"I've never been in a stage door."

Bee smiled. "You'll get used to that."

She turned to go. "Just make yourself comfortable here. Hang your things in the right-hand closet with mine. There in the bedroom. If Louise comes in, explain yourself. She'll understand. She understands everything. Forgive me for hurrying off, won't you? You'll find cigarettes in that little Russian box on the table."

"Oh, Bee, you are wonderful—"

"Now don't—"

"I can't tell you how I feel! Really being here in New York! Oh, freedom! Like the beginning of life. It WAS the breaking point. I'd have had to marry that man if I'd stayed. Or simply wreck the family life. Families—I don't know. They puzzle me."

"As an economic unit for the conservation of property, I suppose the family's all well enough," said Bee. "If they'd stop all this bourgeois sentimentality about it. I'm not for marriage myself. Life's too interesting."

Delia nodded eagerly.

"I know. If you can once shake free. All those little threads tied around you!"

"Well, at least here we are! And I've got to run. Come over in an hour. Then we'll find Lou and have dinner somewhere. Begin getting acquainted. Or wait here if you like."

As she ran down the stairs Bee reflected rapidly. Lucky she'd found the child. Take care of her.

Living Model Demonstration!

Miss Magee Will Demonstrate "Char-Ming" Silk Hose in "STEIN'S" Show Window on Wednesday June 30, Between 1 and 5 P. M.

The Last Word in a GUARANTEED FINE HOSE

CHAR MING

Whenever an improved product in "Ladies' Wear" appears, STEIN'S are prompt in securing and making it available for its patrons.

The "CHAR-MING" Stocking embodies a very important advance in the manufacture of hosiery. Knitted on a closer guage cylinder, it possesses an exceptionally fine texture. It is woven of pure Japan thread silk, of three ply strength, which gives the hose a soft, luxuriant appearance.

The "CHAR-MING" hose is absolutely guaranteed!!

For other features, which space doesn't permit us to mention, see the DEMONSTRATION tomorrow in our CENTER SHOW WINDOW.

THE PRICE WILL BE $1.00 a Pair—3 Pairs for $2.75.

Rompers
Big assortment of colors. Attractively trimmed and embroidered — 59c or 2 for 99c

POLA NEGRI IN FILM HIT

"Good and Naughty" Enjoyed by Audience at Ceramic.

It seems there are no limits to the versatility of that ravishing enchantress of the screen, Pola Negri, as all will testify who attended the opening performance of "Good and Naughty" at the Ceramic theatre last evening.

For in this rollicking film version of Avery Hopwood's stage farce, "Naughty Cinderella," the star—long known as the queen of tragedy—gives one of the most delightful and adroit serious-comedy portrayals that anyone might wish for.

Of course, great credit for the zest and spirit of the vehicle must necessarily go to Malcolm St. Clair's, Paramount's young genius who has directed five superlative comedy-dramas in a row, and praise must also go to Tom Moore, leading man, and Ford Sterling, ace of character comedians.

In short, the entire cast, deserves honorable mention for the splendid caliber of the picture, and this includes Stuart Holmes, Miss duPont, Marie Mosquini and Warner Richmond.

"Good and Naughty," briefly explained, concerns the love tangles of a group of persons whose social ratings range from the smart set of New York to the pugilistic blue book wherein is engraved the name of "Bad News" Smith. Miss Negri has the role of a girl who neglects her personal appearance, while maintaining a secret love for her employer, Tom Moore. It is only when he gets into a dilemma which naturally follows his clandestine affair with a married woman, that Miss Negri throws off the guise of an ugly duckling and artfully reveals herself as the dazzling creature she really is. Her motive, one may guess, is to extricate Moore from his uncomfortable situation, and win him for herself.

Go and see it. The secret of the story is too rich to divulge in cold print.

NEWS FROM TOWNS IN TRI-STATE DISTRICT

LISBON

M. K. Zimerman, West Park Ave. Phone 319-R. Lisbon, O.

KNOX TOWNSHIP CATTLE TESTED

County Will be Listed as Tuberculin Free Territory.

With one possible exception, all cattle herds in Knox township have been tuberculin tested, and the lone herd on the Miller farm is expected to be tested sometime this week. This is the final test, and out of the last 51 cattle tested in the township only two head have been lost.

When the tuberculin test was proposed under the state law, and 75 per cent of the herd owners signed to have their herds tested, there was nothing to prevent the progress of the test. After these herds had been tested there were some herd owners who refused to permit the test to continue, so far as it related to particular herds, and this resulted in Deputy Sheriff Joseph McDevitt being assigned to accompany the testers in cleaning up the township.

After the test had been nearly completed and refusal was met in testing remaining untested cattle, the herds were placed under quarantine and the product of the herd was not allowed to be sold under the law.

The several herd owners whose sale of milk had been shut off at Beloit because their cattle had not been subjected to the final test were in Lisbon Monday urging that these herds be tested, but as the schedule of the testers had been worked out for the week, it was not determined when the quarantined cattle would be subjected to the last test. In the meantime the product of these several farms are still under quarantine.

It has been declared that more objection to the tuberculin test was to be found in Knox township than in any other township in the county, but when it was proposed by state authorities to enforce the quarantine against the sale of non-tuberculin tested cattle, the herd owners who objected speedily agreed to allow their herds to be tested.

Only a few townships in the county remain to be tested under the new law, and as soon as these tests have been made a matter of record the county as a whole unit will be listed as a tuberculin-free territory, so far as cattle is concerned.

A complete record of the tuberculin test work is to be filed with the county commissioners and also the state department of agriculture.

TRACK REMOVAL IS ORDERED

The Miller Coal company, of Youngstown, which concern several years ago were interested in a coal stripping proposition on the Lisbon-Leetonia road in Center township, have been ordered by the county commissioners to remove the small coal car track that crosses the highway at that point.

From time to time numerous complaints have been filed with the commissioners and County Surveyor Lloyd C. Kirk about the abruptness of this crossing, and recently the maintenance crew of the state highway department covered the tracks with "cold patch."

LIMA FIRM GIVEN SURFACING JOB

Because the bid of J. C. McCann was submitted in irregular form, the state highway department at its June letting of roads and bridges refused to consider the proposition of the bidder for work in Columbiana county, and as a result Lewis & Copeland, of Lima, have been awarded the contract for concrete surfacing of Section D-1 of intercounty highway No. 502, or the East Liverpool-Youngstown road in Fairfield township.

This firm submitted a bid of $64,418.26, while the proposal entered by McCann was for $63,335.94, a difference of $1,082.32.

Lewis & Copeland are now at work grading and surfacing the Columbiana-New Waterford road.

THREE MARRIAGE LICENSES ISSUED

A marriage license has been issued to Thomas W. Post, a telephone lineman residing at Salem, and Miss Goldie Inez Warne, a stenographer residing at Salem and daughter of Mr. and Mrs. John Warne. The couple are to be married by the Rev. E. S. Collier, of the Salem Methodist Episcopal church.

The same minister officiated at the wedding of Forest L. Coy, manager of a Salem store, and Miss Esther L. Rogers, a bookkeeper at Salem and daughter of Mr. and Mrs. William B. Rogers. They were granted a marriage license at Lisbon Monday afternoon.

Edward Dray, a pottery worker at East Liverpool, and Miss Murel Stover, daughter of Mr. and Mrs. Ernest Stover, of East Liverpool, have obtained a marriage license. They were married at the parsonage of the Lisbon Christian church by the Rev. R. J. Bennett.

$17,000 FEDERAL ROAD AID MONEY

County Surveyor Lloyd C. Kirk has been informed by G. F. Schlesinger, chief of the state highway department, that Columbiana has received an appropriation of $17,000 of federal aid funds and $450 intercounty highway funds to be used on section D-1 of the East Liverpool-Youngstown road in Fairfield township. This road is a part of intercounty highway No. 502. This appropriation has been made provided the contract is awarded for a brick surface.

Should the contract be awarded for a concrete surface, the appropriation will be available on the basis of $15,000 federal aid funds and $2,270 intercounty highway funds.

Inasmuch as Lewis & Copeland, of Lima, have been awarded the contract for the surfacing of this section of the road with concrete, the latter appropriation will apply.

AWARD CONTRACT FOR NEW BRIDGE

On his bid of $36,960.50, the state highway department has awarded the contract to N. R. Porterfield of Youngstown, for the construction of a new bridge on the Westville-Alliance road, proposals for which were opened by the department at Columbus June 18.

With the completion of this bridge, the road will then be opened to through traffic between Westville and Alliance, by way of Mt. Union and will eliminate the detour as it is now followed through Sebring. In addition to the construction of the bridge, which will be built of steel, the contractor is also to construct permanent approaches to both east and west entrances to the bridge.

Assessments Confirmed.

The county commissioners have confirmed the assessments made by the trustees of Wayne township which have to do with the improvement of the No. 1 Green law road in that township.

This road extends from the end of the brick road at Gavers, southward toward Salineville, and is considered the most important north and south road in the township. The trustees propose to begin to improve this road at once.

Council Meet Deferred.

On account of Monday being observed as Independence day, no meeting of the council of the village of Lisbon will be held until Monday evening, July 12, it is announced. At this meeting Mayor Robert B. Clark and Clerk of Council Lloyd S. Binsley will advise the council that they have, under orders of council, signed a contract for the purchase of a new fire truck at a cost of $6,500.

Salineville

Robert Wilkie, 52 years old, died yesterday in the East Liverpool City hospital, as a result of an operation.

Mr. Wilkie, who was born in Scotland, first located in Salineville in 1912. Returning to Scotland in 1915 he came back here four years later. He is survived by his wife, formerly Miss Marian Drysdale, who with two sons and two daughters, survive; David and James D., both of Cleveland; Rubine, Scotland, and Catherine, at home.

He was a member of the Presbyterian church. Funeral services will be held in the home at 2 o'clock tomorrow afternoon, in charge of Rev. W. S. Martin, pastor of the Presbyterian church. Burial will be made in Woodland cemetery.

Rev. A. M. Jenkins, of Howard, O., was tendered a pastoral call by the congregation of the First Christian church. He will take up his duties on October 1. The pastorate has been vacant since the resignation of Rev. C. G. Huffer in January.

Union services will be held in the churches during the months of July and August. The first service will be held in the Presbyterian church, Rev. Ross S. Wilson, pastor of the United Presbyterian church, will preach. Rev. Paul L. Carter, of the Methodist church, and Rev. W. S. Martin, of the Presbyterian church, will assist in the services.

Mrs. Leslie Borchert, of Alliance is visiting her mother, Mrs. Allie Goddard.

William and Edward Grundy are visiting with relatives in Barnesboro, Pa.

Paul Johnson and John Hoey were Alliance visitors during the week-end.

Mr. and Mrs. Clyde Blazy were Wellsville visitors Sunday.

Mr. and Mrs. Frank Graubner and family of Toronto spent Sunday with local relatives and friends.

Mrs. Robert Pinney, of Chester, is visiting her parents, Mr. and Mrs. T. J. Anderson.

Mrs. Lucy Liggett, of Canton, is visiting her daughter, Mrs. Maud Maher.

Mrs. Joseph Louch and son, Thomas, and daughter, Dorothy, of Hazelwood, Pa., are visiting her parents, Mr. and Mrs. Thomas Anderson.

Miss Violet Lance and Miss Mary Sermon, of Alliance, spent Sunday with the former's sister, Mrs. Fred Liggett.

David and James Wilkie, of Cleveland, were called here by the death of their father, Robert Wilkie.

Theodore Moray was a Wellsville business visitor Monday.

Mrs. Albert Peters, of Canton, has concluded a visit with her husband here.

William, 10-year-old son of Mr. and Mrs. Lancelot Mordue, is a patient in the East Liverpool City hospital where he underwent a minor operation.

Minerva

The degree team of the Minerva Women's Benefit association with other members of the local order went to Magnolin recently and put on the degree of fraternity at the district meeting. Dinner was served in the K. of P. hall and a program given in the evening. The degree team are Mrs. William Hibbetts, commander; Mrs. O. E. Whitacre, lieutenent commander; Mrs. Warren Haines, past commander; Mrs. Anna Reed ,chaplain; Mrs. Ben Cunningham, lady-at-arms; Mrs. Almeda Leyda, sergeant and Mrs. May Mountford, picket.

Mrs. E. O. Sala was hostess to the members of the Delphian society last Thursday evening. A review of the year's work was given under the leadership of Mrs. C. O. Betz. The society made a study this year of drama including that of Germany, Italy, France and England.

The monthly meeting of the W. C. T. U. was held at the home of Mrs. T. C. Van Pelt last Thursday evening. Mrs. J. C. Waddell was the leader. Mrs. McMillen, president of the Stark County W. C. T. U. was present and addressed the ladies on "Temperance." The quartet of the Christian church composed of Mrs. J. C. Waddell, Mrs. Clarence Underwood, Mrs. H. J. Richardson and Miss Dale Scott rendered several selections accompanied by Mrs. A. B. Jackson. The business meeting was held following the program. Mrs. J. C. Waddell, Mrs. F. A. Harsh and Mrs. W. E. Harrington assisted the hostess in serving.

Mrs. James Elliott was hostess to the New Idea club at her country home last Thursday at noon. A chicken dinner was served which was followed by the business meeting and program consisting of music and recitation. Plans for a picnic were made. Other than the club members present were: Mrs. Olin Elliott, Mrs. T. G. Arthur and Mrs. L. W. Walters.

Members of the choir of the Christian church were entertained recently at the home of Mr. and Mrs. Grant Walters, north of East Rochester.

Mrs. Paul Maddrell was hostess recently to the Octo club at her home on West street. The afternoon was spent in playing "500". Mrs. Alton Jones receiving first prize and Mrs. A. W. Yeagley, second. The consolation prize was given to Mrs. Homer Morrison. Those present aside from club members were: Mrs. Lynn Riddle and Mrs. Ralph Bowles of Steubenville. A two course luncheon was served by the hostess.

Arthur Koch has been appointed a member of the executive staff of the American Switch company located on Elizabeth street. Mr. Koch was formerly manager of the Pet Milk company.

Miss Mary Jane Rutledge, daughter of Mr. John Rutledge residing on West Line street and Jay Vaughn, son of Mr. and Mrs. A. L. Vaughn of Niles, were united in marriage by Rev. M. H. Woolf Tuesday, June 22, at the bride's home. Following the wedding the couple left for a trip to Philadelphia, Pa., and Atlantic City, N. J. The bride was a graduate of the local high school with the class of 1922. She was employed in the office of the Owen China Company. On their return they will reside at the Rutledge home.

Harvey Glass and family and Roy Shaw and family attended the funeral of Lewis Glass, father of Mr. Glass and Mrs. Shaw at New Chambersburg, last Wednesday.

Honoring the twelfth birthday of their daughter, Margaret, Mr. and Mrs. George Greenwood gave a dinner party recently at their home on West High street to a number of relatives and friends.

Mr. and Mrs. H. L. Toalston have returned from Gallipolis where they attended the wedding of their nephew, Lester B. Toalston and Miss Edith Saunders.

In honor of her daughter Doris' eighth birthday, Mrs. E. L. Kryder entertained the following girls at her home on East Line street: Betty Cooper, Jane Shory, Betty Garbet, Jean Witherspoon, Mildred Harris, Jeanette Roby, Betty Snook, Kathleen Richardson, and Edna Hibbetts. The afternoon was spent in playing games. Mrs. Kryder served lunch.

Hart grocery employes were entertained at their annual picnic at the home of Mr. and Mrs. Charles Stedor, south of town. The evening was spent with games. A picnic supper was served.

Empire

Mr. and Mrs. John Bateman are visiting the former's parents in Gambier, O.

Dr. Vincent Ward of Columbus is visiting with Rev. G. E. Ward and family.

Haskin's Letter

(Continued from Page Four.)

to the belief that the earth is flat and are firmly of the opinion that it is the rankest heresy to instruct children in any other belief.

A curious custom among many of these people is the carrying of simplicity to the point of absolute uniformity in dress for all ages. From the time a baby boy can walk he is dressed precisely the same as his grandfather—long trousers, unadorned blouse-like coat, and broad-brimmed hat, all black. Just so, the baby girl never knows what it means to wear pink ribbons. She is dressed from infancy in the same plain black garments worn by her mother and grandmother.

Paralleling in a sense these gropings after new thoughts and new ways in the matter of religious beliefs and customs, is the almost world-wide effort to learn more about the early life of man. On every continent scientific expeditions are making explorations and excavations in an attempt to unearth traces of earlier civilizations.

The two movements tie up in that a knowledge of how man lived and moved and had his being five or six or maybe ten thousand years ago presumably will throw some light on the state of his mentality at such periods. By tracing the development of civilization through these excavations, it will be possible to unravel the mystery of the development of religious beliefs, for the religion of men necessarily becomes a part of their daily life and the life and the religion are, to some extent, interdependent.

The exploratory work of principal interest to Christendom is that being done in the Holy Land and the territories adjacent to it. Until comparatively recently, the calculations of learned clergymen to the effect that the Creation took place about six thousand years ago were accepted by many devout persons. But buildings have been unearthed at Ur in Chaldea which are indubitably six thousand years old.

Civilization of 400 B. C.

Not only have great buildings been found of so ancient a date but also evidences of a relatively high state of civilization. For instance, in the temple of Ningal, wife of the Moon god, has been found a complete and scientifically planned drainage system. The discovery of cold storage has long been attributed to Lord Bacon who preserved fowls and game by stuffing the carcasses with snow, but the Near Eastern explorations have now revealed that nearly 4000 years before Christ and 5600 years before Bacon, cold storage systems were in use.

In the Hall of Justice at Ur there have been found libraries of graven tablets and evidences of business system in the form of receipts for goods and for taxes paid to the king. The factory system was employed in industry and child labor seems to have been prevalent. The excavations have revealed one factory the discovered records of which show that it employed ninety-eight women and sixty-three children.

The explorations reveal a great diversity of deities. Local gods were worshipped. In a territory no larger than the smaller states of the American Union, there flourished perhaps a dozen rival gods. The gathering together of evidence regarding these deities, the comparing of similarities, and the ultimate tracing of their combination into the idea of one supreme deity will furnish a task for the most erudite and devoted scholars for some time to come. Much is being learned concerning the lives, perils, pleasures, and worship of such patriarchs as Abraham and Saul and of great priests and princes who were figures of ancient history before these leaders were born.

The search is world wide. In Palestine, in Egypt, in Mesopotamia, in the great Desert of Gobi, the explorations are going forward. And on this side of the Atlantic, expeditions continue to seek new light in Central and south America, in the States of the American Union where survivals of the mound builders, the Cliff dwellers, and other prehistoric peoples abound, and in Alaska. Evidence of the migration of Asiatic peoples to North America by way of Alaska, evidence of explorations by the Vikings, generations before the day of Columbus, and many other fascinating historical facts are being unearthed.

The great universities and museums of the United States, England, France, Germany, and other nations are working in scientific rivalry to discover the true story of the dawn of mankind as it has been written in relics.

will relieve you quickly, safely, and surely.

FOR Acid Stomach

PHILLIPS' Milk of Magnesia

Hereafter instead of soda take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour acid, gassy stomach, and relief will come instantly.

Better Than Soda

For fifty years genuine "Phillips Milk of Magnesia' has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

Try a 25c Bottle

Insist upon "Phillips." Twenty-five cent and fifty cent bottles, any drug store.

NEWS FROM TOWNS IN TRI-STATE DISTRICT

LISBON

M. K. Zimerman, West Park Ave. Phone 319-R. Lisbon, O.

KNOX TOWNSHIP CATTLE TESTED

County Will be Listed as Tuberculin Free Territory.

With one possible exception, all cattle herds in Knox township have been tuberculin tested, and the lone herd on the Miller farm is expected to be tested sometime this week. This is the final test, and out of the last 51 cattle tested in the township only two head have been lost.

When the tuberculin test was proposed under the state law, and 75 per cent of the herd owners signed to have their herds tested, there was nothing to prevent the progress of the test. After these herds had been tested there were some herd owners who refused to permit the test to continue, so far as it related to particular herds, and this resulted in Deputy Sheriff Joseph McDevitt being assigned to accompany the testers in cleaning up the township.

After the test had been nearly completed and refusal was met in testing remaining untested cattle, the herds were placed under quarantine and the product of the herd was not allowed to be sold under the law.

The several herd owners whose sale of milk had been shut off at Beloit because their cattle had not been subjected to the final test were in Lisbon Monday urging that these herds be tested, but as the schedule of the testers had been worked out for the week, it was not determined when the quarantined cattle would be subjected to the last test. In the meantime the product of these several farms are still under quarantine.

It has been declared that more objection to the tuberculin test was to be found in Knox township than in any other township in the county, but when it was proposed by state authorities to enforce the quarantine against the sale of non-tuberculin tested cattle, the herd owners who objected speedily agreed to allow their herds to be tested.

Only a few townships in the county remain to be tested under the new law, and as soon as these tests have been made a matter of record the county as a whole unit will be listed as a tuberculin-free territory, so far as cattle is concerned.

A complete record of the tuberculin test work is to be filed with the county commissioners and also the state department of agriculture.

TRACK REMOVAL IS ORDERED

The Miller Coal company, of Youngstown, which concern several years ago were interested in a coal stripping proposition on the Lisbon-Leetonia road in Center township, have been ordered by the county commissioners to remove the small coal car track that crosses the highway at that point.

From time to time numerous complaints have been filed with the commissioners and County Surveyor Lloyd C. Kirk about the abruptness of this crossing, and recently the maintenance crew of the state highway department covered the tracks with "cold patch."

LIMA FIRM GIVEN SURFACING JOB

Because the bid of J. C. McCann was submitted in irregular form, the state highway department at its June letting of roads and bridges refused to consider the proposition of the bidder for work in Columbiana county, and as a result Lewis & Copeland, of Lima, have been awarded the contract for concrete surfacing of Section D-1 of intercounty highway No. 502, or the East Liverpool-Youngstown road in Fairfield township.

This firm submitted a bid of $64,418.26, while the proposal entered by McCann was for $63,335.94, a difference of $1,082.32.

Lewis & Copeland are now at work grading and surfacing the Columbiana-New Waterford road.

THREE MARRIAGE LICENSES ISSUED

A marriage license has been issued to Thomas W. Post, a telephone lineman residing at Salem, and Miss Goldie Inez Warne, a stenographer residing at Salem and daughter of Mr. and Mrs. John Warne. The couple are to be married by the Rev. E. S. Collier, of the Salem Methodist Episcopal church.

The same minister officiated at the wedding of Forest L. Coy, manager of a Salem store, and Miss Esther L. Rogers, a bookkeeper at Salem and daughter of Mr. and Mrs. William B. Rogers. They were granted a marriage license at Lisbon Monday afternoon.

Edward Dray, a pottery worker at East Liverpool, and Miss Murel Stover, daughter of Mr. and Mrs. Ernest Stover, of East Liverpool, have obtained a marriage license. They were married at the parsonage of the Lisbon Christian church by the Rev. R. J. Bennett.

$17,000 FEDERAL ROAD AID MONEY

County Surveyor Lloyd C. Kirk has been informed by G. F. Schlesinger, chief of the state highway department, that Columbiana has received an appropriation of $17,000 of federal aid funds and $450 intercounty highway funds to be used on section D-1 of the East Liverpool-Youngstown road in Fairfield township. This road is a part of intercounty highway No. 502. This appropriation has been made provided the contract is awarded for a brick surface.

Should the contract be awarded for a concrete surface, the appropriation will be available on the basis of $15,000 federal aid funds and $2,270 intercounty highway funds.

Inasmuch as Lewis & Copeland, of Lima, have been awarded the contract for the surfacing of this section of the road with concrete, the latter appropriation will apply.

AWARD CONTRACT FOR NEW BRIDGE

On his bid of $36,960.50, the state highway department has awarded the contract to N. R. Porterfield of Youngstown, for the construction of a new bridge on the Westville-Alliance road, proposals for which were opened by the department at Columbus June 18.

With the completion of this bridge, the road will then be opened to through traffic between Westville and Alliance, by way of Mt. Union and will eliminate the detour as it is now followed through Sebring. In addition to the construction of the bridge, which will be built of steel, the contractor is also to construct permanent approaches to both east and west entrances to the bridge.

Assessments Confirmed.

The county commissioners have confirmed the assessments made by the trustees of Wayne township which have to do with the improvement of the No. 1 Green law road in that township.

This road extends from the end of the brick road at Gavers, southward toward Salineville, and is considered the most important north and south road in the township. The trustees propose to begin to improve this road at once.

Council Meet Deferred.

On account of Monday being observed as Independence day, no meeting of the council of the village of Lisbon will be held until Monday evening, July 12, it is announced. At this meeting Mayor Robert B. Clark and Clerk of Council Lloyd S. Binsley will advise the council that they have, under orders of council, signed a contract for the purchase of a new fire truck at a cost of $6,500.

Salineville

Robert Wilkie, 52 years old, died yesterday in the East Liverpool City hospital, as a result of an operation.

Mr. Wilkie, who was born in Scotland, first located in Salineville in 1912. Returning to Scotland in 1915 he came back here four years later. He is survived by his wife, formerly Miss Marian Drysdale, who with two sons and two daughters, survive; David and James D., both of Cleveland; Rubine, Scotland, and Catherine, at home.

He was a member of the Presbyterian church. Funeral services will be held in the home at 2 o'clock tomorrow afternoon, in charge of Rev. W. S. Martin, pastor of the Presbyterian church. Burial will be made in Woodland cemetery.

Rev. A. M. Jenkins, of Howard, O., was tendered a pastoral call by the congregation of the First Christian church. He will take up his duties on October 1. The pastorate has been vacant since the resignation of Rev. C. G. Huffer in January.

Union services will be held in the churches during the months of July and August. The first service will be held in the Presbyterian church, Rev. Ross S. Wilson, pastor of the United Presbyterian church, will preach. Rev. Paul L. Carter, of the Methodist church, and Rev. W. S. Martin, of the Presbyterian church, will assist in the services.

Mrs. Leslie Borchert, of Alliance is visiting her mother, Mrs. Allie Goddard.

William and Edward Grundy are visiting with relatives in Barnesboro, Pa.

Paul Johnson and John Hoey were Alliance visitors during the week-end.

Mr. and Mrs. Clyde Blazy were Wellsville visitors Sunday.

Mr. and Mrs. Frank Graubner and family of Toronto spent Sunday with local relatives and friends.

Mrs. Robert Pinney, of Chester, is visiting her parents, Mr. and Mrs. T. J. Anderson.

Mrs. Lucy Liggett, of Canton, is visiting her daughter, Mrs. Maud Maher.

Mrs. Joseph Louch and son, Thomas, and daughter, Dorothy, of Hazelwood, Pa., are visiting her parents, Mr. and Mrs. Thomas Anderson.

Miss Violet Lance and Miss Mary Sermon, of Alliance, spent Sunday with the former's sister, Mrs. Fred Liggett.

David and James Wilkie, of Cleveland, were called here by the death of their father, Robert Wilkie.

Theodore Moray was a Wellsville business visitor Monday.

Mrs. Albert Peters, of Canton, has concluded a visit with her husband here.

William, 10-year-old son of Mr. and Mrs. Lancelot Mordue, is a patient in the East Liverpool City hospital where he underwent a minor operation.

Minerva

The degree team of the Minerva Women's Benefit association with other members of the local order went to Magnolin recently and put on the degree of fraternity at the district meeting. Dinner was served in the K. of P. hall and a program given in the evening. The degree team are Mrs. William Hibbetts, commander; Mrs. O. E. Whitacre, lieutenent commander; Mrs. Warren Haines, past commander; Mrs. Anna Reed, chaplain; Mrs. Ben Cunningham, lady-at-arms; Mrs. Almeda Leyda, sergeant and Mrs. May Mountford, picket.

Mrs. E. O. Sala was hostess to the members of the Delphian society last Thursday evening. A review of the year's work was given under the leadership of Mrs. C. O. Betz. The society made a study this year of drama including that of Germany, Italy, France and England.

The monthly meeting of the W. C. T. U. was held at the home of Mrs. T. C. Van Pelt last Thursday evening. Mrs. J. C. Waddell was the leader. Mrs. McMillen, president of the Stark County W. C. T. U. was present and addressed the ladies on "Temperance." The quartet of the Christian church composed of Mrs. J. C. Waddell, Mrs. Clarence Underwood, Mrs. H. J. Richardson and Miss Dale Scott rendered several selections accompanied by Mrs. A. B. Jackson. The business meeting was held following the program. Mrs. J. C. Waddell, Mrs. F. A. Harsh and Mrs. W. E. Harrington assisted the hostess in serving.

Mrs. James Elliott was hostess to the New Idea club at her country home last Thursday at noon. A chicken dinner was served which was followed by the business meeting and program consisting of music and recitation. Plans for a picnic were made. Other than the club members present were: Mrs. Olin Elliott, Mrs. T. G. Arthur and Mrs. L. W. Walters.

Members of the choir of the Christian church were entertained recently at the home of Mr. and Mrs. Grant Walters, north of East Rochester.

Mrs. Paul Maddrell was hostess recently to the Octo club at her home on West street. The afternoon was spent in playing "500". Mrs. Alton Jones receiving first prize and Mrs. A. W. Yeagley, second. The consolation prize was given to Mrs. Homer Morrison. Those present aside from club members were: Mrs. Lynn Riddle and Mrs. Ralph Bowles of Steubenville. A two course luncheon was served by the hostess.

Arthur Koch has been appointed a member of the executive staff of the American Switch company located on Elizabeth street. Mr. Koch was formerly manager of the Pet Milk company.

Miss Mary Jane Rutledge, daughter of Mr. John Rutledge residing on West Line street and Jay Vaughn, son of Mr. and Mrs. A. L. Vaughn of Niles, were united in marriage by Rev. M. H. Woolf Tuesday, June 22, at the bride's home. Following the wedding the couple left for a trip to Philadelphia, Pa., and Atlantic City, N. J. The bride was a graduate of the local high school with the class of 1922. She was employed in the office of the Owen China Company. On their return they will reside at the Rutledge home.

Harvey Glass and family and Roy Shaw and family attended the funeral of Lewis Glass, father of Mr. Glass and Mrs. Shaw at New Chambersburg, last Wednesday.

Honoring the twelfth birthday of their daughter, Margaret, Mr. and Mrs. George Greenwood gave a dinner party recently at their home on West High street to a number of relatives and friends.

Mr. and Mrs. H. L. Toalston have returned from Gallipolis where they attended the wedding of their nephew, Lester B. Toalston and Miss Edith Saunders.

In honor of her daughter Doris' eighth birthday, Mrs. E. L. Kryder entertained the following girls at her home on East Line street: Betty Cooper, Jane Shory, Betty Garbet, Jean Witherspoon, Mildred Harris, Jeanette Roby, Betty Snook, Kathleen Richardson, and Edna Hibbetts. The afternoon was spent in playing games. Mrs. Kryder served lunch.

Hart grocery employes were entertained at their annual picnic at the home of Mr. and Mrs. Charles Stedor, south of town. The evening was spent with games. A picnic supper was served.

Empire

Mr. and Mrs. Walter Fraley of Toronto, were recent guests of the latter's sister, Mrs. Raymond Holt and family.

Misses Elanore and Kathryn Keeders of Toronto, have concluded a visit with their aunt, Mrs. Fred Keeder.

M. O. Gillespie and grandson, Joseph Gillespie, motored to Newton Falls recently.

Miss Elizabeth Hinkle was a recent guest of Miss Edith Haught in Wellsville.

Mrs. Elizabeth Moulds and son Dana of the Globe Station have concluded a visit with her brother, C. W. Thomas and family in Stratton.

Mrs. Chas Kiggans and children of Wellsville, are visiting relatives here.

Miss Isabel Whitcomb was a Toronto visitor Saturday.

Mrs. C. N. Draa and son Charles, shopped in Steubenville Saturday.

Mrs. Raymond Hall was a Toronto visitor Saturday.

Miss Lena Arnold was a Steubenville shopper Saturday.

Mrs. Emma Nixon who has been making her home with her daughter, Mrs. Norman Haught in Wellsville, is visiting her daughter, Mrs. A. K. Householder of Stratton.

Mrs. Georgie Burris, Mrs. C. W. Walker and Miss Alice Mumaw shopped in Toronto Thursday.

Mrs. Cora Thomas was an East Liverpool shopper on Thursday.

Mr. and Mrs. Harry Young and children of New Cumberland, were guests Thursday of Mr. and Mrs. John Hinkle.

Mrs. Eva White of New Cumberland spent Thursday with her brother, John Gray and family.

Large number attended the home talent play on Friday evening, given by people from New Somerset under the auspices of the W. C. T. U. of Empire.

A neat sum was cleared by the M. P. Ladies Aid at their social on Friday evening, given in the village park.

Mrs. E. H. VanDyke gave an all day quilting recently in her home on the corner of Market and Nessley streets.

Mrs. H. Fullerton and daughter spent Friday with relatives in Toronto.

Mr. and Mrs. Ford Leatherberry, Mr. and Mrs. Crawford, Mrs. Minnie Russell, Mrs. H. Young were among those from out of town that attended the home twalent play given in the auditorium on Friday evening.

Young Ladies Missionary society will entertain the W. F. M. S. society also the Y. L. society of the M. P. church of Toronto on Thursday evening in the M. P. church.

Mr. and Mrs. John Bateman are visiting the former's parents in Gambier, O.

Dr. Vincent Ward of Columbus is visiting with Rev. G. E. Ward and family.

Haskin's Letter

(Continued from Page Four.)

to the belief that the earth is flat and are firmly of the opinion that it is the rankest heresy to instruct children in any other belief.

A curious custom among many of these people is the carrying of simplicity to the point of absolute uniformity in dress for all ages. From the time a baby boy can walk he is dressed precisely the same as his grandfather—long trousers, unadorned blouse-like coat, and broad-brimmed hat, all black. Just so, the baby girl never knows what it means to wear pink ribbons. She is dressed from infancy in the same plain black garments worn by her mother and grandmother.

Paralleling in a sense these groupings after new thoughts and new ways in the matter of religious beliefs and customs, is the almost world-wide effort to learn more about the early life of man. On every continent scientific expeditions are making explorations and excavations in an attempt to unearth traces of earlier civilizations.

The two movements tie up in that a knowledge of how man lived and moved and had his being five or six or maybe ten thousand years ago presumably will throw some light on the state of his mentality at such periods. By tracing the development of civilization through these excavations, it will be possible to unravel the mystery of the development of religious beliefs, for the religion of men necessarily becomes a part of their daily life and the life and the religion are, to some extent, interdependent.

The exploratory work of principal interest to Christendom is that being done in the Holy Land and the territories adjacent to it. Until comparatively recently, the calculations of learned clergymen to the effect that the Creation took place about six thousand years ago were accepted by many devout persons. But buildings have been unearthed at Ur in Chaldea which are indubitably six thousand years old.

Civilization of 400 B. C.

Not only have great buildings been found of so ancient a date but also evidences of a relatively high state of civilization. For instance, in the temple of Ningal, wife of the Moon god, has been found a complete and scientifically planned drainage system. The discovery of cold storage has long been attributed to Lord Bacon who preserved fowls and game by stuffing the carcasses with snow, but the Near Eastern explorations have now revealed that nearly 4000 years before Christ and 5600 years before Bacon, cold storage systems were in use.

In the Hall of Justice at Ur there have been found libraries of graven tablets and evidences of business system in the form of receipts for goods and for taxes paid to the king. The factory system was employed in industry and child labor seems to have been prevalent. The excavations have revealed one factory the discovered records of which show that it employed ninety-eight women and sixty-three children.

The explorations reveal a great diversity of deities. Local gods were worshipped. In a territory no larger than the smaller states of the American Union, there flourished perhaps a dozen rival gods. The gathering together of evidence regarding these deities, the comparing of similarities, and the ultimate tracing of their combination into the idea of one supreme deity will furnish a task for the most erudite and devoted scholars for some time to come. Pennant Rivals Clash Tonight In Crucial Game At Chester

Laughlin, Trailing By Half-Game, Will Try to Unseat Foes

Victory Will Practically Cinch Flag for Riley Crew; Defeat Will Put Them Half-game Behind McCoy Cohorts.

WHETHER Chester will reinforce its hold on first place or drop back to second in favor of Laughlin at the top, will be decided at this evening's City Industrial league clash at Smith Field, across the river, between the Rileyites and the clan de McCoy.

Whatever the outcome of this crucial contest, which a great throng will witness, Turk-Nash, in the offing just below, is ready to seize any loose opportunities to pass both contenders. The race, at this juncture, is sizzling in potentialities for these clubs.

Laughlin lost an opportunity to even the count in the won and lost column with Chester by dropping a game to K. T. K. last evening at Columbian park. The Newell outfit is just a half-game behind Chester and a full game ahead of Turk-Nash.

From all indications today, the Chester-Laughlin tilt this evening, with the first half pennant at stake, will draw the record crowd of the season.

The attraction, in fact, has proved too strong for even other league clubs to resist, as is seen in the action of K. T. K. and Victory Motors who have postponed their contest scheduled for this evening at Klondyke, until Thursday evening, so that they can take in the big tilt at Chester.

On Thursday the K. T. K.-Victory Motors combines will play a double header to make up for lost time, each game to go five innings.

Hap Jackson Blanks Newell At Klondyke

WITH four pitchers constituting his infield "Hap" Jackson, erstwhile twirler de luxe in these parts and present pilot of the K. T. K. City Industrial league team, elected himself to do the flinging against Laughlin at Columbian park last evening, which function he performed so well as to blank the West Virginians, 1 to 0.

Inning after inning he turned back the pennant gesturing contenders. He allowed but four scattered hits, fanned a quartet of swatters and walked but one. He was given faultless support up to the seventh when Jennings booted Babb's drive. Then Jackson bore down and fanned Bubin and Hunselman in turn. On the latter play, Digman, running for Babb, was doubled at second, ending the game.

Jackson got away to a seeming bad start when Crawford, after Jennings had thrown Parsons out at first, singled, and Finley walked. But he caused Herbert to hit just in front of the plate, enabling Gerace to throw him out at first, and himself came out of the danger zone by capturing Aufterheide's high fly.

Babb, doubling in the second, was stranded, as W. Watson, Hunselman and Suder went out in order in the second.

In the third, after two men had been retired, Finley singled and stole second, where he languished as Herbert fanned.

In the fourth and fifth his opponents went out in one-two, three order.

Crawford opened the sixth with a single, but inley, Herbert and Aufterheide went out at first right after each other. On Herbert's rap Jackson elected to toss the batter out at the first station rather than chance stopping the fleet-footed middle-gardener at third.

With Heckathorne on first, Jennings at short, Lysle at second and Stoffel on third, Simcox being absent and Jackson on the hilltop, the K. T. K. outfit was five-part pitcher strong. Lysle, accepting four. Heckathorne nine and Jennings four of five chances, played great ball. Stoffel did not have a fielding chance.

Jennings, with a triple, Lysle with a double and Stoffel and Jackson with singles contributed four of the five hits which their club made.

Suder, though losing, pitched good ball for Laughlin. He blanked K. T. K. for five innings after Jennings and Lysle in the first inning bunched a triple and a double for the only run of the contest. He fanned three, walked none, but hit one. In the second, third and sixth he retired his opponents in turn. But 22 men faced him during the game. He fielded splendidly and accepted six chances.

Gerace caught three innings before "Buck" Wilson's arrival. The latter went in to bat for the former in the fourth when Lysle, hit by the ball, was on second, had beaten out a bunt hit. None being out, there seemed a fine chance to score. But though the runners had reached second and third on a passed ball, Lysle was saught at the plate, W. Watson to Hunselman when the ball relayed from the catcher to Suder rolled behind him sufficiently far as to warrant the second sacker to take a chance at scoring. He was also forced at the plate in the first by Stoffel, Jennings to Hunselman.

W. Watson accepted three chances cleverly before retiring for a rest in the fifth as the result of a sprained ligament sustained in a previous contest. Aufderheide took his place at second and Bubin went to right.

Bubin, with the tying run on the bags, failed to hit safely in his only time at bat in the seventh.

Crawford led both clubs in hitting with two safeties in three chances. He also captured two field tries.

NASH DEFEATS WELLSVILLE

TURK-NASH SALES defeated Wellsville in a City Industrial league clash last evening at Patterson Field, 14 to 3, and is now threatening the two leaders, Chester and Newell.

Deshler twirled for the winners and held the visitors to seven hits and two runs in five innings. Captain E. Bayley succeeded him for the final inning and allowed one hit and one run.

Wolf, Wellsville moundsman, was touched for nine hits and ten runs in three and one third innings and Vess, succeeding him, allowed one swat and four runs in one and two-third frames.

James led the down river aggregation with the club, having three singles in four times at bat.

R. Pollock connected safely twice, both doubles, in a trio of batting chances.

D. Morgan, walking in the fourth after Schneidmiller had doubled and purloined third base, stole second, and forgetting momentarily that Schneidmiller was at the hot corner, tried to swipe third but was successful in getting back to the keystone sack safely.

Wellsville had but two assists during the engagement, Dustman, at short, and Catcher Vanaman getting one a piece.

Offer Rusty Callow $15,000 Job As Rowing Coach At Pennsylvania

Tender Climaxes Washington's Sweeping Victory Yesterday Afternoon at Poughkeepsie.

NEW YORK, June 29.—"Rusty" Callow, man of destiny as a result of the dazzling victory of his University of Washington crew at Poughkeepsie, today faced the most important decison that can come before a man at such a stage of his career. The winning Husky squad was to come to New York tonight to do the theatres and see the lights, but Callow was not to be with them.

According to a pre-arranged appointment, the most famous rowing coach in America was to continue on to Philadelphia in the company of John Arthur Brown, chairman of the rowing committee at the University of Pennsylvania.

As the writer understands the situation, Callow will spend the next few days as the guest of Mr. Brown at the latter's summer home at Atlantic City.

Callow, they say, bought a railroad ticket for Philadelphia yesterday before his super-crews won the varsity and junior varsity races at the greatest regatta Poughkeepsie ever has known. How he felt about the matter after these stirring victories were gained no one could say, but the betting was even that he, at least, would go far enough to keep the Brown appointment.

For one thing, the Pennsylvania offer is not less than $15,000, according to reliable information, with the sum of $25,000 to be divided between Callow and Fred Spuhn and Max Luft, former Washington oarsmen now in charge of rowing at the Philadelphia school.

For another, the coming of Spuhn and Luft to Pennsylvania this year was said to have been effected with the understanding that Callow was to follow and take direct charge in 1927. This, if true, may be a moral obligation that Callow might not care to ignore.

However, the best laid plans of mice and men often run up a blind alley and forget to come back. It had been Brown's fond fancy that he would close the Callow deal at Poughkeepsie, but he couldn't even get close enough to the coach to borrow a match or admire his necktie.

'Tiger' Still Lively After 10-round Go; Puts on Charleston

BOSTON, June 29.—Tiger Flowers, the Georgia Tornado, who holds the middleweight championship of the world, decisively defeated Ray Neuman, of Newark, N. J., in a ten-round bout here last night.

When the battle was over, Flowers did a somersault and then gave an exhibition of the "Charleston" before Neuman to show that he still possessed a lot of energy. He also did the heel and toe in Charleston style, and the multitude applauded.

INSIDE Ggolf

By CHESTER HORTON,
Maker of 51 Golf Champions.
"Golf's most successful teacher," says "Chick" Evans.

Unwinding the body too rapidly in the forward swing causes a great deal of slicing. This results because the body, moving forward too quickly and out of pace with the descending club, gets too far ahead of the ball so that the clubhead drags across the ball. There can be a jumping forward with the body, through the hips, but this should take place at the ball. Many golfers introduce this jump-forward from the top and thus they get it too quickly. The only result then is that they get the body away ahead of the club. This makes good timing almost impossible.

CHAMP LATZO TO RISK TITLE

Harmon, However, Must Land K. O. to Capture Crown.

NEWARK, N. J., June 29.—Twenty-five thousand fans are expected to see Pete Latzo, world's welterweight champion, place his crown in jeopardy for the first time tonight, when he meets Willie Harmon in a twelve-round battle at Dreamland park.

It will be a no-decision fight but there always is a possibility of a knockout, although few fight experts expect Harmon to turn the trick.

Garcia Severely Beaten By Kaplan

HARTFORD, Conn., June 29.—"Bullet Bobby" Garcia of Baltimore was a bruised and battered youth today, pounded to a pulp here last night by Kid Kaplan, featherweight king, in the first championship fight held here since Young Corbett knocked out Terrible Terry McGovern twenty-five years ago. Garcia was knocked out in the tenth round, the referee stopping the slaughter after one minute and fifty-four seconds of the round.

Young McCauliffe, the referee, stopped the fight after Garcia had been knocked down seven times. Garcia's legs were caving in, his eyes were glazed and his jaw sagged. Blood poured from several cuts on his face and his nose was smashed.

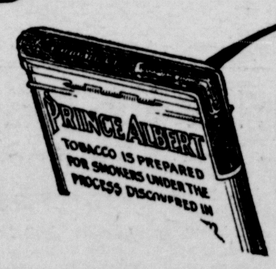

Ten thousand fans saw the bout. George Mulligan, the promoter, said today that he had lost $10,000 on the venture. Kaplan received $17,000 and Garcia $7,200.

De MOLAYS BOOK LAUGHLIN GREYS

Harding Chapter, DeMolay, nine will tangle with the Laughlin Greys tomorrow evening at Columbian park, the game beginning at 5:45.

The DeMolays are slated to clash with the K. of C. tossers this evening on the East End diamond. The game will start at 5:45.

That was a red-letter day *for me!*

THE day I discovered the tidy red tin was a red-letter day for me. Up until that time, I was fairly well satisfied with my smoking tobacco. At the suggestion of a friend, I tried a pipe-load of his Prince Albert. More to please him than for any other reason.

Little did I realize then what a big favor he was doing me. I'll never forget that experience. Here I was, a seasoned smoker (as I thought), learning something new about tobacco. Why, that very first taste won me. Still, I wasn't hasty. I tried another load to be certain.

That settled it. I bought a tidy red tin of P. A. right then and there. That was a good many years ago, but P. A. is still ministering to my smoke-taste, repeating my early experience many times a day. P. A. is so cool and sweet and fragrant, you just never tire of it.

No matter how hard you hit it up, P. A. never backfires. It is uniformly mild and mellow. Never bothers your throat or tongue. It is so genuinely friendly that you just go to it from morning to midnight. Cool contentment in every perfect puff. Get some P. A. today.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

PRINCE ALBERT

—no other tobacco is like it!

Pennant Rivals Clash Tonight In Crucial Game At Chester

Laughlin, Trailing By Half-Game, Will Try to Unseat Foes

Victory Will Practically Cinch Flag for Riley Crew; Defeat Will Put Them Half-game Behind McCoy Cohorts.

WHETHER Chester will reinforce its hold on first place or drop back to second in favor of Laughlin at the top, will be decided at this evening's City Industrial league clash at Smith Field, across the river, between the Rileyites and the clan de McCoy.

Whatever the outcome of this crucial contest, which a great throng will witness, Turk-Nash, in the offing just below, is ready to seize any loose opportunities to pass both contenders. The race, at this juncture, is sizzling in potentialities for these clubs.

Laughlin lost an opportunity to even the count in the won and lost column with Chester by dropping a game to K. T. K. last evening at Columbian park. The Newell outfit is just a half-game behind Chester and a full game ahead of Turk-Nash.

From all indications today, the Chester-Laughlin tilt this evening, with the first half pennant at stake, will draw the record crowd of the season.

The attraction, in fact, has proved too strong for even other league clubs to resist, as is seen in the action of K. T. K. and Victory Motors who have postponed their contest scheduled for this evening at Klondyke, until Thursday evening, so that they can take in the big tilt at Chester.

On Thursday the K. T. K.-Victory Motors combines will play a double header to make up for lost time, each game to go five innings.

Hap Jackson Blanks Newell At Klondyke

WITH four pitchers constituting his infield "Hap" Jackson, erstwhile twirler de luxe in these parts and present pilot of the K. T. K. City Industrial league team, elected himself to do the flinging against Laughlin at Columbian park last evening, which function he performed so well as to blank the West Virginians, 1 to 0.

Inning after inning he turned back the pennant gesturing contenders. He allowed but four scattered hits, fanned a quartet of swatters and walked but one. He was given faultless support up to the seventh when Jennings booted Babb's drive. Then Jackson bore down and fanned Bubin and Hunselman in turn. On the latter play, Digman, running for Babb, was doubled at second, ending the game.

Jackson got away to a seeming bad start when Crawford, after Jennings had thrown Parsons out at first, singled, and Finley walked. But he caused Herbert to hit just in front of the plate, enabling Gerace to throw him out at first, and himself came out of the danger zone by capturing Aufterheide's high fly.

Babb, doubling in the second, was stranded, as W. Watson, Hunselman and Suder went out in order in the second.

In the third, after two men had been retired, Finley singled and stole second, where he languished as Herbert fanned.

In the fourth and fifth his opponents went out in one-two, three order.

Crawford opened the sixth with a single, but inley, Herbert and Aufterheide went out at first right after each other. On Herbert's rap Jackson elected to toss the batter out at the first station rather than chance stopping the fleet-footed middle-gardener at third.

With Heckathorne on first, Jennings at short, Lysle at second and Stoffel on third, Simcox being absent and Jackson on the hilltop, the K. T. K. outfit was five-part pitcher strong. Lysle, accepting four. Heckathorne nine and Jennings four of five chances, played great ball. Stoffel did not have a fielding chance.

Jennings, with a triple, Lysle with a double and Stoffel and Jackson with singles contributed four of the five hits which their club made.

Suder, though losing, pitched good ball for Laughlin. He blanked K. T. K. for five innings after Jennings and Lysle in the first inning bunched a triple and a double for the only run of the contest. He fanned three, walked none, but hit one. In the second, third and sixth he retired his opponents in turn. But 22 men faced him during the game. He fielded splendidly and accepted six chances.

Gerace caught three innings before "Buck" Wilson's arrival. The latter went in to bat for the former in the fourth when Lysle, hit by the ball, was on second, had beaten out a bunt hit. None being out, there seemed a fine chance to score. But though the runners had reached second and third on a passed ball, Lysle was saught at the plate, W. Watson to Hunselman when the ball relayed from the catcher to Suder rolled behind him sufficiently far as to warrant the second sacker to take a chance at scoring. He was also forced at the plate in the first by Stoffel, Jennings to Hunselman.

W. Watson accepted three chances cleverly before retiring for a rest in the fifth as the result of a sprained ligament sustained in a previous contest. Aufderheide took his place at second and Bubin went to right.

Bubin, with the tying run on the bags, failed to hit safely in his only time at bat in the seventh.

Crawford led both clubs in hitting with two safeties in three chances. He also captured two field tries.

NASH DEFEATS WELLSVILLE

TURK-NASH SALES defeated Wellsville in a City Industrial league clash last evening at Patterson Field, 14 to 3, and is now threatening the two leaders, Chester and Newell.

Deshler twirled for the winners and held the visitors to seven hits and two runs in five innings. Captain E. Bayley succeeded him for the final inning and allowed one hit and one run.

Wolf, Wellsville moundsman, was touched for nine hits and ten runs in three and one third innings and Vess, succeeding him, allowed one swat and four runs in one and two-third frames.

James led the down river aggregation with the club, having three singles in four times at bat.

R. Pollock connected safely twice, both doubles, in a trio of batting chances.

D. Morgan, walking in the fourth after Schneidmiller had doubled and purloined third base, stole second, and forgetting momentarily that Schneidmiller was at the hot corner, tried to swipe third but was successful in getting back to the keystone sack safely.

Wellsville had but two assists during the engagement, Dustman, at short, and Catcher Vanaman getting one a piece.

Garcia was knocked out in the tenth round, the referee stopping the slaughter after one minute and fifty-four seconds of the round.

Young McCauliffe, the referee, stopped the fight after Garcia had been knocked down seven times. Garcia's legs were caving in, his eyes were glazed and his jaw sagged. Blood poured from several cuts on his face and his nose was smashed.

Ten thousand fans saw the bout. George Mulligan, the promoter, said today that he had lost $10,000 on the venture. Kaplan received $17,000 and Garcia $7,200.

De MOLAYS BOOK LAUGHLIN GREYS

Harding Chapter, DeMolay, nine will tangle with the Laughlin Greys tomorrow evening at Columbian park, the game beginning at 5:45.

The DeMolays are slated to clash with the K. of C. tossers this evening on the East End diamond. The game will start at 5:45.

That was a red-letter day for me!

THE day I discovered the tidy red tin was a red-letter day for me. Up until that time, I was fairly well satisfied with my smoking tobacco. At the suggestion of a friend, I tried a pipe-load of his Prince Albert. More to please him than for any other reason.

Little did I realize then what a big favor he was doing me. I'll never forget that experience. Here I was, a seasoned smoker (as I thought), learning something new about tobacco. Why, that very first taste won me. Still, I wasn't hasty. I tried another load to be certain.

That settled it. I bought a tidy red tin of P. A. right then and there. That was a good many years ago, but P. A. is still ministering to my smoke-taste, repeating my early experience many times a day. P. A. is so cool and sweet and fragrant, you just never tire of it.

No matter how hard you hit it up, P. A. never backfires. It is uniformly mild and mellow. Never bothers your throat or tongue. It is so genuinely friendly that you just go to it from morning to midnight. Cool contentment in every perfect puff. Get some P. A. today.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

PRINCE ALBERT

—no other tobacco is like it!

Please Read This Correction

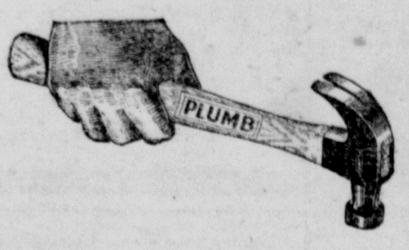

Some well meaning but misinformed persons have been circulating the report that we handle nothing but an expensive line of mechanics' tools.

This Is a Mistake

While it is true that we do carry a very complete line of finest quality tools, we are in a position to furnish them at very attractive prices and we also carry an equally complete stock of popular priced home hardware for the person who uses them only occasionally and does not insist upon the extra fine material, workmanship and design that every mechanic knows he will find in a YANKEE SCREW DRIVER or DRILL, a PLUMB, HAMMER or a DISSTON SAW.

IMPROVE SEWER DISTRICT NUMBER TWO BY CONSTRUCTING THEREIN A SANITARY SEWER OF HARD BURNED VITRIFIED SEWER PIPE.
WHEREAS, three-fourths of the owners of the foot frontage of property on Ephriam Street between the west line of Lot Number 2423 and Riley Avenue and on Riley Avenue between Ephriam Street and a point about six feet west of the intersection of Minerva, Riley and Huston Streets, and on Laura Street from Bank Street to Ephriam Street, have petitioned in writing for the improvement of said streets, between the points named, by constructing therein a sanitary sewer of hard burned vitrified sewer pipe, now, therefore
BE IT RESOLVED by the Council of the City of East Liverpool, State of Ohio: (Three-fourths of all the members elected thereto concurring):
SECTION I. That it is necessary to improve Sewer District Number Two and Ephriam Street from the west line of Lot No. 2423 to Riley Avenue and Riley Avenue from Ephriam Street to a point about six feet west of the intersection of Minerva, Riley and Huston Streets, and Laura Street from Bank Street to Ephriam Street, by constructing therein a sanitary sewer of hard burned vitrified sewer pipe, together with all necessary manholes, flush tanks, branch connections and doing everything else necessary or essential for the proper completion of said improvement in accordance with the plans, profiles, specifications and estimates hereinafter mentioned.
SECTION II. That the grade of said sewer shall be shown on said plans, profiles, and specifications which are now by reference made a part of this resolution.
SECTION III. That the plans, specifications, estimates and profiles of said proposed improvement herintofore prepared by the City Engineer and now on file in the Office of the Director of Public Service, where the same are open for public inspection, be and the same are hereby approved.
SECTION IV. That the whole cost of said improvement less one-fiftieth (1/50) thereof, shall be assessed by the foot front upon the following described lots and lands bounding and abutting upon the proposed improvement which said lots and lands are hereby determined to be specially benefitted by said improvement; and in the amount to be levied and assessed pursuant herto; and the cost of said improvement shall include the expense of the preliminary and other surveys, and of printing and publishing the notices, resolutions and ordinances required; and the serving of said notices, the cost of constructing, together with the interest on bonds issued in anticipation of the collection of deferred assessments and all other necessary expenditures.
SECTION V. That the assessments so to be levied shall be paid in five (5) annual installments, with interest on deferred payments, at the same rate as shall be borne by the bonds to be issued in anticipation of the levy and collection thereof; said rate not to exceed six (6) per cent per annum; provided, however, that the owner of any property assessed may, at his option, pay such assessment in cash within thirty (30) days after the passage of the assessing ordinance.
SECTION VI. That bonds of the City of East Liverpool, Ohio, shall be issued in anticipation of the levy and collection of assessments by installments and in an amount equal thereto.
SECTION VII. That the remainder of the entire cost of said improvement, not specially assessed, shall be paid by the issuance of bonds in the manner provided by law.
SECTION VIII. That said improvement is hereby declared to be conductive to and necessary for the public health, convenience and welfare.
SECTION IX. That this Resolution shall take effect and be in force from and after the earliest period allowed by law.
Passed this 17th day of June, 1926.
CHAS. E. HAYES,
President of Council, Pro Tem.
Attest:
G. ARTHUR SHONE,
Clerk of Council.
Approved this 17th day of June, 1926.
RALPH C. BENEDUM,
Mayor.

Resolution No. 364

DECLARING IT NECESSARY TO IMPROVE LAURA STREET FROM AMBROSE AVENUE TO BANK STREET AND EPHRIAM STREET FROM RILEY AVENUE TO MAIN BOULEVARD BY GRADING THE SAME.
WHEREAS, The owners of three-fourths of the foot frontage of property on Laura Street from Ambrose Avenue to Bank Street and on Ephriam Street from Riley Avenue to Maine Boulevard, have petitioned in writing for the improvement of said streets, between the points named, by grading the same, now, therefore
BE IT RESOLVED by the Council of the City of East Liverpool, State of Ohio: (Two-thirds of all the members elected thereto concurring)
SECTION I. That it is necessary to improve Laura Street from Ambrose Avenue to Bank Street and Ephraim Street from Riley Avenue to Main Boulevard by grading the same, and doing everything else necessary or essentinl for the proper completion of said improvement, in accordance with the plans, profiles, specifications and estimates heretofore prepared by the City Engineer which are hereby approved and adopted, and which are and shall remain on file in the office of the Director of Public Service, open to the inspection of all persons interested therein.
SECTION II. That the grade of said street as improved shall be the existing established grade.
SECTION III. That the whole cost of said improvement less one-fiftieth thereof, and the cost of intersections and less any amount or amounts required to be deducted by authority of Section 3822 of the General Code of Ohio, shall be assessed by the foot front upon the following described lands and lots, to-wit: All lots and lands bounding on or abutting upon the proposed improvement between and including the termini of said improvement, which said lots and lands are hereby determined to be specially benefitted by said improvement and in the amount to be levied and assessed, respectively, pursuant herto; and the cost of said improvement shall include the cost and expense of the preliminary and other surveys, and of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices, the cost of construction together with interest on notes and bonds issued in anticipation of the levy and collection of deferred assessments, and all other necessary expenditures.
SECTION IV. That the assessments so to be levied shall be paid in five annual installments, with interest on deferred payments, at the same rate as shall be borne by the bonds to be issued in anticipation of the collection thereof; said rate not to exceed six per cent per annum; provided that the owner of any property assessed may, at his option, pay such assessment in cash, within thirty days after the passage of the assessing ordinance.
SECTION V. That notes of the City of East Liverpool, Ohio, shall be issued in anticipation of the levy of special assessments or of the issuance of bonds; and bonds of the City of East Liverpool, Ohio, shall be issued in anticipation of the collection of special assessments by installments and in an amount equal thereto, or sufficient for the purpose.
SECTION VI. That the remainder of the entire cost and expense of said improvement, not specially assessed, shall be paid by the issuance of bonds, in the manner provided by law.
SECTION VII. That said improvement has been found by Council to be, and is hereby declared to be, conductive to and necessary for, the public health, convenience and welfare.
SECTION VIII. That this resolution shall take effect and be in force from and after the earliest period allowed by law.
Passed this 17 day of June, 1926.
C. E. HAYES,
President of Council Pro Tem.
Attest:
G. ARTHUR SHONE,
Clerk of Council.
Approved this 17th day of June, 1926.
RALPH C. BENEDUM,
Mayor.

Ordinance No. 2061

AN ORDINANCE TO PROHIBIT THE BUILDING OR ERECTING OF ANY OBJECT, STRUCTURE, DESCENDING STAIRWAY OR OBSTRUCTION TO PUBLIC TRAVEL OR TRAFFIC WITHIN THE BOUNDS OF ANY PUBLIC STREET, ALLEY OR SIDE-WALK WITHIN THE BUSINESS DISTRICT OF THE CITY OF EAST LIVERPOOL, OHIO.
BE IT ORDAINED by the Council of the City of East Liverpool, State of Ohio:
SECTION I. No object, structure, descending stairway or obstruction to public travel or traffic, shall be built or erected or permitted to continue within the bounds of any public street, alley or sidewalk within the business district of the City of East Liverpool, Ohio; unless said object, structure, descending stairway or obstruction to public travel or traffic has been built or erected by virtue of a franchise or permit legally granted.
SECTION II. That any object, structure, descending stairway or obstruction to public travel or traffic now within the bounds of any street, alley or side-walk within the business district of the City of East Liverpool, Ohio, shall be removed therefrom within five days after notice and on the order of the Board of Control of said City; unless said object, structure, descending stairway or obstruction to public travel or traffic has been built or erected by virtue of a franchise or permit legally granted.
SECTION III. It shall be the duty of the Board of Control of the City of East Liverpool, Ohio, to enforce the provisions of this ordinance.
SECTION IV. For the purpose of this ordinance the Business District of the City of East Liverpool, Ohio, shall mean that part of the City bounded as follows: Bounded on the east by a line extending from the City Limits at low water mark on the Ohio River, north along the east line of Walnut Street to what is known as the Horn Switch; thence in a westerly direction along the said Horn Switch to Dresden Avenue; thence north along the east line of Dresden Avenue to West Ninth Street; thence along the north line of West Ninth Street to Chestnut Street; thence in a southerly direction along the west line of Chestnut Street to West Eighth Street; thence east along the south line of West Eight Street to Jefferson Street; thence along the west line of Jefferson Street to low water mark on the Ohio River; thence east along the low water mark on the Ohio River to the Point of beginning.
SECTION V. Whoever violates any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and fined not less than the sum of $5.00 nor more than $25.00, and the cost of prosecution; and each and every day that such violation shall continue shall be deemed to constitute a separate and distinct offense.
SECTION VI. This Ordinance shall be deemed an emergency ordinance and shall go into immediate effect. Said emergency lies in the fact that buildings now in the course of construction in the city are being built and erected under such plans, specifications and designs as will later obstruct public travel and traffic with nithe bounds of said streets, alleys and sidewalks in the business district of said city.
Passed this 17 day of June, 1926.
C. E. HAYES,
President of Council, Pro Tem.
Attest:
G ARTHUR SHONE,
Clerk of Council.
Approved this 17th day of June, 1926.
RALPH C. BENEDUM,
Mayor,

Ordinance No. 2062

AN ORDINANCE AUTHORIZING AND DIRECTING THE DIRECTOR OF PUBLIC SERVICE TO ADVERTISE FOR SALE ESTATE THEREIN AND CONVEY THE REAL ESTATE THEREIN DESCRIBED.
BE IT ORDAINED by the Council of the City of East Liverpool, State of Ohio: (Two-thirds of all the members thereof concurring):
SECTION I. That the following described real estate belonging to the City of East Liverpool, Ohio, is no longer needed for any municipal purpose to-wit: Situated in the City of East Liverpool, County of Columbiana and State of Ohio, beginning at a point where the north-west line of Lot 4320 intersects with the south-west line of Thompson Avenue; thence southeastwardly along and parallel to the north-east line of Lot 4320 a distance of one hundred and sixty-four (164) feet; thence northeastwardly to the south-west line of the Reservoir Property; thence northwestwardly along the south-west line of the Reservoir Property a distance of one hundred and sixty-four (164) feet to the south-east line of Thompson Avenue; thence on and along the south-east line of Thompson Avenue to the point of beginning.
SECTION II. That the Director of Public Service be and he is hereby directed and authorized to advertise for sale the above described property, and to sell the same for cash to the highest and best bidder after advertisement according to law; and the Director of Public Service, the Mayor and the Auditor of said City are hereby authorized and directed to convey and transfer said property when sold as herein provided, upon payment in cash of the bid accepted by said Director; provided, however, said Director shall have and retain the right to, and is authorized to, reject any and all bids.
SECTION III. That this Ordinance shall take effect and be in force from and after the earliest period allowed by law.
Passed this 17 day of June, 1926.
CHAS. E. HAYES,
President of Council, Pro Tem.
Attest:
G. ARTHUR SHONE,
Clerk of Council.

Some well meaning but misinformed persons have been circulating the report that we handle nothing but an expensive line of mechanics' tools.

This Is a Mistake

While it is true that we do carry a very complete line of finest quality tools, we are in a position to furnish them at very attractive prices and we also carry an equally complete stock of popular priced home hardware for the person who uses them only occasionally and does not insist upon the extra fine material, workmanship and design that every mechanic knows he will find in a YANKEE SCREW DRIVER or DRILL, a PLUMB, HAMMER or a DISSTON SAW.

IMPROVE SEWER DISTRICT NUMBER TWO BY CONSTRUCTING THEREIN A SANITARY SEWER OF HARD BURNED VITRIFIED SEWER PIPE.
WHEREAS, three-fourths of the owners of the foot frontage of property on Ephriam Street between the west line of Lot Number 2423 and Riley Avenue and on Riley Avenue between Ephriam Stret and a point about six feet west of the intersection of Minerva, Riley and Huston Streets, and on Laura Street from Bank Street to Ephriam Street, have petitioned in writing for the improvement of said streets, between the points named, by constructing therein a sanitary sewer of hard burned vitrified sewer pipe, now, therefore
BE IT RESOLVED by the Council of the City of East Liverpool, State of Ohio: (Three-fourths of all the members elected thereto concurring)
SECTION I. That it is necessary to improve Sewer District Number Two and Ephriam Street from the west line of Lot No. 2423 to Riley Avenue and Riley Avenue from Ephriam Street to a point about six feet west of the intersection of Minerva, Riley and Huston Streets, and Laura Street from Bank Street to Ephriam Street, by constructing therein a sanitary sewer of hard burned vitrified sewer pipe, together with all necessary manholes, flush tanks, branch connections and doing everything else necessary or essential for the proper completion of said improvement in accordance with the plans, profiles, specifications and estimates hereinafter mentioned.
SECTION II. That the grade of said sewer shall be shown on said plans, profiles, and specifications which are now by reference made a part of this resolution.
SECTION III. That the plans, specifications, estimates and profiles of said proposed improvement herintofore prepared by the City Engineer and now on file in the Office of the Director of Public Service, where the same are open for public inspection, be and the same are hereby approved.
SECTION IV. That the whole cost of said improvement less one-fiftieth (1/50) thereof, shall be assessed by the foot front upon the following described lots and lands bounding and abutting upon the proposed improvement which said lots and lands are hereby determined to be specially benefitted by said improvement; and in the amount to be levied and assessed pursuant herto; and the cost of said improvement shall include the expense of the preliminary and other surveys, and of printing and publishing the notices, resolutions and ordinances required; and the serving of said notices, the cost of constructing, together with the interest on bonds issued in anticipation of the collection of deferred assesments and all other necessary expenditures.
SECTION V. That the assessments so to be levied shall be paid in five (5) annual installments, with interest on deferred payments, at the same rate as shall be borne by the bonds to be issued in anticipation of the levy and collection thereof; said rate not to exceed six (6) per cent per annum; provided, however, that the owner of any property assessed may, at his option, pay such assessment in cash within thirty (30) days after the passage of the assessing ordinance.
SECTION VI. That bonds of the City of East Liverpool, Ohio, shall be issued in anticipation of the levy and collection of assessments by installments and in an amount equal thereto.
SECTION VII. That the remainder of the entire cost of said improvement, not specially assessed, shall be paid by the issuance of bonds in the manner provided by law.
SECTION VIII. That said improvement is hereby declared to be conductive to and necessary for the public health, convenience and welfare.
SECTION IX. That this Resolution shall take effect and be in force from and after the earliest period allowed by law.
Passed this 17th day of June, 1926.
CHAS. E. HAYES,
President of Council, Pro Tem.
Attest:
G. ARTHUR SHONE,
Clerk of Council.
Approved this 17th day of June, 1926.

Resolution No. 364

DECLARING IT NECESSARY TO IMPROVE LAURA STREET FROM AMBROSE AVENUE TO BANK STREET AND EPHRIAM STREET FROM RILEY AVENUE TO MAIN BOULEVARD BY GRADING THE SAME.
WHEREAS, The owners of three-fourths of the foot frontage of property on Laura Street from Ambrose Avenue to Bank Street and on Ephriam Street from Riley Avenue to Maine Boulevard, have petitioned in writing for the improvement of said streets, between the

XII— Auctions—Legals

91— Legal Notices

points named, by grading the same, now, therefore
BE IT RESOLVED by the Council of the City of East Liverpool, State of Ohio: (Two-thirds of all the members elected thereto concurring)
SECTION I. That it is necessary to improve Laura Street from Ambrose Avenue to Bank Street and Ephraim Street from Riley Avenue to Main Boulevard by grading the same, and doing everything else necessary or essentinl for the proper completion of said improvement, in accordance with the plans, profiles, specifications and estimates heretofore prepared by the City Engineer which are hereby approved and adopted, and which are and shall remain on file in the office of the Director of Public Service, open to the inspection of all persons interested therein.
SECTION II. That the grade of said street as improved shall be the existing established grade.
SECTION III. That the whole cost of said improvement less one-fiftieth thereof, and the cost of intersections and less any amount or amounts required to be deducted by authority of Section 3822 of the General Code of Ohio, shall be assessed by the foot front upon the following described lands and lots, to-wit: All lots and lands bounding on or abutting upon the proposed improvement between and including the termini of said improvement, which said lots and lands are hereby determined to be specially benefitted by said improvement and in the amount to be levied and assessed, respectively, pursuant herto; and the cost of said improvement shall include the cost and expense of the preliminary and other surveys, and of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices, the cost of construction together with interest on notes and bonds issued in anticipation of the levy and collection of deferred assessments, and all other necessary expenditures.
SECTION IV. That the assessments so to be levied shall be paid in five annual installments, with interest on deferred payments, at the same rate as shall be borne by the bonds to be issued in anticipation of the collection thereof; said rate not to exceed six per cent per annum; provided that the owner of any property assessed may, at his option, pay such assessment in cash, within thirty days after the passage of the assessing ordinance.
SECTION V. That notes of the City of East Liverpool, Ohio, shall be issued in anticipation of the levy of special assessments or of the issuance of bonds; and bonds of the City of East Liverpool, Ohio, shall be issued in anticipation of the collection of special assessments by installments and in an amount equal thereto, or sufficient for the purpose.
SECTION VI. That the remainder of the entire cost and expense of said improvement, not specially assessed, shall be paid by the issuance of bonds, in the manner provided by law.
SECTION VII. That said improvement has been found by Council to be, and is hereby declared to be, conductive to and necessary for, the public health, convenience and welfare.
SECTION VIII. That this resolution shall take effect and be in force from and after the earliest period allowed by law.
Passed this 17 day of June, 1926.

Ordinance No. 2061

AN ORDINANCE TO PROHIBIT THE BUILDING OR ERECTING OF ANY OBJECT, STRUCTURE, DESCENDING STAIRWAY OR OBSTRUCTION TO PUBLIC TRAVEL OR TRAFFIC WITHIN THE BOUNDS OF ANY PUBLIC STREET, ALLEY OR SIDE-WALK WITHIN THE BUSINESS DISTRICT OF THE CITY OF EAST LIVERPOOL, OHIO.
BE IT ORDAINED, by the Council of the City of East Liverpool, State of Ohio:
SECTION I. No object, structure, descending stairway or obstruction to public travel or traffic, shall be built or erected or permitted to continue within the bounds of any public street, alley or sidewalk within the business district of the City of East Liverpool, Ohio; unless said object, structure, descending stairway or obstruction to public travel or traffic has been built or erected by virtue of a franchise or permit legally granted.
SECTION II. That any object, structure, descending stairway or obstruction to public travel or traffic now within the bounds of any street, alley or side-walk within the business district of the City of East Liverpool, Ohio, shall be removed therefrom within five days after notice and on the order of the Board

XII— Auctions—Legals

of Control of said City; unless said object, structure, descending stairway or obstruction to public travel or traffic has been built or erected by virtue of a franchise or permit legally granted.
SECTION III. It shall be the duty of the Board of Control of the City of East Liverpool, Ohio, to enforce the provisions of this ordinance.
SECTION IV. For the purpose of this ordinance the Business District of the City of East Liverpool, Ohio, shall mean that part of the City bounded as follows: Bounded on the east by a line extending from the City Limits at low water mark on the Ohio River, north along the east line of Walnut Street to what is known as the Horn Switch; thence in a westerly direction along the said Horn Switch to Dresden Avenue; thence north along the east line of Dresden Avenue to West Ninth Street; thence along the north line of West Ninth Street to Chestnut Street; thence in a southerly direction along the west line of Chestnut Street to West Eighth Street; thence east along the south line of West Eight Street to Jefferson Street; thence along the west line of Jefferson Street to low water mark on the Ohio River; thence east along the low water mark on the Ohio River to the Point of beginning.
SECTION V. Whoever violates any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and fined not less than the sum of $5.00 nor more than $25.00, and the cost of prosecution; and each and every day that such violation shall continue shall be deemed to constitute a separate and distinct offense.
SECTION VI. This Ordinance shall be deemed an emergency ordinance and shall go into immediate effect. Said emergency lies in the fact that buildings now in the course of construction in the city are being built and erected under such plans, specifications and designs as will later obstruct public travel and traffic with nithe bounds of said streets, alleys and sidewalks in the business district of said city.

Ordinance No. 2062

AN ORDINANCE AUTHORIZING AND DIRECTING THE DIRECTOR OF PUBLIC SERVICE TO ADVERTISE FOR SALE ESTATE THEREIN AND CONVEY THE REAL ESTATE THEREIN DESCRIBED.
BE IT ORDAINED by the Council of the City of East Liverpool, State of Ohio: (Two-thirds of all the members thereof concurring)
SECTION I. That the following described real estate belonging to the City of East Liverpool, Ohio, is no longer needed for any municipal purpose to-wit: Situated in the City of East Liverpool, County of Columbiana and State of Ohio, beginning at a point where the north-west line of Lot 4320 intersects with the south-west line of Thompson Avenue; thence southeastwardly along and parallel to the north-east line of Lot 4320 a distance of one hundred and sixty-four (164) feet; thence northeastwardly to the south-west line of the Reservoir Property; thence northwestwardly along the south-west line of the Reservoir Property a distance of one hundred and sixty-four (164) feet to the south-east line of Thompson Avenue; thence on and along the south-east line of Thompson Avenue to the point of beginning.
SECTION II. That the Director of Public Service be and he is hereby directed and authorized to advertise for sale the above described property, and to sell the same for cash to the highest and best bidder after advertisement according to law; and the Director of Public Service, the Mayor and the Auditor of said City are hereby authorized and directed to convey and transfer said property when sold as herein provided, upon payment in cash of the bid accepted by said Director; provided, however, said Director shall have and retain the right to, and is authorized to, reject any and all bids.
SECTION III. That this Ordinance shall take effect and be in force from and after the earliest period allowed by law.
Passed this 17 day of June, 1926.

LAUGHLIN MEETS CHESTER TONIGHT

Newell baseball fans in large numbers plan to attend the game tonight between Homer Laughlin China and Chester teams of the Industrial league which is scheduled to be staged on Smith field, Chester.

Both the West Virginia clubs are in a hard fight for the premier of the first half of the season and the result of the contest tonight will have an important bearing on the final standing of the respective clubs.

Leaves for Convention.

Number of Hancock county school teachers left yesterday for Philadelphia where they will attend the annual convention of the National Educational association. Sessions will continue during the remainder of the week.

Many Attend Lawn Fete.

Lawn fete held last night under the auspices of the Ladies Aid and Missionary society of the First Presbyterian church on the lot between Fourth and Fifth in Washington street was largely attended.

MINING INSTITUTE PROGRAM FORMED

The tentative program for the meeting of the West Virginia Coal Mining Institute to be held at Bluefield July 13 was given out at the state department of mines and mining yesterday. It includes the reading of papers by some of the most prominent mining men and engineers in the country. The meeting will be held in the West Virginia hotel beginning at 10:30 a. m., July 13, and concluding the day with a banquet at the hotel in the evening, starting at 7:30 o'clock.

The following day, those attending the meeting will be taken on an inspection trip to Shamokin mine of the Pocahontas Fuel company to see the famous coloder machine in operation.

The first paper will be read by L. W. Brown, district mine inspector of West Virginia on "Mine Management and Its Relation to Safety and Efficiency."

Prayer Services.

Prayer meeting services will be held tomorrow evening in the various churches of the city. Devotionals will be in charge of the respective pastors.

Court Term to Close.

June term of the Hancock county circuit court will close this week. Several more cases remain to be disposed of before Judge J. Harold Brennan.

Due to business conditions five large tine mines of Bolivia have shut down.

The Riga-Strand Railway of Belgium is to be electrified.

PITTSBURGH WORLD CHAMPS PAY COMPLIMENT TO MIKE MARTIN

Declare Washington's Trainer a Wizard Liniment Mixer; Beats the World.

READ WHAT SERIES STARS SAY ABOUT HIS LINIMENT

Fans who feel old, achy, lame, stiff, rheumatic and sore, should get hold of the World Series Heroes, Oldham, Wright, Morrison, Meadows, Rawlings, Aldridge, Kremer, Moore or Barnhart, who helped battle Pittsburgh to victory and ask them what is good for aches and pains. Or, ask the Pittsburgh Trainer, George Aston. He knows.

Right away you'd learn, if you don't know it already, that there is a magic liniment made in Washington by the Senator's Trainer which is used in the big league because it knocks out such ailments quicker and better than anything on earth.

Every World Champ listed above endorses publicly this same liniment. They are unanimous about it—just like Ty Cobb, Walter Johnson, Sisler and scores of others are. It is a cinch Pittsburgh wouldn't use Mike Martin's Liniment if it wasn't the best money can buy because money is no object to a chap in their game.

Mike Martin, Trainer of Clark Griffith's bunch of stars, makes it. He backs every bottle with his signature and reputation. The best stuff money can buy goes into it—results are naturally better and good gosh but how anybody can go wrong with a remedy endorsed like it is? Throw away that foul smelling bottle of blistering liniment. Chuck into the ash can old fashioned stuff you have around the house and invest a few cents in a bottle of Mike Martin's Liniment. A good rub tonight and you feel like a fighting kid, ready to run a foot race in the morning. Carnahan's 3 Drug Stores and all good druggists have Mike Martin's Liniment with his personal directions on each bottle.
